Subpart I—Reservists—Continued Treatment, Return to Limited Duty, Separation, or Retirement for Physical Disability

§ 728.101 General.

(a) *Notice of eligibility (NOE)*. While the NOE is basically a document that substantiates entitlement to a disability benefit equal to pay and allowances, it may be accepted when required to substantiate eligibility for benefits other than pay and allowances, *i.e.*, treatment in USMTFs under the provisions of title 10, United States Code.

(b) *Physical disability benefits*. The following, excerpted and paraphrased

from SECNAVINST 1770.3, paragraph 10, is applicable when a reservist may be entitled to physical disability benefits.

(1) When a notice of eligibility (NOE) has been issued to a member hospitalized in a naval MTF and the attending physician is of the opinion that recovery is not anticipated or that the reservist is not expected to be fit for return to full duty within a reasonable period, a medical board will be convened and the case managed the same as that of a Regular member. Assure that a copy of the NOE accompanies the medical board report forwarded to the Central Physical Evaluation Board.
