

## Environmental Protection Agency

## § 307.20

actions, including final action at the site.

*Party* means EPA or a claimant.

*Perfected* means the point at which EPA determines that the written demand for a sum certain (*i.e.*, claim) has the documentation necessary to substantiate the appropriateness of the amounts claimed; *i.e.*, the claim is technically complete.

*Person* as defined by section 101(21) of CERCLA, means an individual, firm, corporation, association, partnership, consortium, joint venture, commercial entity, United States Government, State, municipality, commission, political subdivision of a State, or any interstate body.

*Political subdivision* means any general purpose unit of a local or State government.

*Pollutant* or *Contaminant* as defined by section 101(33) of CERCLA, includes, but is not limited to, any element, substance, compound, or mixture, including disease-causing agents, which after release into the environment and upon exposure, ingestion, inhalation, or assimilation into any organism, either directly from the environment or indirectly by ingestion through food chains, will or may reasonably be anticipated to cause death, disease, behavioral abnormalities, cancer, genetic mutation, physiological malfunctions (including malfunctions in reproduction) or physical deformations in such organisms or their offspring. The term does not include petroleum, including crude oil and any fraction thereof which is not otherwise specifically listed or designated as a hazardous substance under section 101(14)(A) through (F) of the Act, nor does it include natural gas, liquefied natural gas, or synthetic gas of pipeline quality (or mixtures of natural gas and such synthetic gas).

*Preauthorization* means EPA's prior approval to submit a claim against the Fund for necessary response costs incurred as a result of carrying out the NCP. The process of preauthorization consists of three steps:

(1) EPA's receipt of the application for preauthorization;

(2) EPA's review and analysis of the application; and

(3) EPA's issuance of the Preauthorization Decision Document, which sets forth the terms and conditions for reimbursement.

*Preauthorized* response actions are response actions approved through the preauthorization process.

*Respond* or *Response* as defined by section 101(25) of CERCLA, means remove, removal, remedy, and remedial action, all such terms (including removal and remedial action) including enforcement activities related thereto.

*Response claim* means a preauthorized demand in writing for a sum certain for response costs referred to in section 111(a)(2) of CERCLA, including certain costs of actions referred to in section 122(b)(1) of CERCLA.

### § 307.15 Penalties.

(a) If any person knowingly gives a material statement or representation in the application for preauthorization or in the claim that is false, misleading, misrepresented, or misstated, and EPA relies upon such a statement or representation in making its decision, the preauthorization or the award by EPA may be withdrawn following written notice to the claimant.

(b) Any person who knowingly gives, or causes to be given, any false information as part of an application for preauthorization or of a claim (including any person who meets the conditions of paragraph (a) of this section) may, upon conviction, be fined or imprisoned in accordance with CERCLA section 112(b)(1) and other laws.

### Subpart B—Eligible Claimants; Allowable Claims; Preauthorization

#### § 307.20 Who may present claims.

(a) Subject to the provisions of this subpart, claims for the costs of response actions may be asserted against the Fund by any person other than the United States Government, States, and political subdivisions thereof, except to the extent the claimant is otherwise compensated for the loss. States and political subdivisions may assert such claims if they are potentially responsible parties subject to an agreement reached pursuant to section 122(b)(1) of CERCLA.

**§ 307.21**

**40 CFR Ch. I (7-1-10 Edition)**

(b) Claims presented by an individual must be signed by that individual. If, because of death, disability, or other reasons satisfactory to EPA, the foregoing requirement cannot be fulfilled, the claim may be filed by a duly authorized agent, executor, administrator, or other legal representative. A claim presented by an entity or an authorized agent, executor, administrator, or other legal representative must be presented in the name of the claimant. The claim must be signed by the authorized agent, executor, administrator, or other legal representative (including the title or legal capacity of the person signing) and be accompanied by evidence of the authority to present a claim on behalf of the claimant as authorized agent, executor, administrator, or other legal representative.

(c) A claim for response costs as to which any release from liability was executed between the claimant and a potentially responsible party may be presented against the Fund to the extent that the claimant obtained EPA's approval prior to executing such release and provided that the other requirements of this part are met.

(d) A foreign claimant may present a response claim to the Fund, to the same extent that a United States claimant may assert a claim, if:

(1) The requirements of §307.21 and §307.22 are met; and

(2) The release of a hazardous substance occurred in the navigable waters of the United States, including the territorial sea, or in or on the territorial sea or adjacent shoreline of a foreign country of which the claimant is a resident; and

(3) The claimant is not otherwise compensated for the loss; and

(4) The hazardous substance was released from a facility or from a vessel located adjacent to or within the navigable waters or was discharged in connection with activities conducted under the Outer Continental Shelf Lands Act, as amended (43 U.S.C. 1331 *et seq.*), or the Deepwater Port Act of 1974, as amended (33 U.S.C. 1501 *et seq.*); and

(5) Recovery is authorized by a treaty or an executive agreement between the United States and the foreign country involved, or if the Secretary of State,

in consultation with the Attorney General and other appropriate officials, certifies that such country provides a comparable remedy for United States claimants.

**§ 307.21 Nature of eligible claims.**

(a) Claims may be asserted against the Fund for necessary costs incurred for response actions due to a release or substantial threat of release of a hazardous substance into the environment; a release or substantial threat of release of pollutants or contaminants into the environment that may present an imminent or substantial danger to public health or welfare; or actions taken by a potentially responsible party subject to an agreement reached pursuant to section 122(b)(1) of CERCLA. Claims must be filed in accordance with §307.22. Claims may be asserted for the costs of removal actions, remedial planning activities, and remedial actions.

(b) Costs will be considered to be eligible under this section if:

(1) The response action is preauthorized by EPA pursuant to §307.22;

(2) The costs are incurred for activities within the scope of EPA's preauthorization;

(3) The response action is conducted in a manner consistent with the NCP; and

(4) The costs incurred are necessary costs pursuant to §307.11 of this part.

(c) Money in the Fund may be used for paying any claim under this section for expenses incurred for the payment of contractor claims either through settlement of such claims or an award by a third party to the extent EPA determines that:

(1) The contractor claim arose from work within the scope of the contract at issue and the contract was for preauthorized response activities;

(2) The contractor claim is meritorious;

(3) The contractor claim was not caused by the mismanagement of the claimant;

(4) The contractor claim was not caused by the claimant's vicarious liability for the improper actions of others;
