

Department of Veterans Affairs

§ 21.160

family includes the veteran's immediate family, legal guardian, or any individual in whose home the veteran certifies an intention to live.

(b) *Scope of services to a veteran's family.* The services which may be furnished to the family are generally limited to consultation, homecare training, counseling, and mental health services of brief duration which are designed to enable the family to cope with the veteran's needs. Extended medical, psychiatric or other services may not be furnished to family members under these provisions.

(c) *Providing services to a veteran's family.* VR&E Staff will:

(1) Identify services which family members may need to facilitate the rehabilitation of the veteran; and

(2) Arrange for provision of the services which have been identified.

(d) *Resources for provision of services to family members.* (1) The established program and services which are furnished by Veterans Health Administration (VHA) to family members of veterans eligible for Chapter 31 should be used to the extent practicable; but

(2) If services are not readily available through regular VHA programs, necessary services will normally be secured through arrangements with other public and nonprofit agencies.

(Authority: 38 U.S.C. 3104(a)(11))

[49 FR 40814, Oct. 18, 1984, as amended at 62 FR 17708, Apr. 11, 1997]

§ 21.156 Other incidental goods and services.

(a) *General.* Other incidental goods and services may be authorized if the case manager determines them to be necessary to implement the veteran's rehabilitation plan. For example, a calculator may be authorized for a veteran pursuing an engineering degree, even though the veteran may not be required to have a calculator for any specific subject in his or her course, where there is substantial evidence that lack of a calculator places the veteran at a distinct disadvantage in successfully pursuing the course.

(b) *Limitation on cost.* The costs of incidental goods and services normally

should not exceed five percent of training costs for any twelve-month period.

(Authority: 38 U.S.C. 3104(a)(10))

INDEPENDENT LIVING SERVICES

§ 21.160 Independent living services.

(a) *Purpose.* The purpose of independent living services is to assist eligible veterans whose ability to function independently in family, community, or employment is so limited by the severity of disability (service and nonservice-connected) that vocational or rehabilitation services need to be appreciably more extensive than for less disabled veterans.

(Authority: 38 U.S.C. 3104(a)(15), 3109, 3120)

(b) *Definitions.* The term *independence in daily living* means the ability of a veteran, without the services of others or with a reduced level of the services of others, to live and function within the veteran's family and community.

(Authority: 38 U.S.C. 3101(2))

(c) *Situations under which independent living services may be furnished.* Independent living services may be furnished:

(1) As part of a program to achieve rehabilitation to the point of employability;

(2) As part of an extended evaluation to determine the current reasonable feasibility of achieving a vocational goal;

(3) Incidental to a program of employment services; or

(4) As a program of rehabilitation services for eligible veterans for whom achievement of a vocational goal is not currently reasonably feasible. This program of rehabilitation services may be furnished to help the veteran:

(i) Function more independently in the family and community without the assistance of others or a reduced level of the assistance of others;

(ii) Become reasonably feasible for a vocational rehabilitation program; or

(iii) Become reasonably feasible for extended evaluation.

(Authority: 38 U.S.C. 3104(a)(15), 3109, 3120)

(d) *Services which may be authorized.* The services which may be authorized

§ 21.162

38 CFR Ch. I (7–1–10 Edition)

as part of an IILP (Individualized Independent Living Plan) include:

(1) Any appropriate service which may be authorized for a vocational rehabilitation program as that term is defined in § 21.35(i), except for a course of education or training as described in § 21.120; and

(2) Independent living services offered by approved independent living centers and programs which are determined to be necessary to carry out the veteran's plan including:

(i) Evaluation of independent living potential;

(ii) Training in independent living skills;

(iii) Attendant care;

(iv) Health maintenance programs; and

(v) Identifying appropriate housing accommodations.

(Authority: 38 U.S.C. 3104(a)(15), 3109, 3120)

(e) Coordination with other VA elements and other Federal, State, and local programs. Implementation of programs of independent living services and assistance will generally require extensive coordination with other VA and non-VA programs. If appropriate arrangements cannot be made to provide these services through VA, other governmental, private nonprofit and for-profit agencies and facilities may be used to secure necessary services if the requirements contained in § 21.294 are met.

§ 21.162 Participation in a program of independent living services.

(a) *Approval of a program of independent living services.* A program of independent living services and assistance is approved when:

(1) The VA determines that achievement of a vocational goal is not currently reasonably feasible;

(2) The VA determines that the veteran's independence in daily living can be improved, and the gains made can reasonably be expected to continue following completion of the program;

(3) All steps required by §§ 21.90 and 21.92 of this part for the development and preparation of an Individualized Independent Living Plan (IILP) have been completed; and

(4) The VR&E Officer concurs in the IILP.

(Authority: 38 U.S.C. 3104(a)(15), 3109, 3120)

(b) *Considerations for the VR&E Officer.* The VR&E Officer will consider the following factors in administering programs providing independent living services:

(1) If VA resources available limit the number of veterans who may be provided a program of independent living services and assistance, the first priority shall be given to veterans for whom the reasonable feasibility of achieving a vocational goal is precluded solely as a result of service-connected disability; and

(2) To the maximum extent feasible, a substantial portion of veterans provided with programs of independent living services and assistance shall be receiving long-term care in VA medical centers and nursing homes.

CASE STATUS

§ 21.180 Case status system.

(a) *General.* Each veteran's case will be assigned to a specific case status from the point of initial contact until all appropriate steps in the rehabilitation process have been completed. The case status system will:

(1) Assist VR&E staff to fulfill its case management responsibility to provide authorized assistance to enable the veteran to successfully pursue his or her program; and

(2) Assure program management and accountability.

(Authority: 38 U.S.C. 3107)

(b) *Responsibility for change of case status.* The case manager is responsible for assigning a case to the appropriate case status at each point in the rehabilitation process.
