relating to each profession or specialty within such profession in which candidates will be examined.

[21 FR 9806, Dec. 12, 1956, as amended at 24 FR 1790, Mar. 12, 1959]

§ 21.42 Examinations; junior assistant, assistant, or senior assistant grade.

The examination for appointment to the junior assistant, assistant, or senior assistant grade in the Regular Corps shall consist of (a) a written professional examination relating to the fundamentals of the candidate's profession or specialty within his profession and their relationship to the activities of the Service, and (b) an examination as to the candidate's general fitness, which shall include an oral interview, and a review and evaluation of the candidate's academic and professional education and professional training and experience, and may include other written tests to determine the candidate's fitness for appointment as an officer. If an applicant for appointment to any of these grades is an officer of the Reserve Corps who has been on active duty for not less than one year immediately preceding his application, the Surgeon General may direct that the officer be examined as provided in § 21.43.

[21 FR 9806, Dec. 12, 1956, as amended at 24 FR 1790, Mar. 12, 1959; 25 FR 11099, Nov. 23, 1960]

§ 21.43 Examination; full grade and above.

The examination for appointment to the full, senior, or director grade in the Regular Corps shall consist of a review and evaluation of the candidate's academic and professional education and professional training and experience. The Surgeon General may, however, direct that the examination of a candidate for appointment to any such grade shall also include an oral interview, a written or oral professional examination, or both.

§ 21.44 Clinical or other practical demonstration.

In the discretion of the Surgeon General a candidate for appointment to any grade up to and including the senior assistant grade in the Regular

Public Health Service, HHS

§21.47

Corps may be required to perform successfully a clinical or other practical demonstration which, if required, shall constitute a part of the professional examination.

§21.45 Rating values.

The examination of every candidate for appointment to any grade in the Regular Corps shall be rated by a board appointed pursuant to §21.30 in accordance with such relative values for each part of the examination as are prescribed by the Surgeon General. No candidate who receives a final rating below 80 shall be appointed in the Regular Corps.

§21.46 Merit roll.

Each board appointed pursuant to §21.30 to consider the qualifications of candidates for appointment as officers shall assign a numerical rating to each candidate for appointment in the Regular Corps who passes the examination, and shall submit a report to the Surgeon General of the ratings and the relative standing of all such candidates for each grade in each profession or specialty within a profession. The Surgeon General shall submit each such report with his recommendations to the Secretary, and, if approved by the Secretary, the report shall constitute a merit roll from which the Secretary shall, in accordance with relative standing, recommend available persons to the President for nomination as commissioned officers of the Regular Corps. A board may consider any newly discovered evidence relating to the physical, professional, or personal qualifications of any candidate examined for appointment. Upon recommendation of such board after review of such evidence, the Surgeon General, with the approval of the Secretary, may correct the rating of a candidate or may qualify or disqualify a candidate. The placing of a candidate's name on a merit roll shall give no assurance of an appointment. A merit roll shall expire when a new merit roll in the same profession or specialty within a profession and grade has been established, but no merit roll shall continue in effect longer than two years after its approval by the Secretary. Every candidate who has not been

nominated by the President for appointment prior to the expiration of a merit roll on which his name appears, shall, unless he requests the opportunity to be reexamined, be rated with the next group of candidates of the same profession or specialty within a profession for appointment in the same grade and shall be given the same rating he had on the expired merit roll. If two candidates who were examined at the same time receive the same numerical rating the elder candidate shall assume relative standing on the merit roll over the younger candidate. If a candidate whose name is being transferred from an expired to a new merit roll has the same numerical rating as a candidate whose name is being placed on the new merit roll for the first time, the former shall assume relative standing on the merit roll over the latter. The name of a candidate may be removed from a merit roll in the event that he refuses an appointment when offered. No candidate's eligibility for appointment shall exceed two years unless he again becomes eligible as the result of another examination.

[21 FR 9806, Dec. 12, 1956, as amended at 24 FR 1790, Mar. 12, 1959]

§21.47 Examination; anticipation of meeting qualifications.

