Subpart A—General Provisions

§ 3010.1 Applicability.

The rules in this part implement provisions in the Postal Accountability and Enhancement Act (PAEA) establishing ratesetting policies and procedures for market dominant products. With the exception of exigency-based rate adjustments, these procedures allow a minimum of 45 days for advance public notice of the Postal Service’s planned rate adjustments. Exigency-based rate adjustments require the Postal Service to file a formal request with the Commission and are subject to special procedures.

§ 3010.2 Types of rate adjustments for market dominant products.

(a) There are four types of rate adjustments for market dominant products. A Type 1–A rate adjustment, authorized under 39 U.S.C. 3622(d)(1)(D), is based on the statutory annual limitation. A Type 1–B rate adjustment, authorized under 39 U.S.C. 3622(d)(2)(C), is based on an exception to the annual limitation, and is referred to as unused rate adjustment authority. A Type 2 rate adjustment, authorized under 39 U.S.C. 3622(d)(1)(E), is based on exigent circumstances.

(b) Upon the establishment of unused rate adjustment authority in any class, the Postal Service shall devise and maintain a schedule that tracks the establishment and subsequent use of unused rate adjustment authority.

(c) The Postal Service may combine Types 1–A, 1–B and 2 rate adjustments for purposes of filing with the Commission.

§ 3010.3 Type 1–A rate adjustment—in general.

(a) A Type 1–A rate adjustment represents the usual type of adjustment to rates of general applicability.

(b) A Type 1–A rate adjustment may result in a rate adjustment that is less than or equal to the annual limitation, but may not exceed the annual limitation.

(c) Unused rate adjustment authority in each class may be applied to rate adjustments in the same class for up to 5 years.

§ 3010.4 Type 1–B rate adjustment—in general.

(a) A Type 1–B rate adjustment is a rate adjustment which uses unused rate adjustment authority in whole or in part. A rate adjustment using unused rate adjustment authority may not result in an increase for the class that exceeds the applicable annual limitation plus 2 percentage points.

(b) Type 1–B rate adjustments filed within 12 months of each other may not apply more than 2 percentage points of unused rate authority to any class.

(c) Unused rate adjustment authority in each class may be applied to rate adjustments in the same class for up to 5 years.

§ 3010.5 Type 2 rate adjustment—in general.

A negotiated service agreement rate adjustment entails a rate adjustment negotiated between the Postal Service and a customer or group of customers.
