

§ 600.54 Criteria for determining whether a foreign institution is eligible to apply to participate in the FFEL programs.

The Secretary considers a foreign institution to be comparable to an eligible institution of higher education in the United States and eligible to apply to participate in the FFEL programs if the foreign institution is a public or private nonprofit educational institution that—

(a) Admits as regular students only persons who—

(1) Have a secondary school completion credential; or

(2) Have the recognized equivalent of a secondary school completion credential;

(b) Is legally authorized by an appropriate authority to provide an eligible educational program beyond the secondary school level in the country in which the institution is located; and

(c) Provides an eligible education program—

(1) For which the institution is legally authorized to award a degree that is equivalent to an associate, baccalaureate, graduate, or professional degree awarded in the United States;

(2) That is at least a two-academic-year program acceptable for full credit toward the equivalent of a baccalaureate degree awarded in the United States; or

(3) That is equivalent to at least a one-academic-year training program in the United States that leads to a certificate, degree, or other recognized educational credential and prepares students for gainful employment in a recognized occupation.

(Authority: 20 U.S.C. 1082, 1088)

§ 600.55 Additional criteria for determining whether a foreign graduate medical school is eligible to apply to participate in the FFEL programs.

(a) The Secretary considers a foreign graduate medical school to be eligible to apply to participate in the FFEL programs if, in addition to satisfying the criteria in § 600.54 (except the criterion that the institution be public or private nonprofit), the school satisfies all of the following criteria:

(1) The school provides, and in the normal course requires its students to complete, a program of clinical and classroom medical instruction of not less than 32 months in length, that is supervised closely by members of the school's faculty and that is provided either—

(i) Outside the United States, in facilities adequately equipped and staffed to afford students comprehensive clinical and classroom medical instruction; or

(ii) In the United States, through a training program for foreign medical students that has been approved by all medical licensing boards and evaluating bodies whose views are considered relevant by the Secretary.

(2) The school has graduated classes during each of the two twelve-month periods immediately preceding the date the Secretary receives the school's request for an eligibility determination.

(3) The school employs for the program described in paragraph (a)(1) of this section only those faculty members whose academic credentials are the equivalent of credentials required of faculty members teaching the same or similar courses at medical schools in the United States.

(4)(i) The school has been approved by an accrediting body—

(A) That is legally authorized to evaluate the quality of graduate medical school educational programs and facilities in the country where the school is located; and

(B) Whose standards of accreditation of graduate medical schools—

(1) Have been evaluated by the advisory panel of medical experts established by the Secretary; and

(2) Have been determined to be comparable to standards of accreditation applied to medical schools in the United States; or

(ii) The school is a public or private nonprofit educational institution that satisfies the requirements in § 600.4(a)(5)(i).

(5)(i)(A) During the academic year preceding the year for which any of the school's students seeks an FFEL program loan, at least 60 percent of those enrolled as full-time regular students in the school and at least 60 percent of the school's most recent graduating

class were persons who did not meet the citizenship and residency criteria contained in section 484(a)(5) of the HEA, 20 U.S.C. 1091(a)(5); and

(B) For a foreign graduate medical school outside of Canada, at least 60 percent of the school's students and graduates who took any step of the examinations administered by the Educational Commission for Foreign Medical Graduates (ECFMG) (including the ECFMG English test) in the year preceding the year for which any of the school's students seeks an FFEL program loan received passing scores on the exams; or

(ii) The school's clinical training program was approved by a State as of January 1, 1992, and is currently approved by that State.

(b) In performing the calculation required in paragraph (a)(5)(i)(B) of this section, a foreign graduate medical school shall count as a graduate each person who graduated from the school during the three years preceding the year for which the calculation is performed.

§ 600.57 Duration of eligibility determination.

(a) The eligibility of a foreign institution under this subpart expires six years after the date of the Secretary's determination that the institution is eligible to apply for participation, except that the Secretary may specify a shorter period of eligibility. In the case of a foreign graduate medical school, continued eligibility is dependent upon annual submission of the data and information required under § 600.55(a)(5)(i), subject to the terms described in § 600.53(b).

(b) A foreign institution that has been determined eligible loses its eligibility on the date that the institution no longer meets any of the criteria in this subpart E.

(c) Notwithstanding the provisions of 34 CFR 668.26, if a foreign institution loses its eligibility under this subpart E, an otherwise eligible student, continuously enrolled at the institution before the loss of eligibility, may receive an FFEL program loan for attendance at that institution for the academic year succeeding the academic