A potential candidate for appointment in any grade in the Regular Corps may be examined within a period of nine months prior to the date upon which it is anticipated that he will qualify for appointment under this subpart. Upon successful completion of the examination, his name will be entered on a merit roll. In the event that his name, in order of relative standing among all candidates, precedes that of fully qualified candidates, his name, for purpose of appointment, shall be passed over in favor of fully qualified candidates until such time as he becomes fully qualified, but in no event shall he otherwise lose his relative standing on the merit roll, except as provided in §21.46. If the candidate fails to qualify for appointment at the time that it was anticipated that he would qualify, his name shall be removed from the merit roll.

§21.51

PROVISIONS APPLICABLE ONLY TO RESERVE CORPS

§21.51 Appointment of officers having specialized training or experience in administration and management.

The Surgeon General may recommend for original appointment in the Reserve Corps candidates who have specialized training or experience in administration and management relating to the functions of the Service. All such candidates shall be subject to the same eligibility requirements for original appointment as are applicable to other candidates, except that such a candidate may substitute experience in administration or management for the requirement of professional training or experience.

§21.52 Waiver of entrance qualifications for original appointment in time of war or national emergency.

If, in time of war or national emergency proclaimed by the President, the Secretary determines that there is need for commissioned personnel to meet the needs of the Service, other than persons eligible for examination for original appointment under the eligibility requirements prescribed in this subpart, he may prescribe standards of eligibility for examination for the original appointment of officers in the Reserve Corps without regard to such eligibility requirements. Such standards shall, however, authorize the examination only of candidates with specialized experience in administration or management or candidates with training or experience in fields relating to public health. The permanent grade of an officer who becomes eligible for examination for appointment pursuant to such standards and who becomes eligible for appointment after passage of an examination shall be limited to the junior assistant or the assistant grade, except that, if upon examination a candidate is found to be exceptionally qualified for the performance of highly specialized duties with the Service pursuant to §21.55, he may be recommended for appointment to any

42 CFR Ch. I (10-1-10 Edition)

grade up to and including the director grade.

[21 FR 9806, Dec. 12, 1956, as amended at 24 FR 1790, Mar. 12, 1959]

§21.53 Examination.

The examination of candidates for original appointment as officers to any grade in the Reserve Corps shall consist of a review and evaluation of their academic and other education and their training and experience. In the discretion of the Surgeon General the examination of any such candidate may include an oral interview, a written examination, or both.

§21.54 Students.

A potential candidate for appointment in the Regular Corps who is pursuing a course of instruction which, upon completion, would qualify him under §21.25 or §21.26 for examination for appointment in the junior assistant or assistant grade may be examined for and appointed in the Reserve Corps in the junior assistant grade but shall not be called to extended active duty until the successful completion of such course of instruction, except that: (a) He may be called to active duty for purposes of training for periods not to exceed 120 days during any fiscal year, and (b) those students who have completed at least 3 years of collegiate or professional study leading to the qualifying degree for appointment may be called to active duty for the purpose of completing the requirements of §21.25(a)(3). An appointment made under this subpart shall be terminated upon the officer's failure to continue a full-time course of study or failure to meet the requirements of §21.25(a)(3) within 18 months after entering on active duty.

[34 FR 706, Jan. 17, 1969]

§21.55 Appointment to higher grades; candidates exceptionally qualified in specialized fields.

Any candidate eligible for examination for appointment in the grade of assistant pursuant to §21.26 who, upon examination for such purpose, is found

Public Health Service, HHS

§21.72

exceptionally qualified for the performance of duties requiring highly specialized training or experience may be recommended for appointment in the Reserve Corps in any grade up to and including the director grade without regard to the additional years of post-graduate training or experience prescribed for grades above the assistant grade.

§21.56 Reappointment.

