the documents requested. If the use is not clear from the request itself, or if there is reasonable cause to doubt the requester's stated use, the custodian shall seek additional clarification from the requester before assigning the request to this category.

(6) *Educational institution* refers to a pre-school, a public or private elementary or secondary school, an institution of graduate higher education, an institution of undergraduate higher education, an institution of professional education, and an institution of vocational education, which operates a program or programs of scholarly research.

(7) *Noncommercial scientific institution* refers to an institution that is not operated on a "commercial" basis as that term is defined in paragraph (h)(5) of this section, and which is operated solely for the purpose of conducting scientific research the results of which are not intended to promote any particular product or industry.

(8) *Representative of the news media* refers to any person actively gathering news for an entity that is organized and operated to publish or broadcast news to the public. The term "news" means information that is about current events or that would be of current interest to the public. Requests by news organizations for information that will be used for the furtherance of the organization's commercial interests, rather than for the dissemination of news to the public, shall be considered commercial use requests. Examples of news media entities include television or radio stations broadcasting to the public at large, and publishers of periodicals (but only in those instances when they can qualify as disseminators of "news") who make their products available for purchase or subscription by the general public. These examples are not intended to be all-inclusive. A "freelance" journalist will be regarded as a representative of the news media if he can demonstrate a solid basis for expecting publication through a news organization, even though not actually employed by it. This may be demonstrated either by a publication contract with the news organization or by

the past publication record of the requester.
