§ 361.61  Limitation on use of funds for construction expenditures.

No more than 10 percent of a State’s allotment for any fiscal year under section 110 of the Act may be spent on the construction of facilities for community rehabilitation program purposes.

(a) General requirements. (1) The Secretary reduces the amount otherwise payable to a State for a fiscal year by the amount by which the total expenditures from non-Federal sources under the State plan for the previous fiscal year were less than the total of those expenditures for the fiscal year 2 years prior to the previous fiscal year.

(b) Example. For fiscal year 2001, a State’s maintenance of effort level is based on the amount of its expenditures from non-Federal sources for fiscal year 1999. Thus, if the State’s non-Federal expenditures in 2001 are less than they were in 1999, the State has a maintenance of effort deficit, and the Secretary reduces the State’s allotment in 2002 by the amount of that deficit.

§ 361.62  Maintenance of effort requirements.

(a) General requirements. (1) The Secretary reduces the amount otherwise payable to a State for a fiscal year by the amount by which the total expenditures from non-Federal sources under the State plan for the previous fiscal year were less than the total of those expenditures for the fiscal year 2 years prior to the previous fiscal year.

(b) Example. For fiscal year 2001, a State’s maintenance of effort level is based on the amount of its expenditures from non-Federal sources for fiscal year 1999. Thus, if the State’s non-Federal expenditures in 2001 are less than they were in 1999, the State has a maintenance of effort deficit, and the Secretary reduces the State’s allotment in 2002 by the amount of that deficit.

Authority: Sections 7(14), 101(a)(3), 101(a)(4) and 104 of the Act; 29 U.S.C. 706(14), 721(a)(3), 721(a)(4) and 724).
accordance with paragraph (a)(1) of this section, then the Secretary recovers the amount of the maintenance of effort deficit through audit disallowance.

(b) Specific requirements for construction of facilities. If the State provides for the construction of a facility for community rehabilitation program purposes, the amount of the State’s share of expenditures for vocational rehabilitation services under the plan, other than for the construction of a facility for community rehabilitation program purposes or the establishment of a facility for community rehabilitation purposes, must be at least equal to the expenditures for those services for the second prior fiscal year. If a State fails to meet the requirements of this paragraph, the Secretary recovers the amount of the maintenance of effort deficit through audit disallowance.

(c) Separate State agency for vocational rehabilitation services for individuals who are blind. If there is a separate part of the State plan administered by a separate State agency to provide vocational rehabilitation services for individuals who are blind—

(1) Satisfaction of the maintenance of effort requirements under paragraphs (a) and (b) of this section are determined based on the total amount of a State’s non-Federal expenditures under both parts of the State plan; and

(2) If a State fails to meet any maintenance of effort requirement, the Secretary reduces the amount otherwise payable to the State for that fiscal year under each part of the plan in direct relation to the amount by which expenditures from non-Federal sources under each part of the plan in the previous fiscal year were less than they were for that part of the plan for the fiscal year 2 years prior to the previous fiscal year.

(d) Waiver or modification. (1) The Secretary may waive or modify the maintenance of effort requirement in paragraph (a)(1) of this section if the Secretary determines that a waiver or modification is necessary to permit the State to respond to exceptional or uncontrollable circumstances, such as a major natural disaster or a serious economic downturn, that—

(i) Cause significant unanticipated expenditures or reductions in revenue that result in a general reduction of programs within the State; or

(ii) Require the State to make substantial expenditures in the vocational rehabilitation program for long-term purposes due to the one-time costs associated with the construction of a facility for community rehabilitation program purposes, the establishment of a facility for community rehabilitation program purposes, or the acquisition of equipment.

(2) The Secretary may waive or modify the maintenance of effort requirement in paragraph (b) of this section or the 10 percent allotment limitation in §361.61 if the Secretary determines that a waiver or modification is necessary to permit the State to respond to exceptional or uncontrollable circumstances, such as a major natural disaster, that result in significant destruction of existing facilities and require the State to make substantial expenditures for the construction of a facility for community rehabilitation program purposes or the establishment of a facility for community rehabilitation program purposes in order to provide vocational rehabilitation services.

(3) A written request for waiver or modification, including supporting justification, must be submitted to the Secretary as soon as the State determines that an exceptional or uncontrollable circumstance will prevent it from making its required expenditures from non-Federal sources.

(Approved by the Office of Management and Budget under control number 1820–0500)

§361.63 Program income.

(a) Definition. For purposes of this section, program income means gross income received by the State that is directly generated by an activity supported under this part.

(b) Sources. Sources of program income include, but are not limited to, payments from the Social Security Administration for assisting Social Security beneficiaries and recipients to