An officer of the Reserve Corps, after being examined and found qualified for reappointment, may be recommended for reappointment to the same grade in the event that his commission expires before he becomes eligible for reappointment to a higher grade, or may be recommended for reappointment to a higher grade to be effective on or after the date on which he meets the qualifications prescribed in this subpart for original appointment to such higher grade.

§21.57 Examination for reappointment.

The examination of an officer of the Reserve Corps on active duty who is being considered for reappointment in such corps shall consist of a review and evaluation of his record with the Service. The examination of an officer of the Reserve Corps on inactive duty who is being considered for reappointment in such corps shall consist of (a) a review and evaluation of his record with the Service while on active duty, if any, and (b) the record of his training or experience during the period of his inactive duty preceding such examination. In the discretion of the Surgeon General the examination for reappointment of an officer, whether on active or inactive duty, may include an oral interview.

§21.58 Physical examination for reappointment.

Every officer of the Reserve Corps being considered for reappointment shall undergo such physical examination as the Surgeon General may direct. An officer on active duty may be recommended for reappointment unless he is found to have a physical disability which is determined to render him physically unfit to perform the du-

ties of his office under section 402 of the Career Compensation Act of 1949, as amended. An officer may be recommended for promotion only if he meets the physical qualifications for original appointment. If an officer is not available to be physically examined because of circumstances which make it impracticable for the Service to require such examination, he may, in the discretion of the Surgeon General, be reappointed without such examination, but shall be examined as soon thereafter as practicable and his physical qualification or disqualification for continued or future active service shall be determined on the same basis as if the physical examination had been given prior to reappointment.

Failure to make such payments shall be established by notice from an authorized person to the designated official of the Department. Such notice shall specify the name and address of the payee to whom the allotment is payable. The amount of the allotment shall be the amount necessary to comply with the support order including amounts for arrearages as well as for current support. (3) Valid service is not accomplished until the notice is received in the office of the designated official.

(4) If the order of a court or duly authorized administrative agency seeks collection of arrearages, the notice must state that the support allotment qualifies for the additional 5 percent in excess of the maximum percentage limitations found in 15 U.S.C. 1673. Supporting evidence must be submitted to the Department establishing that the support order is 12 or more weeks in arrears.

(5) When the information submitted is not sufficient to identify the officer the notice shall be returned directly to the authorized person with an explanation of the deficiency. However, before returning the notice, an attempt should be made to inform the authorized person who caused the notice to be served that it will not be honored unless adequate information is supplied.

(6) Upon proper service of notice of delinquent support payments and together with all required supplementary documents and information, the Service shall identify the officer from whom moneys are due and payable. The pay of the officer shall be reduced by the amount necessary to comply with the support order and liquidate arrearages if any, if provided by order of a court or duly authorized administrative agency. The maximum amount to be allotted under the provision together with any other moneys withheld from the officer for support pursuant to a court order may not exceed:

When the officer submits evidence, copies shall be sent to the authorized person, together with notification that the officer's support claim will be honored. If the support claim is contested by the authorized person, the authorized person may refer it to the appropriate court or other authority for resolution. Pending resolution of a contested support claim, the allotment shall be made but the amount of such allotment may not exceed 50 percent of the officer's disposable earnings;

(ii) 60 percent of the officer's disposable earnings for any month when the officer fails to assert by affidavit or other acceptable evidence, that he or she is supporting a spouse or dependent child or both;

(iii) Regardless of the limitations above, an additional five percent of the officer's disposable earnings shall be withheld when it is stated in the notice that the officer is in arrears in an amount equivalent to 12 or more weeks' support.

(2) Where it appears that moneys are only temporarily exhausted or otherwise unavailable, the Commissioned Personnel Operations Division shall advise the authorized person in writing on a timely basis as to why, and for how long, the moneys will be unavailable.

The Service shall not be required to vary its normal allotment payment cycle to comply with the notice.

(g) *Designated official.* Department of Health and Human Services, General

Counsel, Room 5362 North Building, 330 Independence Avenue, SW., Washington, DC 20201.

Subpart A—Assignment of National Health Service Corps Personnel

§ 23.1 To what entities does this regulation apply?

