§ 102–75.385 Do disposal agencies have the responsibility to notify eligible public agencies that airport property has been determined to be surplus?

Yes, the disposal agency must notify eligible public agencies that property currently used as or suitable for use as a public airport under the Surplus Property Act of 1944, as amended, has been determined to be surplus. A copy of the landholding agency’s Report of Excess Real Property (Standard Form 118, with accompanying schedules) must be transmitted with the copy of the surplus property notice sent to the appropriate regional office of the Federal Aviation Administration (FAA). The FAA must furnish an application form and instructions for the preparation of an application to eligible public agencies upon request.

§ 102–75.390 What does the term “surplus airport property” mean?

For the purposes of this part, surplus airport property is any surplus real property including improvements and personal property included as a part of the operating unit that the Administrator of FAA deems is—

(a) Essential, suitable, or desirable for the development, improvement, operation, or maintenance of a public airport, as defined in the Federal Airport Act, as amended (49 U.S.C. 1101); or

(b) Reasonably necessary to fulfill the immediate and foreseeable future requirements of the grantee for the development, improvement, operation, or maintenance of a public airport, including property needed to develop sources of revenue from non-aviation businesses at a public airport. Approval for non-aviation revenue-producing areas may only be given for such areas as are anticipated to generate net proceeds that do not exceed expected deficits for operation of the aviation area applied for at the airport.

§ 102–75.395 May surplus airport property be conveyed or disposed of to a State, political subdivision, municipality, or tax-supported institution for a public airport?

Yes, section 13(g) of the Surplus Property Act of 1944 (49 U.S.C. §47151) authorizes the disposal agency to convey or dispose of surplus airport property to a State, political subdivision, municipality, or tax-supported institution for use as a public airport.

§ 102–75.400 Is industrial property located on an airport also considered to be “airport property”?

No, if the Administrator of General Services determines that a property’s highest and best use is industrial, then the property must be classified as such for disposal without regard to the public benefit conveyance provisions of this subpart.

§ 102–75.405 What responsibilities does the Federal Aviation Administration (FAA) have after receiving a copy of the notice (and a copy of the Report of Excess Real Property (Standard Form 118)) given to eligible public agencies that there is surplus airport property?

As soon as possible after receiving the copy of the surplus notice, the FAA must inform the disposal agency of its determination. Then, the FAA must provide assistance to any eligible public agency known to have a need for the property for a public airport, so that the public agency may develop a comprehensive and coordinated plan of use and procurement for the property.

§ 102–75.410 What action must the disposal agency take after an eligible public agency has submitted a plan of use and application to acquire property for a public airport?

After an eligible public agency submits a plan of use and application, the disposal agency must transmit two copies of the plan and two copies of the application to the appropriate FAA regional office. The FAA must promptly submit a recommendation to the disposal agency for disposal of the property for a public airport or must inform the disposal agency that no such recommendation will be submitted.

§ 102–75.415 What happens after the disposal agency receives the FAA’s recommendation for disposal of the property for a public airport?

The head of the disposal agency, or his or her designee, may convey property approved by the FAA for use as a public airport to the eligible public
