§ 1515.5 How to make a Freedom of Information Act request.

(a) The Chairman has appointed a Freedom of Information Officer who will be responsible for overseeing the Council’s administration of the Freedom of Information Act and for receiving, routing, and overseeing the processing of all Freedom of Information requests. The Chairman has also appointed an Appeals Officer who is responsible for processing any appeals.

(b) Requesting information from the Council. (1) When you make a Freedom of Information Act request to the Council, the Freedom of Information Officer shall decide how to respond to— or “make an initial determination on”—your request within 10 working days from the date the Officer receives the request. The Freedom of Information Officer will then provide you with written notification of the determination.

(2) You can make a Freedom of Information Act request by writing a letter which states that you are making a Freedom of Information Act request. Address your letter to:

(3) In your request you should identify the desired record or reasonably describe it. The request should be as specific as possible so that the item can be readily found. You should not make blanket requests, such as requests for “the entire file of” or “all materials relating to” a specified subject.

(4) The Council will make a reasonable effort to assist you in defining the request to eliminate extraneous and unwanted materials and to keep search and copying fees to a minimum. If you have budgetary constraints and anticipate that your request might be costly you may wish to indicate the maximum fee you are prepared to pay for acquiring the information. (See §1515.15(c) also.)

(5) The 10 day period for making a determination on a request will begin when the records requested are specified or reasonably identifiable.

(6) Despite its name, the Freedom of Information Act does not require a government agency to create or research information that you would like or that you may think the agency should have. The Act only requires that existing records be made available to the public.

(c) Council’s response to a request. (1) Upon receipt of any request under the Act, the Freedom of Information Officer shall direct the request to the appropriate staff member at the Council, who will review the request and advise the Freedom of Information Officer as soon as possible.

(2) If it is appropriate to grant the request, the staff member will immediately collect the requested materials in order to accompany, wherever possible, the Freedom of Information Officer’s letter notifying you of the decision.
§ 1515.10 What information is available, and how can it be obtained?

(a) When a request for information has been approved, in whole or in part, you may make an appointment to inspect or copy the materials requested during regular business hours by writing or telephoning the Freedom of Information Officer at the address or phone number given in §1515.3(f). You may be charged reasonable fees for copying materials, as explained by §1515.15. The Council on Environmental Quality will permit copying of any available material but will reserve the right to limit the number of copies made with the Council's copying facilities.

(b) In general, all records of the Council are available to the public, as required by the Freedom of Information Act. The Council claims the right, where it is applicable, to withhold material under the provisions specified in the Freedom of Information Act as amended (5 U.S.C. 552(b)).

(c) The legislative history of the establishment of the Council states that the Congress intended the Council to be a confidential advisor to the President on matters of environmental policy. Therefore, members of the public should presume that communications