This regulation applies to the assignment of National Health Service Corps personnel under section 333 *et seq.* of the Public Health Service Act (42 U.S.C. 254f) to provide health services in or to health manpower shortage areas as designated under section 332 of the Public Health Service Act (42 U.S.C. 254e).

§ 23.2 Definitions.

As used in this subpart:

Act means the Public Health Service Act, as amended.

Assigned National Health Service Corps personnel or *Corps personnel* means health personnel of the Regular and Reserve Corps of the Public Health Service Commissioned Corps and civilian personnel as designated by the Secretary including, but not limited to, physicians, dentists, nurses, and other health professions personnel who are assigned under section 333 of the Act and this regulation.

Health manpower shortage area means the geographic area, the population group, the public or nonprofit private medical facility or any other public facility which has been determined by the Secretary to have a shortage of health manpower under section 332 of the Act and its implementing regulation (42 CFR part 5).

National Health Service Corps site means the entity to which personnel have been assigned under section 333 of the Act and this regulation to provide health services in or to health manpower shortage area.

Nonprofit private entity means an entity which may not lawfully hold or use any part of its net earnings to the benefit of any private shareholder or individual and which does not hold or use its net earnings for that purpose.

Secretary means the Secretary of Health and Human Services and any other officer or employee of that Department to whom the authority involved has been delegated.

§ 23.3 What entities are eligible to apply for assignment?

Any public or nonprofit private entity which is located in a health manpower shortage area, or has a demonstrated interest in the shortage area, may apply for the assignment of National Health Service Corps personnel.

§ 23.4 How must an entity apply for assignment?

(a) An application for the assignment of National Health Service Corps personnel must be submitted to the Secretary by an eligible applicant in the form and at the time prescribed by the

§ 23.5

42 CFR Ch. I (10–1–10 Edition)

Secretary.¹ The application must be signed by an individual authorized to act for the applicant and to assume on behalf of the applicant the obligations imposed by law, the Act, this regulation, and any additional conditions of assignment imposed under these authorities.

(b) In addition to other pertinent information required by the Secretary, an application for the assignment of Corps personnel must include—

(1) A description of the applicant's overall organizational structure;

(2) A justification of the request for the assignment of personnel based upon the needs of the health manpower shortage area;

(3) A description of the applicant's financial plan for operating the National Health Service Corps site including a proposed budget, sources of non-Federal support obtained, and the proposed expenditures for obtaining adequate support staff, equipment and supplies;

(4) A list of the proposed fees and discounted fees to be charged for the provision of health services; and

(5) If an entity wishes to request an interest free loan (not to exceed \$50,000) under section 335(c) of the Act to assist the applicant in establishing the practice of the assigned National Health Service Corps personnel, a detailed justification of the amount requested must be included.

(c) An application for assignment must include evidence that the applicant has provided a copy of the completed application for review to (1) each health systems agency designated under section 1515 of the Act for the health service area which includes all or part of the health manpower shortage area for which an assignment of National Health Service Corps personnel is sought or (2) if no health systems agency has been designated for such a health service area, to each State health planning and development agency designated under section 1521 of the Act for each State which includes all or part of the health manpower shortage area for which an assignment

of National Health Service Corps personnel is sought.

(d) If an application for assignment is filed by an applicant which had previously been assigned National Health Service Corps personnel under an agreement entered into under section 329 of the Act as in effect before October 1, 1977, or under section 334 of the Act, the applicant must provide the information the Secretary considers necessary to make the determinations required by section 333(a)(1)(D) of the Act.

[45 FR 12790, Feb. 27, 1980, as amended at 51 FR 31948, Sept. 8, 1986]

§ 23.5 What are the criteria for deciding which applications for assignment will be approved?

(a) In approving or disapproving an application for assignment of Corps personnel, the Secretary will consider, among other pertinent factors:

(1) The applicant's ability and plans to meet the operational requirements in § 23.8.

(2) The administrative and managerial capability of the applicant.

