§ 855.15 Detaining an aircraft.

(a) An installation commander in the United States, its territories, or its possessions may choose to detain an aircraft for an intentional unauthorized landing until:

(i) The unauthorized landing has been reported to the FAA, HQ USAF/XOABC, and the appropriate US Attorney.

(ii) All applicable charges have been paid.

(b) If the installation commander wishes to release the aircraft before the investigation is completed, he or she must obtain bond, promissory note, or other security for payment of the highest charge that may be assessed.

(c) The pilot and passengers will not be detained longer than is necessary for identification, although they may be permitted to remain in a lounge or other waiting area on the base at their request for such period as the installation commander may determine (normally not to exceed close of business hours at the home office of the entity owning the aircraft, if the operator does not own the aircraft). No person, solely due to an intentional unauthorized landing, will be detained involuntarily after identification is complete without coordination from the appropriate US Attorney, the MAJCOM, FOA, or DRU, and HQ USAF/XOABC.

§ 855.16 Parking and storage.

The time that an aircraft spends on an installation is at the discretion of the installation commander or a designated representative but should be linked to the purpose of use authorized. Parking and storage may be permitted on a nonexclusive, temporary, or intermittent basis, when compatible with military requirements. At those locations where there are Air Force aeroclubs, parking and storage privileges may be permitted in the area designated for aeroclub use without regard for the purpose of use authorized, if consistent with aeroclub policies. Any such permission may be revoked upon notice, based on military needs and the installation commander’s discretion.

§ 855.17 Fees for landing, parking, and storage.

(a) Landing, parking, and storage fees (Tables 3 and 4 to this part) are determined by aircraft maximum gross takeoff weight (MGTOW). All fees are normally due and collectable at the time of use of the Air Force airfield. DD Form 1131, Cash Collection Voucher, is used to deposit the fees with the base accounting and finance officer. In some instances, it may be necessary to bill the user for charges incurred.

(b) Landing fees are not charged when the aircraft is operating in support of official Government business or for any purpose, the cost of which is subject to reimbursement by the US Government. Parking and Storage Fees (Table 4 to this part) are charged if an
