§ 6.16 Payment of cash value in monthly installments.

Effective January 1, 1971, in lieu of payment of cash value in one sum, the insured may elect to receive payment in monthly installments under option 2 as set forth in the insurance contract or as a refund life income option. If the insured dies before the agreed number of monthly installments have been paid, the remaining unpaid monthly installments will be payable to the designated beneficiary in one sum, unless the insured or such beneficiary has elected to continue the installments under the option selected by the insured. If no designated beneficiary survives, the present value of any remaining unpaid installments shall be paid to the estate of the insured, provided such payment would not escheat.

DEBT BENEFITS

§ 6.17 Collection of any indebtedness.

At the maturity of a United States Government life insurance policy by total permanent disability or death, any indebtedness, unless paid off in cash, shall be liquidated by reducing the amount of each monthly installment in the proportion which the indebtedness bears to the commuted value of monthly installments as may then be payable under the policy, excluding dividend accumulations. If the policy is payable in one sum at death, any indebtedness shall be deducted from the amount payable under the policy.
