§ 52.1277  General requirements.

(a) The requirements of §51.230(d) of this chapter are not met, since the legal authority to provide public availability of emission data is inadequate.

(b) The requirements of §51.230(f) of this chapter are not met, since section 7106–117 of the Mississippi Code could, in some circumstances, prohibit the disclosure of emission data to the public. Therefore, section 7106–117 is disapproved.

§ 52.1276  [Reserved]

§ 52.1275  Legal authority.

(a) The requirements of §51.116(c) of this chapter are not met, since the legal authority to provide public availability of emission data is inadequate.

(b) Regulation for public availability of emission data. (1) Any person who cannot obtain emission data from the Agency responsible for making emission data available to the public, as specified in the applicable plan, concerning emissions from any source subject to emission limitations which are part of the approved plan may request that the appropriate Regional Administrator obtain and make public such data. Within 30 days after receipt of any such written request, the Regional Administrator must provide the person requesting such data with a copy of the emission data. (2) Any request for emission data under paragraph (b)(1) of this section shall be made in writing and shall specify:

(i) The name of the source for which emission data is being requested;

(ii) The address of the person making the request;

(iii) The type of data requested.
