Government is liable. The Government will restore the property to the condition existing at the time of first entry by the Government, except for reasonable and ordinary wear and tear, damage due to acts of God, or circumstances over which the Government has no control. The cost of restoration or settlement in lieu thereof will be limited as outlined in this subpart.

§ 644.466 Release and record of physical restoration.

The responsible DE, upon completion of restoration, will make every effort to obtain a release of further claims for damages. A complete record of all items of restoration and the cost will be kept for use at the final hearing in condemnation or in any collateral proceedings, in the event a release is not obtained. Where litigation is anticipated, photographic evidence of work performed will be obtained.

§ 644.467 Condition reports.

Survey and inspection reports covering the real estate, and inventory and condition reports covering the personal property located therein, made prior to first entry by the Government under condemnation proceeding, will be compared with the condition shown by similar reports made when the using service vacates the property.

§ 644.468 Settlement of claims.

Claims for damages or restoration filed in condemnation cases, when practicable, will be settled in the condemnation proceeding to avoid separate suit by the owner to recover compensation to which he may be entitled. In such cases request will be made of DAEN-REA-C to have the proceeding amended to enlarge the issues to include restoration.
