National Park Service, Interior

§ 72.32 Funding and matching share.

(a) Recovery Action Program Grant Matching. Up to 50 percent matching grants are authorized for the preparation of Recovery Action Programs (RAP). State, local and private in-kind donations of assistance (salaries, supplies, printing, etc.) for the preparation of a RAP may be used as all or part of the 50 percent local match. Such in-kind contributions for the UPARR Program may not be used as the matching share for other federally-assisted programs. In addition, Section 1009 of the Act provides that reasonable local costs of Recovery Action Program development may be used as part of a local match for Innovation or Rehabilitation grants only when the applicant has not received a Recovery Action Program grant. Reasonable costs means costs for supplies, salaries, etc., which are not excessive in relation to the normal market value within a geographic area. These costs must be well documented and included in the preapplication for the proposal in which they are to be used as a match.

§ 72.30 General requirements.

Applicants must have an approved Recovery Action Program on file with the appropriate NPS Regional Office prior to applying for Rehabilitation or Innovation grants. Rehabilitation and Innovation proposals must be based on priorities identified in the applicant jurisdiction’s Recovery Action Program. Once NPS has indicated that a Rehabilitation or Innovation proposal is fundable, the applicant must meet all documentation requirements imposed by OMB Circulars A–102, A–95 and FMC 74–4. Regional offices of NPS will provide technical assistance to grantees in complying with these requirements.
