Form 3975 sent to the USACRC. A report will not be delayed for adjudication or commander’s action beyond 45 days.

(2) One copy retained in the Provost Marshal/Director of Emergency Services’ files.

(3) One copy forwarded through the field grade commander to the immediate commander of each subject or organization involved in an offense.

(d) **Changing reports for unfounded offenses.** If an offense is determined to be unfounded, after the case has been forwarded to USACRC, the following actions will be completed:

1. A supplemental DA Form 3975, using the same MPR number and USACRC control number will be submitted stating the facts of the subsequent investigation and that the case is unfounded.

2. A copy of the supplemental DA Form 3975 will be provided to those agencies or activities that received a copy of the completed DA Form 3975 at the time of submission to USACRC and to the commander for action.

§ 635.18 Identifying criminal incidents and subjects of investigation.

(a) An incident will not be reported as a founded offense unless adequately substantiated by police investigation. A person or entity will be reported as the subject of an offense on DA Form 3975 when credible information exists that the person or entity may have committed a criminal offense. The decision to title a person is an operational rather than a legal determination. The act of titling and indexing does not, in and of itself, connote any degree of guilt or innocence; but rather, ensures that information in a report of investigation can be retrieved at some future time for law enforcement and security purposes. Judicial or adverse administrative actions will not be based solely on the listing of an individual or legal entity as a subject on DA Form 3975.

(b) A known subject will be reported to the USACRC when the suspected offense is punishable by confinement of six months or more. The COPS MPRS will be used to track all other known subjects. A subject can be a person, corporation, or other legal entity, or organization about which credible information exists that would cause a trained law enforcement officer to presume that the person, corporation, other legal entity or organization may have committed a criminal offense.

(c) When investigative activity identifies a subject, all facts of the case must be considered. When a person, corporation, or other legal entity is entered in the subject block of the DA Form 3975, their identity is recorded in DA automated systems and the DCII. Once entered into the DCII, the record can only be removed in cases of mistaken identity or if an error was made in applying the credible information standard at the time of listing the entity as a subject of the report. It is emphasized that the credible information error must occur at the time of listing the entity as the subject of the MPR rather than subsequent investigation determining that the MPR is unfounded. This policy is consistent with DOD reporting requirements. The Director, USACRC enters individuals from DA Form 3975 into the DCII.

§ 635.19 Offense codes.

(a) The offense code describes, as nearly as possible, the complaint or offense by using an alphanumeric code. Appendix C of AR 190–45 lists the offense codes that are authorized for use within the Army. This list will be amended from time to time based on new reporting requirements mandated by legislation or administrative procedures. ACOM, ASCC, DRU commanders and installation Provost Marshals/Directors of Emergency Services will be notified by special letters of instruction issued in numerical order from HQDA, Office of the Provost Marshal General (DAPM–MPD–LE) when additions or deletions are made to the list. The COPS MPRS module will be used for all reporting requirements.

(b) ACOM, ASCC, DRU and installations may establish local offense codes in category 2 (ACOM, ASCC, DRU and installation codes) for any offense not otherwise reportable. Locally established offense codes will not duplicate, or be used as a substitute for any offense for which a code is contained for other reportable incidents. Category 2
incidents are not reported to the Director, USACRC or the DOJ. If an offense occurs meeting the reporting description contained in Appendix C of AR 190-45, that offense code takes precedence over the local offense code. Local offense codes may be included, but explained in the narrative of the report filed with the USACRC. Use the most descriptive offense code to report offenses.

(c) Whenever local policy requires the Provost Marshal/Director of Emergency Services to list the subject’s previous offenses on DA Form 3975, entries will reflect a summary of disposition for each offense, if known.

§ 635.20 Military Police Codes (MPC).

(a) MPCs identify individual Provost Marshal Offices/Directorates of Emergency Services. The Director, USACRC will assign MPCs to Provost Marshal Offices/Directorates of Emergency Services.

(b) Requests for assignment of a MPC will be included in the planning phase of military operations, exercises, or missions when law enforcement operations are anticipated. The request for a MPC will be submitted as soon as circumstances permit, without jeopardizing the military operation to HQDA, Office of the Provost Marshal General (DAPM–MPD–LE). Consistent with security precautions, ACOM, ASCC and DRU will immediately inform HQDA, Office of the Provost Marshal General (DAPM–MPD–LE) when assigned or attached military police units are notified for mobilization, relocation, activation, or inactivation.

(c) When a military police unit is alerted for deployment to a location not in an existing Provost Marshal/Director of Emergency Services’ operational area, the receiving ACOM, ASCC, DRU or combatant commander will request assignment of an MPC number from HQDA, Office of the Provost Marshal General (DAPM–MPD–LE) providing the area of operations does not have an existing MPC number. The receiving ACOM, ASCC, DRU or Unified Combatant Commander is further responsible for establishing an operational COPS system for the deployment.

§ 635.21 USACRC control numbers.

(a) Case numbers to support reporting requirements will be assigned directly to each installation via COPS. To ensure accuracy in reporting criminal incidents, USACRC control numbers will be used only one time and in sequence. Every MPR sent to the USACRC will have a USACRC control number reported. Violation of this policy could result in significant difficulties in tracing reports that require corrective action.

(b) If during the calendar year ACOM, ASCC or DRU reassigns control numbers from one installation to another, HQDA, Office of the Provost Marshal General (DAPM–MPD–LE) will be notified. The Director of USACRC will receive an information copy of such notification from ACOM, ASCC or DRU’s law enforcement operations office.

(c) USACRC control numbers will be issued along with each newly assigned MPC.

(d) When the deploying unit will be located in an area where there is an existing Provost Marshal/Director of Emergency Services activity, the deploying unit will use the MPC number and USACRC control numbers of the host Provost Marshal/Director of Emergency Services.

§ 635.22 Reserve component, U.S. Army Reserve, and Army National Guard personnel.

(a) When in a military duty status pursuant to official orders (Federal status for National Guard) Reserve and National Guard personnel will be reported as active duty. Otherwise they will be reported as civilians.

(b) The DA Form 3975 and DA Form 4833 will be forwarded directly to the appropriate Regional Readiness Command or the Soldier’s division commander. A copy of the DA Form 3975 will also be forwarded to Chief, Army Reserve/Commander, United States Army Reserve Command, AFRC–JAM, 1404 Deshler Street, Fort McPherson, GA 30330. The forwarding correspondence will reflect this regulation as the authority to request disposition of the individual.
