§ 732.16 Emergency care requirements.

Only in a bona fide emergency will medical, maternity, or dental services be obtained under this part by or on behalf of eligible personnel without prior authority as outlined below.

(a) Medical or dental care. A situation where the need or apparent need for medical or dental attention does not permit obtaining approval in advance.

(b) Maternity care. When a condition commences or exacerbates during pregnancy in a manner that a delay, caused by referral to a USMTF or USTF, would jeopardize the welfare of the mother or unborn child, the following constitutes indications for admission to or treatment at a non-Federal facility:

1. Medical or surgical conditions which would constitute an emergency in the nonpregnant state.
2. Spontaneous abortion, with first trimester hemorrhage.
3. Premature or term labor with delivery.
4. Severe pre-eclampsia.
5. Hemorrhage, second and third trimester.
7. Premature rupture of membranes with prolapse of the umbilical cord.
8. Obstetric sepsis.
9. Any other obstetrical condition that, by definition, constitutes an emergency circumstance.

§ 732.17 Nonemergency care requirements.

Members are cautioned not to obtain nonemergency care from civilian sources without prior approval from the cognizant adjudication authority in §732.20. Obtaining nonemergency care, other than as specified herein, without documented prior approval may result in denial by the Government of responsibility for claims arising from such care.

(a) Individual prior approval. (1) Submit requests for prior approval of nonemergency care (medical, dental, or maternity) from non-Federal sources to the adjudication authority (§732.20) serving the geographic area where care is to be obtained. When the requirements of §732.14(d)(2) are met and spectacles have been obtained, request after-the-fact approval per this paragraph.

(2) Submit requests on a NAVMED 6320/10. Statement of Civilian Medical/Dental Care, with blocks 1 through 7 and 19 through 25 completed. Assistance in completing the NAVMED 6320/10 can be obtained from the health benefits advisor (HBA) at the nearest USMTF.

(3) Upon receipt, the adjudication authority will review the request and, if necessary, forward it to the appropriate chief of service with an explanation of non-Federal care regulations pertaining to the request. The chief of service will respond to the request within 24 hours. The adjudication authority will then complete blocks 26 and 27, and return the original of the approved/disapproved NAVMED 6320/10 to the member.

(b) Blanket prior approval. (1) Recruiting offices and other activities far removed from USMTFs, uniformed services dental treatment facilities (USDTFs), designated USTFs, and VA facilities may request blanket approval for civilian medical and dental care of assigned active duty personnel. Letter requests should be submitted to the adjudication authority (§732.20) assigned responsibility for the geographic area of the requestor.

(2) With full realization that such blanket approval is an authorization to obligate the Government without individual prior approval, adjudication authorities will ensure that:

(i) Each blanket approval letter specifies a maximum dollar amount allowable in each instance of care.
(ii) The location of the activity receiving blanket approval authority is clearly delineated.
(iii) Travel distance and time required to reach the nearest USMTF, USDTF, designated USTF, or VA facility have been considered.
(iv) Certain conditions are specifically excluded, e.g., psychiatric care and elective surgical procedures. These conditions will continue to require individual prior approval.
(v) COMNAVMEDCOM (MEDCOM-333) is made an information addressee on each letter of authorization.