(3) The soundness of the applicant's financial plan for operating the National Health Service Corps site.

(4) The extent to which community resources will be used in operating the National Health Service Corps site.

(5) Comments received from any designated health systems agency or any designated State health planning and development agency to which an application was submitted for review under § 23.4(c).

(6) Comments received from health professional societies serving the health manpower shortage area.

(b) Special consideration for the assignment of Corps personnel will be given to the entity which is located in a health manpower shortage area over an entity which is not located in a health manpower shortage area but has a demonstrated interest in it.

§ 23.6 What are the criteria for determining the entities to which National Health Service Corps personnel will be assigned?

(a) The Secretary may, upon approving an application for the assignment of personnel and after entering into an

¹Applications and instructions may be obtained from Regional Offices of the Department of Health and Human Services at the addresses set forth at 45 CFR 5.31(b).

agreement with an applicant under § 23.7, assign National Health Service Corps personnel to provide health services in or to a health manpower shortage area.

(b) In assigning National Health Service Corps personnel to serve in a health manpower shortage area, the Secretary will seek to assign personnel who have those characteristics which will increase the probability of their remaining to serve in the health manpower shortage area upon completion of the period of assignment. In addition, the Secretary will apply a weighted-value system in which the first factor listed below is assigned the greatest weight and the second, and third factors are assigned lesser weights in descending order:

(1) The need of the health manpower shortage area as determined by criteria established under section 332(b) of the Act.

(2) The willingness of individuals, government agencies, or health entities within the health manpower shortage area to cooperate with the National Health Service Corps in providing effective health services.

(3) The comments of health professional societies serving the health manpower shortage area.

[45 FR 12790, Feb. 27, 1980, as amended at 51 FR 31948, Sept. 8, 1986]

§ 23.7 What must an entity agree to do before the assignment is made?

(a) *Requirements.* To carry out the purposes of section 334 of the Act, each National Health Service Corps site must enter into an agreement with the Secretary under which the site agrees to:

(1) Be responsible for charging for health services provided by assigned National Health Service Corps personnel;

(2) Take reasonable action for the collection of the charges for those health services;

(3) Reimburse the United States the sums required under section 334 of the Act; and

(4) Prepare and submit an annual report. The agreement will set forth the period of assignment (not to exceed 4 years), the number and type of Corps personnel to be assigned to the site,

and other requirements which the Secretary determines necessary to carry out the purposes of the Act.

(b) *Termination.* An agreement entered into under this section may be terminated by either party on 30-days written notice or modified by mutual consent consistent with section 333 of the Act.

[45 FR 12790, Feb. 27, 1980, as amended at 51 FR 31948, Sept. 8, 1986]

§ 23.8 What operational requirements apply to an entity to which National Health Service Corps personnel are assigned?

Each National Health Service Corps site must:

(a) Operate a health care delivery system within a planned or existing community structure to assure:

(1) The provision of high quality comprehensive health care;

(2) To the extent feasible, full professional health care coverage for the health manpower shortage area;

(3) Continuum of care; and

(4) The availability and accessibility of secondary and tertiary health care (the two more sophisticated levels of health care beyond primary care);

(b) Establish and maintain a patient record system;

(c) Implement a system for maintaining the confidentiality of patient records;

(d) Meet the requirements of applicable fire and safety codes;

(e) Develop, to the extent feasible, linkages with other health care facilities for the provision of services which supplement or complement the services furnished by the assigned Corps personnel;

(f) Operate a quality assurance system which meets the requirements of 42 CFR 51c.303(c) for the establishment and operation of a quality assurance system in a community health center; and

(g) Establish basic data, cost accounting, and management information and reporting systems as prescribed by the Secretary.

§ 23.9 What must an entity to which National Health Service Corps personnel are assigned (i.e., a National Health Service Corps site) charge for the provision of health services by assigned personnel?

(a) Except as provided in paragraph (b) of this section, individuals receiving services from assigned National Health Service Corps personnel must be charged on a fee-for-service or other basis at a rate which is computed to permit recovery of the value of the services and is approved by the Secretary.

