Subpart III—Federal Plan Requirements for Commercial and Industrial Solid Waste Incineration Units That Commenced Construction On or Before November 30, 1999

INTRODUCTION

§ 62.14500 What is the purpose of this subpart?
(a) This subpart establishes emission requirements and compliance schedules for the control of emissions from commercial and industrial solid waste incineration (CISWI) units that are not covered by an EPA approved and currently effective State or Tribal plan. The pollutants addressed by these emission requirements are listed in Table 1 of this subpart. These emission requirements are developed in accordance with sections 111 and 129 of the Clean Air Act and subpart B of 40 CFR part 60.
(b) In this subpart, “you” means the owner or operator of a CISWI unit.

§ 62.14505 What are the principal components of this subpart?
This subpart contains the eleven major components listed in paragraphs (a) through (k) of this section.
(a) Increments of progress toward compliance.
(b) Waste management plan.
(c) Operator training and qualification.
(d) Emission limitations and operating limits.
(e) Performance testing.
(f) Initial compliance requirements.
(g) Continuous compliance requirements.
(h) Monitoring.
(i) Recordkeeping and reporting.
(j) Definitions.
(k) Tables.

APPLICABILITY

§ 62.14510 Am I subject to this subpart?
(a) You are subject to this subpart if you own or operate a CISWI unit as defined in §62.14840 and the CISWI unit meets the criteria described in paragraphs (a)(1) through (a)(3) of this section.
(1) Construction of your CISWI unit commenced on or before November 30, 1999.
(2) Your CISWI unit is not exempt under §62.14525.
(3) Your CISWI unit is not regulated by an EPA approved and currently effective State or Tribal plan, or your CISWI unit is located in any State whose approved State or Tribal plan is subsequently vacated in whole or in part.
(b) If you made changes after June 1, 2001 that meet the definition of modification or reconstruction after promulgation of the final 40 CFR part 60 subpart CCC (New Source Performance Standards for Commercial and Industrial Solid Waste Incineration Units), your CISWI unit is subject to subpart CCC of 40 CFR part 60 and this subpart no longer applies to that unit.
(c) If you make physical or operational changes to your existing CISWI unit primarily to comply with this subpart, then such changes do not qualify as modifications or reconstructions under subpart CCC of 40 CFR part 60.

§ 62.14515 Can my CISWI unit be covered by both a State plan and this subpart?
(a) If your CISWI unit is located in a State that does not have an EPA-approved State plan or your State’s plan has not become effective, this subpart applies to your CISWI unit until the EPA approves a State plan that covers your CISWI unit and that State plan becomes effective. However, a State may enforce the requirements of a State regulation while your CISWI unit is still subject to this subpart.
(b) After the EPA approves a State plan covering your CISWI unit, and after that State plan becomes effective, you will no longer be subject to this subpart and will only be subject to the approved and effective State plan.
