§ 385.19 Environmental and economic equity.

(a) Project Management Plans and Program Management Plans shall include information concerning any environmental and economic equity activities to be undertaken during the implementation of the project or activity.

(b) As required by applicable laws and policies, the Corps of Engineers and non-Federal sponsors shall consider and evaluate environmental justice issues and concerns in the implementation of projects.

(c) During the implementation of the Plan, through appropriate means, consistent with section 601(k) of WRDA 2000 and other provisions of Federal law, the Corps of Engineers and non-Federal sponsors shall provide information to socially and economically disadvantaged individuals and communities, including individuals with limited English proficiency, about potential or anticipated contracting opportunities that are expected to result from implementation of the Plan.

(d) The District Engineer shall ensure that small business concerns owned and controlled by socially and economically disadvantaged individuals are provided opportunities to participate under section 15(g) of the Small Business Act (15 U.S.C. 644(g)) throughout the implementation process. The District Engineer shall track the amount of contracts awarded to small business concerns owned and controlled by socially and economically disadvantaged individuals in order to ensure that they are provided such opportunities.

§ 385.20 Restoration Coordination and Verification (RECOVER).

(a) RECOVER (Restoration Coordination and Verification) is an interagency and interdisciplinary scientific and technical team described in the “Final Integrated Feasibility Report and Programmatic Environmental Impact Statement,” dated April 1, 1999. RECOVER was established by the Corps of Engineers and the South Florida Water Management District to conduct assessment, evaluation, and planning and integration activities using the best available science that support implementation of the Plan with the
