1 mg/L (ppm).

(2) In addition to the standards specified in paragraph (b)(1) of this section, in the case of process wastewaters associated with processing of blood derived from animals slaughtered at locations off-site, the standards for BOD₅ and TSS specified in §432.12(a)(3) apply.

(3) In addition to the standards specified in paragraph (b)(1) of this section, in the case of process wastewaters associated with wet or low-temperature rendering of material derived from animals slaughtered at locations off-site and dead animals, the standards for BOD₅ and TSS specified in §432.12(a)(4) apply.

(4) In addition to the standards specified in paragraph (b)(1) of this section, in the case of process wastewaters associated with dry rendering of material derived from animals slaughtered at locations off-site and dead animals, the standards for BOD₅ and TSS specified in §432.12(a)(5) apply.

(c) Any source that was a new source subject to the standards specified in §432.15 of title 40 of the Code of Federal Regulations, revised as of July 1, 2003, must continue to achieve the standards specified in this section until the expiration of the applicable time period specified in 40 CFR 122.29(d)(1) after which it must achieve the effluent limitations specified in §§432.12 and 432.13.

§ 432.22 Effluent limitations attainable by the application of the best practicable control technology currently available (BPT).

Except as provided in 40 CFR 125.30 through 125.32, any existing point source subject to this subpart must achieve the following effluent limitations representing the application of BPT:

(a) Facilities that slaughter no more than 50 million pounds per year (in units of LWK) must achieve the following effluent limitations:

<table>
<thead>
<tr>
<th>Regulated parameter</th>
<th>Maximum daily</th>
<th>Maximum monthly avg.</th>

<td>0.25</td>
</tr>
</tbody>
</table>

1 Pounds per 1000 lbs (or g/kg) LWK.

2 Maximum of 400 MPN or CFU per 100 mL at any time.

3 May be measured as hexane extractable material (HEM).

2 In addition to the limitations specified in paragraph (a)(1) of this section, in the case of process wastewater
