(iii) Any personal property owned by the non-Federal party which is not a part of the exchange proposal, should be removed by the non-Federal party prior to acceptance of title by the United States, unless the authorized officer and the non-Federal party to the exchange previously agree upon a specified period to remove the personal property. If the personal property is not removed prior to acceptance of title or within the otherwise prescribed time, it shall be deemed abandoned and shall become vested in the United States.

(iv) The exchange parties must reach agreement on the arrangements for the relocation of any tenants. Qualified tenants occupying non-Federal lands affected by a land exchange may be entitled to relocation benefits under 49 CFR 24.2. Unless otherwise provided by law or regulation (49 CFR 24.101(a)(1)), relocation benefits are not applicable to owner-occupants involved in exchanges with the United States provided the owner-occupants are notified in writing that the non-Federal lands are being acquired by the United States on a voluntary basis.

(2) *Federal lands.* If Federal lands proposed for exchange are occupied under grant, permit, easement, or non-mineral lease by a third party who is not a party to the exchange, the third party holder of such authorization and the non-Federal party to the exchange may reach agreement as to the disposition of the existing use(s) authorized under the terms of the grant, permit, easement, or lease. The non-Federal exchange party shall submit documented proof of such agreement prior to issuance of a decision to approve the land exchange, as instructed by the authorized officer. If an agreement cannot be reached, the authorized officer shall consider other alternatives to accommodate the authorized use or shall determine whether the public interest will be best served by terminating such use pursuant to 36 CFR 251.60.

§ 254.16 Case closing.

(a) *Title transfers.* Unless otherwise agreed, and notwithstanding the decision in *United States v. Schurz*, 102 U.S. 378 (1880), or any other law or ruling to the contrary, title to both the non-Federal and Federal lands pass simultaneously and are deemed accepted by the United States and the non-Federal landowner, respectively, when the documents of conveyance are recorded in the county clerk's or other local recorder's office. Before recordation, all instructions, requirements, and conditions set forth by the United States and the non-Federal landowner must be met. The minimum requirements and conditions necessary for recordation include the following, as appropriate:

(1) The determination by the authorized officer that the United States will receive possession, acceptable to it, of such lands;

(2) The issuance of title evidence as of the date of recordation which conforms to the instructions and requirements of the USDA Office of the General Counsel's preliminary title opinion; and

(3) Continuation searches disclosing no matters of record that would require any change in the aforementioned title evidence as issued.

(b) *Automatic segregation of lands.* Subject to valid existing rights, non-Federal lands acquired through exchange by the United States automatically are segregated from appropriation under the public land laws and mineral laws until midnight of the 90th day after acceptance of title by the United States, and the public land records must be noted accordingly. Thereafter, the lands will be open automatically to operation of the public land laws and mineral laws, except to the extent otherwise provided by law, unless action is taken pursuant to 43 CFR part 2300 to initiate a withdrawal within the 90-day period.
