§ 1281.4 What are the architectural and design standards for Presidential libraries?

The Archivist is required by 44 U.S.C. 2112(a)(2) to promulgate architectural and design standards for Presidential libraries. The standards address the architectural, design, and structural requirements of a new Presidential library and additions or renovations, and they ensure that Presidential libraries are safe and efficient to operate and provide adequate and secure research and museum facilities. A copy of the standards is provided to the foundation upon request and is available from the Office of Presidential Libraries (NL), Room 2200, 8601 Adelphi Rd., College Park, MD 20740-6001.

§ 1281.6 What certifications must be provided to NARA?

(a) The foundation must provide to NARA design and construction certifications specified in the architectural and design standards.

(b) Any item that NARA finds is not in compliance with the architectural and design standards must be corrected by the foundation or, if not corrected by the foundation, will be corrected by NARA with the foundation paying the full cost of taking necessary corrective action.

§ 1281.8 What information must be provided to NARA for its report to Congress on a new Presidential library facility?

(a) NARA must submit a report to Congress on a proposed new library pursuant to 44 U.S.C. 2112(a)(3). The foundation that is building the library must help NARA as necessary in compiling the information needed for this report. If a State, political subdivision, university, institution of higher learning, or institute participates in the construction of the new library (e.g., by making land available for the facility), that party is subject to the same requirement. Requested information

must be sent to the Office of Presidential Libraries (NL), Room 2200, 8601 Adelphi Rd., College Park, MD 20740-6001 far enough in advance of the anticipated date of transfer of the Library for NARA to compile and submit the report so that it may lie before Congress for the minimum time period specified in 44 U.S.C. 2112(a)(5). The normal lead time for submitting the required information is a least six months in advance of the anticipated date of transfer, but the submission date is subject to negotiation between NARA and the foundation in specific cases. The collection of information by NARA for these purposes has been approved under the Paperwork Reduction Act by the Office of Management and Budget with the control number 3095-0036.

(b) Paragraph (a)(3) of 44 U.S.C. 2112 lists the information that NARA must include in its report to Congress. The foundation and NARA will agree as part of the planning process for a new library on what information the foundation will provide and when. The same requirement applies to other entities involved in the construction of a new library (e.g., a local government or university). Foundations will normally be responsible, at a minimum, for providing the following information to NARA:

(1) A description of the land, facility, and equipment offered as a gift or to be made available without transfer of title, which must include:

(i) The legal description of the land, including plat, and evidence of clear title to the land upon which the library is constructed;
