§ 643.31 Policy—Flood hazards.

Each Determination of Availability Report will include an evaluation of the flood hazards, if any, relative to the property involved in the proposed outgrant action, pursuant to the provisions of Executive Order 11296, August 10, 1966. DA will not authorize the use of lands in flood plains for habitation purposes or any other use which may be uneconomical, hazardous, or unnecessary.

§ 643.32 Policy—Endangered species.

The Endangered Species Act of 1973 (16 U.S.C. 1531 et seq.), declares the intention of Congress to conserve threatened and endangered species of fish, wildlife and plants, and the ecosystems on which those species depend. The Act provides that Federal agencies must utilize their authorities in furtherance of its purposes by carrying out programs for the conservation of endangered or threatened species, and by taking such necessary action to insure that any action authorized by that agency will not jeopardize the continued existence of such endangered or threatened species or result in the destruction or modification of habitat of such species which is determined by the Secretaries of the Departments of Commerce or Interior, as appropriate, to be critical.

§ 643.33 Policy—Coastal zone management.

(a) The Coastal Zone Management Act of 1972 (16 U.S.C. 1456), directs all Federal agencies conducting or supporting activities directly affecting the coastal zone of a state, to conduct or support those activities in a manner which is, to the maximum extent practicable, consistent with approved state management programs. The opinion of the Attorney General of the United States is that Federal lands are excluded from mandatory compliance with the state’s coastal zone management program, regardless of the type of Federal jurisdiction exercised thereover. However, it is Army policy that its activities will comply, to the extent practicable, with a state’s approved coastal zone management program.

(b) Applications for grants for use of real estate affecting land or water uses in the coastal zone of a state will include a certification that the proposed activity complies with the state’s approved program and that applicant’s activity will be conducted in a manner consistent with the law.

(c) An activity affecting land or water uses in the coastal zone of a state which will not be conducted in a manner consistent with an approved state program will be exempted from this certification requirement only if the Secretary of Commerce, on his own initiative or upon appeal of the applicant, determines that the activity is consistent with the objectives of the Coastal Zone Management Act or is otherwise necessary in the interest of national security.

§ 643.34 Policy—Public utilities on installations.

(a) Contracting officers, with the approval of Installation Commanders, are authorized to permit the extension of public utilities upon installations, as part of the contract for furnishing to the Government electricity, water, and gas, where such extension is necessary solely to serve the installation and not in part to serve private consumers outside the installation. The above authorization is covered by the provisions of the contract for purchase of utilities services contained in Armed Services Procurement Regulations.

(b) Contracts or agreements for the sale of surplus utilities services as authorized by law or regulations will include similar authority for the purchaser to install and maintain such facilities on the installation as necessary in connection with the sale of such utilities services, in accordance with AR 420–41 and AR 105–23.

§ 643.35 Policy—Mineral leasing on lands controlled by the Department of the Army.

(a) Acquired lands—(1) General. The Coal Leasing Amendments Act of 1975, hereinafter referred to as the act, amended the Mineral Leasing Act for Acquired Lands (30 U.S.C. 352) and permits the Secretary of Interior (SI), with the consent of the Secretary of
Department of the Army, DoD

§ 643.39

Defense, to lease deposits of coal, phosphate, oil, oil shale, gas, sodium, potassium and sulfur which are within acquired lands of the United States which have been set aside for military or naval purposes. The consent requirement is to insure the adequate utilization of the lands for the primary purposes for which they have been acquired or are being administered. Leasing is subject to the same conditions as contained in the leasing provisions of the mineral leasing laws (see 30 U.S.C. 351). Authority in this paragraph does not permit leasing of mineral deposits lying in tidelands, submerged lands, nor in certain coastal waters.

(2) Notwithstanding the generality of the foregoing, leasing of coal and lignite deposits is subject to special restrictions. The act permits such leasing, provided the Secretary of Defense concurs, only to a governmental entity (including any corporation primarily acting as an agency or instrumentality of a State) which provides electrical energy for sale to the public if such governmental entity is located in the State in which such lands are located.

(b) Public domain lands. Deposits of coal, phosphate, sodium, potassium, oil, oil shale, native asphalt, solid and semi-solid bitumen, bituminous rock and gas located on public domain lands under the jurisdiction of the Department of the Army may be leased by the SI pursuant to 30 U.S.C. 181 et seq. with the concurrence of the Secretary of the Army.

§ 643.36 Policy—Interim leasing of excess properties to facilitate economic readjustment.

Interim outleasing of excess real property is authorized to lessen the economic impact on the local community, caused by an installation inactivation, closure or realignment. These outleases may be granted to State or local governmental bodies in consideration for care, custody, management and routine maintenance. Income derived from the use of the property in excess of the cost of care, custody, management and routine maintenance will be covered into the Treasury as miscellaneous receipts. The outleasing will generally conform to an economic recovery plan outlined by the Office of Economic Adjustment, OASD (I&L), will require coordination with the DASD (I&H) and concurrence by the GSA. Leases are limited to one year and must be revocable by the Government on 30 days notice.

§ 643.37 Policy—Requests to search for treasure trove.

Section 3755 of the Revised Statutes (40 U.S.C. 310) authorizes the Administrator of the GSA to make such contracts and provisions as he deems necessary to protect the interests of the Government in searches for and sales of treasure trove. All searches and sales authorized by GSA under this statute are subject to the Act for the Preservation of American Antiquities (16 U.S.C. 432) and will only be permitted after consent of the Department of the Army has been obtained.

§ 643.38 Policy—Utility rates.

(a) Rates for utilities furnished by the Army will be in accordance with AR 420–41.

(b) Payments for utilities or services furnished will be deposited to the Treasurer of the United States to the credit of the appropriation from which the costs of furnishing them was paid. Collection for utilities and services furnished by the Army is the responsibility of the officer having immediate jurisdiction over the property in accordance with AR 37–19 and AR 37–27.

(a) Title 10 U.S.C. 2670, authorizes the SA to grant revocable licenses permitting the erection and maintenance by the American National Red Cross on military reservations, of buildings suitable for the storage of supplies for the aid of the civilian population in case of serious national disaster, or the occupation for that purpose of buildings erected by the United States.

(b) Installation Commanders will furnish office space and quarters for Red Cross activities and personnel when assigned to duty with the Armed Forces in accordance with AR 930–5.
