You must have a scheduled maintenance program for each motor vehicle you own or lease commercially. This requirement applies to domestic fleets, and is recommended for foreign fleets. The GSA Fleet will develop maintenance programs for GSA Fleet vehicles. The scheduled maintenance program must:

§ 102–34.280 What State inspections must we have for Government motor vehicles?

You must have the following State inspections for Government motor vehicles:

- (a) Federally-mandated emissions inspections when required by the relevant State motor vehicle administration or State environmental department. Your agency must pay for these inspections if the fee is not waived. GSA Fleet will pay the cost of these inspections for motor vehicles leased from GSA Fleet; or

(b) For motor vehicles that display license plates issued by a State, Commonwealth, territory, or possession of the United States, motor vehicle safety inspections required by the relevant motor vehicle administration. Your agency must pay for these inspections unless the fee is waived. Payment for these inspections for motor vehicles leased from GSA Fleet is the responsibility of the using agency. Government motor vehicles that display official U.S. Government license plates do not require motor vehicle safety inspections.
