

(6) The total amount of money spent on athletically related student aid, including the value of waivers of educational expenses, aggregately for men's teams, and aggregately for women's teams.

(7) The ratio of athletically related student aid awarded male athletes to athletically related student aid awarded female athletes.

(8) The total amount of recruiting expenses incurred, aggregately for all men's teams, and aggregately for all women's teams.

(9)(i) The average annual institutional salary of the non-volunteer head coaches of all men's teams, across all offered sports, and the average annual institutional salary of the non-volunteer head coaches of all women's teams, across all offered sports, on a per person and a per full-time equivalent position basis. These data must include the number of persons and full-time equivalent positions used to calculate each average.

(ii) If a head coach has responsibilities for more than one team and the institution does not allocate that coach's salary by team, the institution must divide the salary by the number of teams for which the coach has responsibility and allocate the salary among the teams on a basis consistent with the coach's responsibilities for the different teams.

(10)(i) The average annual institutional salary of the non-volunteer assistant coaches of men's teams, across all offered sports, and the average annual institutional salary of the non-volunteer assistant coaches of women's teams, across all offered sports, on a per person and a full-time equivalent position basis. These data must include the number of persons and full-time equivalent positions used to calculate each average.

(ii) If an assistant coach had responsibilities for more than one team and the institution does not allocate that coach's salary by team, the institution must divide the salary by the number of teams for which the coach has responsibility and allocate the salary among the teams on a basis consistent

with the coach's responsibilities for the different teams.

[64 FR 59071, Nov. 1, 1999]

§ 668.48 Report on completion or graduation rates for student-athletes.

(a)(1) Annually, by July 1, an institution that is attended by students receiving athletically-related student aid must produce a report containing the following information:

(i) The number of students, categorized by race and gender, who attended that institution during the year prior to the submission of the report.

(ii) The number of students described in paragraph (a)(1)(i) of this section who received athletically-related student aid, categorized by race and gender within each sport.

(iii) The completion or graduation rate and if applicable, transfer-out rate of all the entering, certificate- or degree-seeking, full-time, undergraduate students described in § 668.45(a)(1), categorized by race and gender.

(iv) The completion or graduation rate and if applicable, transfer-out rate of the entering students described in § 668.45(a)(1) who received athletically-related student aid, categorized by race and gender within each sport.

(v) The average completion or graduation rate and if applicable, transfer-out rate for the four most recent completing or graduating classes of entering students described in § 668.45(a)(1), (3), and (4) categorized by race and gender. If an institution has completion or graduation rates and, if applicable, transfer-out rates for fewer than four of those classes, it must disclose the average rate of those classes for which it has rates.

(vi) The average completion or graduation rate and if applicable, transfer-out rate of the four most recent completing or graduating classes of entering students described in § 668.45 (a)(1) who received athletically-related student aid, categorized by race and gender within each sport. If an institution has completion or graduation rates and if applicable, transfer-out rates for fewer than four of those classes, it

§ 668.49

must disclose the average rate of those classes for which it has rates.

(2) For purposes of this section, *sport* means—

- (i) Basketball;
- (ii) Football;
- (iii) Baseball;
- (iv) Cross-country and track combined; and
- (v) All other sports combined.

(3) If a category of students identified in paragraph (a)(1)(iv) above contains five or fewer students, the institution need not disclose information on that category of students.

(b) The provisions of § 668.45 (a), (b), (c), and (d) apply for purposes of calculating the completion or graduation rates and, if applicable, transfer-out rates required under paragraphs (a)(1)(iii) through (vi) of this section.

(c) Each institution of higher education described in paragraph (a) of this section may also provide to students and the Secretary supplemental information containing—

(1) The graduation or completion rate of the students who transferred into the institution; and

(2) The number of students who transferred out of the institution.

(d) The provisions of § 668.45(e) apply for purposes of this section.

§ 668.49 Institutional fire safety policies and fire statistics.

(a) *Additional definitions that apply to this section.*

Cause of fire: The factor or factors that give rise to a fire. The causal factor may be, but is not limited to, the result of an intentional or unintentional action, mechanical failure, or act of nature.

Fire: Any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.

Fire drill: A supervised practice of a mandatory evacuation of a building for a fire.

Fire-related injury: Any instance in which a person is injured as a result of

a fire, including an injury sustained from a natural or accidental cause, while involved in fire control, attempting rescue, or escaping from the dangers of the fire. The term “person” may include students, employees, visitors, firefighters, or any other individuals.

Fire-related death: Any instance in which a person—

(1) Is killed as a result of a fire, including death resulting from a natural or accidental cause while involved in fire control, attempting rescue, or escaping from the dangers of a fire; or

(2) Dies within one year of injuries sustained as a result of the fire.

Fire safety system: Any mechanism or system related to the detection of a fire, the warning resulting from a fire, or the control of a fire. This may include sprinkler systems or other fire extinguishing systems, fire detection devices, stand-alone smoke alarms, devices that alert one to the presence of a fire, such as horns, bells, or strobe lights; smoke-control and reduction mechanisms; and fire doors and walls that reduce the spread of a fire.

Value of property damage: The estimated value of the loss of the structure and contents, in terms of the cost of replacement in like kind and quantity. This estimate should include contents damaged by fire, and related damages caused by smoke, water, and overhaul; however, it does not include indirect loss, such as business interruption.

(b) *Annual fire safety report.* Beginning by October 1, 2010, an institution that maintains any on-campus student housing facility must prepare an annual fire safety report that contains, at a minimum, the following information:

(1) The fire statistics described in paragraph (c) of this section.

(2) A description of each on-campus student housing facility fire safety system.

(3) The number of fire drills held during the previous calendar year.

(4) The institution’s policies or rules on portable electrical appliances, smoking, and open flames in a student housing facility.

(5) The institution’s procedures for student housing evacuation in the case of a fire.
