Subpart C—Per Diem Payments

§ 52.40 Monthly payment.

(a)(1) During Fiscal Year 2002, VA will pay monthly one-half of the total cost of each eligible veteran’s adult day health care for each day the veteran is in a facility recognized as a State home for adult day health care, not to exceed $34.64 per diem.

(2) Per diem will be paid only for a day that the veteran is under the care of the facility at least six hours. For purposes of this paragraph a day means

(i) Six hours or more in one calendar day; or

(ii) Any two periods of at least 3 hours each (but each less than six hours) in any two calendar days in a calendar month.

(3) As a condition for receiving payment of per diem under this part, the State must submit a completed VA Form 10–5588, “State Home Report and Statement of Federal Aid Claimed.” This form is set forth in full at 38 CFR 58.11.

(4) Initial payments will not be made until the Under Secretary for Health recognizes the State home. However, payments will be made retroactively for care that was provided on and after the date of the completion of the VA survey of the facility that provided the basis for determining that the facility met the standards of this part.

(5) As a condition for receiving payment of per diem under this part, the State must submit to the VA medical center of jurisdiction for each veteran the following completed VA forms: 10–10EZ, “Application for Medical Benefits”, and 10–10SH, “State Home Program Application for Care—Medical Certification”, at the time of enrollment and with any request for a change in the level of care (nursing home, domiciliary or hospital care). These forms are set forth in full at 38 CFR 58.12 and 58.13, respectively. If the program is eligible to receive per diem payments for adult day health care for a veteran, VA will pay per diem from the day on which the veteran was enrolled in the program if VA receives the completed forms within 10 days after enrollment.

(b) For determining “the one-half of the total cost” under paragraph (a)(1) of this section, total per diem costs for an eligible veteran’s adult day health care consist of those direct and indirect costs attributable to adult day health care at the facility divided by the total number of participants enrolled in the adult day health care program. Relevant cost principles are set forth in the Office of Management and Budget (OMB) Circular number A–87, dated May 4, 1995, “Cost Principles for State, Local, and Indian Tribal Governments” (OMB Circulars are available at the addresses in 5 CFR 1310.3).

§ 52.50 Eligible veterans.

A veteran is an eligible veteran under this part if VA determines that the veteran meets the definition of a veteran in 38 U.S.C. 101, is not barred from receiving this VA care under 38 U.S.C. 5303–5303A, needs adult day health care, and is within one of the following categories:

(a) Veterans with service-connected disabilities;

(b) Veterans who are former prisoners of war;

(c) Veterans who were discharged or released from active military service for a disability incurred or aggravated in the line of duty;

(d) Veterans who receive disability compensation under 38 U.S.C. 1151;

(e) Veterans whose entitlement to disability compensation is suspended because of the receipt of retired pay;

(f) Veterans whose entitlement to disability compensation is suspended pursuant to 38 U.S.C. 1151, but only to the extent that such veterans’ continuing eligibility for adult day health care is provided for in the judgment or settlement described in 38 U.S.C. 1151;

(g) Veterans who VA determines are unable to defray the expenses of necessary care as specified under 38 U.S.C. 1722(a);

(h) Veterans of the Mexican Border period or of World War I;
