

§ 101-26.501-1

essential for the effective operation of the vehicle involved by the agency head or a designee. When systems or equipment other than those listed in Federal standards are requested, these systems or equipment shall be considered and treated as deviations under § 101-26.501-4(b).

[57 FR 47777, Oct. 20, 1992]

§ 101-26.501-1 General.

Except as provided for the Department of Defense (DOD) in paragraph (a) of this section, each executive agency shall submit to GSA for procurement its orders for purchase in the United States of all new passenger motor vehicles (FSC 2310), trucks or truck tractors (FSC 2320), trailers (FSC 2330) van type (with payload of not less than 5,000 nor more than 50,000 pounds), and firetrucks and firefighting trailers (FSC 4210). Specifically included are sedans, station wagons, carryalls, ambulances, buses, and trucks, including trucks with specialized mounted equipment, truck chassis with special purpose bodies, and all van-type trailers (with payload of not less than 5,000 nor more than 50,000 pounds).

(a) DOD shall submit to GSA for procurement its orders for purchase in the United States for all non-tactical vehicles including, but not limited to, commercial-type passenger motor vehicles (FSC 2310), including buses, and trucks and truck tractors (FSC 2320).

(b) When it is determined by the ordering activity that requirements for passenger motor vehicles and trucks indicate the need for procurement by buying activities other than GSA, a request for waiver justifying the procurement shall be submitted in writing to the General Services Administration (FCA), Washington, DC 20406. GSA will notify agencies in writing whether a waiver has been granted. Justification may be based on the urgency of need or the fact that the vehicle has unique characteristics, such as special purpose body or equipment, requiring the agency personnel to closely supervise installation of the equipment by the contractor; e.g., when a medical van is to be equipped with Government- or contractor-supplied equipment. Requests for procurement through sources other than GSA will be handled on an indi-

41 CFR Ch. 101 (7-1-07 Edition)

vidual basis provided full justification is submitted therefore.

(c) When it is determined by GSA that procurement of an individual agency requirement by GSA would offer no advantage over local purchase of the item, GSA may grant the ordering activity authority for local purchase. When such a determination is made, the order will be returned to the ordering agency with written authority for local purchase.

[38 FR 2176, Jan. 22, 1973, as amended at 43 FR 32767, July 28, 1978; 47 FR 41362, Sept. 20, 1982; 52 FR 29523, Aug. 10, 1987; 57 FR 47777, Oct. 20, 1992]

§ 101-26.501-2 Standardized buying programs.

Wherever practical, requirements for motor vehicles will be satisfied under existing standardized buying programs (Indefinite Quantity, Requirements, Federal Supply Schedule contracts). Agencies not familiar with these programs, or seeking additional information about them, are encouraged to contact the GSA Automotive Commodity Center prior to submitting their orders.

(a) Requirements contracts are in place or anticipated to be in place for the following types of standard motor vehicles:

(1) Medium and heavy trucks:

(i) 4x2 and 6x4 cab-chassis, stake, van, dump, and truck-tractor; 19,000 to 60,000 pounds GVWR.

(ii) 4x4 and 6x4 cab-chassis, stake, dump, and truck-tractor; 26,000 to 52,000 pounds GVWR.

(iii) 1,200 and 2,000 gallon fuel servicing vehicles; and 2,000 gallon aircraft refueler.

(2) Ambulances (in accordance with Federal Specification No. KKK-A-1822): Type I, modular body on cab-chassis; Type II, van body with raised roof; Type III, modular body on van cutaway chassis.

(3) Buses and mini-buses, including school buses:

(i) 32 to 44 adult passenger; 48 to 66 school age passenger.

(ii) 12 to 28 adult passenger; 24 to 42 school age passenger.

(4) Sedans and station wagons (based on standardized, consolidated requirements).

(5) Certain types of light trucks (e.g., conventional carryall, maintenance telephone utility); requirements contracts are established to cover as many types of light trucks as feasible.

(b) Federal Supply Schedule contracts are available to cover certain special purpose motor vehicles, such as firefighting trucks, waste disposal trucks, and construction equipment.

[57 FR 47777, Oct. 20, 1992]

§ 101-26.501-3 Consolidated purchase program.

(a) Except as noted in § 101-26.501(a) and where motor vehicle requirements can not be satisfied under the standardized buying programs described in § 101-26.501-2, GSA will continue to make consolidated procurements of all motor vehicle types each year to achieve maximum benefits and economies, as follows:

(1) Family buys—Large annual consolidated buys for sedans, station wagons, and standard light trucks, purchased in the aggregate by group to the extent practical. These procurements are designed to obtain the best market prices available and are normally definite quantity type with maximum option potential. It is anticipated that resulting contracts will remain in place from approximately mid-November to approximately May 1 (or end of model year closeout).

(2) Two (2) volume procurements each year for light trucks of the types covered by Federal standard Nos. 292 and 307, but not covered by standardized buying programs or family buys, as previously described. Requisitions to be included under these two procurements should reach the GSA Automotive Commodity Center by June 15 and December 1 respectively.

(3) Up to three (3) consolidated procurements for medium and heavy trucks and buses of the types covered by Federal standard No. 794, Federal specification Nos. KKK-T-2107, 2108, 2109, 2110, 2111, and Federal specification No. KKK-B-1579.

(b) Requirements not covered by Federal standards 122, 292, 307, or 794 shall conform with the provisions of § 101-26.501-4.

[57 FR 47777, Oct. 20, 1992]

§ 101-26.501-4 Submission of orders.

Orders for all motor vehicles shall be submitted on GSA Form 1781, Motor Vehicle Requisition, or DD Form 448, Military Interdepartmental Purchase Request (MIPR), to the General Services Administration, Automotive Commodity Center (FCA), Washington, DC 20406, and shall contain required FEDSTRIP data for mechanized processing. The Department of Defense shall ensure that appropriate MILSTRIP data are entered on DD Form 448.

(a) Requisitions covering vehicle types not included in Federal standard Nos. 122, 292, 307, or 794, in a military specification, or in an agency specification on file with GSA, shall contain complete descriptions of the vehicles required, the intended use of the vehicles, and terrain in which the vehicles will be used.

(b) Requisitions for vehicles within the category of Federal standard Nos. 122, 292, 307, or 794, but for which deviations from such standards are required, unless already waived by the Director, Automotive Commodity Center (FCA), Federal Supply Service, GSA, Washington, DC 20406, shall include with the requisition a justification supporting each deviation from the standards and shall contain a statement of the intended use of the vehicles, including a description of the terrain in which the vehicles will be used. Prior approval of deviations shall be indicated on the requisitions by citing the waiver authorization number.

(c) GSA Form 1781, Motor Vehicle Requisition, has been specifically designed for agency use to expedite ordering of all vehicles. Agencies are requested to use GSA Form 1781 as a single-line-item requisition for non-standard as well as standard vehicles. When ordering standard vehicles, the appropriate standard item number for such vehicles equipped to meet specific operational needs may be selected from the applicable table in the Federal standards. Additional systems and equipment may be added by inserting in the "Option Codes" portion of the form the appropriate code for the selected items from the table of options