(b) In determining whether to approve fees to be charged for health services, the Secretary will consider: The costs to the National Health Service Corps of providing the health services; the costs to the health manpower shortage area for providing the services; and the charges for similar services by other practitioners or facilities in or nearby the health manpower shortage area. However, if assigned National Health Service Corps personnel are providing services within the framework of an established health services delivery system, the Secretary may approve the fees charged under that system without regard to the foregoing factors.

(c)(1) No charge or a nominal charge will be made for health services provided by assigned National Health Service Corps personnel to individuals within the health manpower shortage area with annual incomes at or below the “CSA Income Poverty Guidelines” (45 CFR 1060.2). However, no individual will be denied health services based upon inability to pay for the services. Any individual who has an annual income above the “CSA Income Poverty Guidelines,” but whose income does not exceed 200 percent of the CSA levels, will receive health services at a nominal charge. However, charges will be made for services to the extent that payment will be made by a third party which is authorized or under legal obligation to pay the charges.

(2) The provisions of this paragraph also apply with respect to services provided by an individual who is fulfilling an NHSC scholarship obligation under section 753 or who received a special grant under section 755.

§ 23.10 Under what circumstances may a National Health Service Corps site’s reimbursement obligation to the Federal Government be waived?

(a) The Secretary may waive in whole or in part the reimbursement requirements of section 334(a)(3) of the Act if he determines that:

(1) The National Health Service Corps site is financially unable to meet the reimbursement requirements or that compliance with those requirements will unreasonably limit the ability of the site to adequately support the provision of services by assigned Corps personnel. In making these determinations, the Secretary will consider—

(i) The costs necessary to adequately support the health services provided by the assigned National Health Service Corps personnel and the income and financial resources available to meet the costs;

(ii) The ability of the applicant to obtain credit from suppliers, lending institutions, private organizations and individuals;

(iii) The need of the health manpower shortage area for health services; and

(iv) The extent to which the National Health Service Corps site utilizes health professions personnel.

(2) A significant percentage of the individuals who are located in the health manpower shortage area and are receiving the health services of the assigned National Health Service Corps personnel are elderly, living in poverty, or have other characteristics which indicate an inability to pay. For purposes of this section, “elderly” means persons 65 years or older and the “CSA Income Poverty Guidelines” will be used as the standard for determining whether individuals are living in poverty. Other characteristics indicating inability to pay include, but are not to be limited to, the ratio of unemployment in the health manpower shortage area and the area’s cost-of-living index.

(b) The Secretary may waive in whole or in part the reimbursement requirements of section 334(f)(1) of the Act if he or she determines that the National Health Service Corps site is a small health center (as defined by section 334(f)(5) of the Act) that needs all

or part of the amount otherwise payable to—

(1) Expand or improve its provision of health services;

(2) Increase the number of individuals served;

(3) Renovate or modernize facilities for its provision of health services;

(4) Improve the administration of its health service programs; or

(5) Establish a financial reserve to assure its ability to continue providing health services;

(c) Where the Secretary determines that a National Health Service Corps site is eligible for a waiver under paragraph (a) (1) or (2) of this section, the Secretary may waive the application of the reimbursement requirements of section 334(a)(3) of the Act and apply the reimbursement requirements of section 334(f)(1) of the Act. The Secretary may waive in whole or in part the reimbursement requirements of section 334(f)(1) for such a site if he or she determines that the National Health Service Corps site meets the requirements of paragraph (a)(1) of this section. Funds retained by a National Health Service Corps site as a result of such waiver must be used for the purposes set forth in paragraphs (b) (1) through (5) of this section.

(d) Requests for a prospective or retrospective waiver must be made at the time and in the manner and contain the documentation prescribed by the Secretary.

[45 FR 12790, Feb. 27, 1980, as amended at 51 FR 31948, Sept. 8, 1986]

§ 23.11 Under what circumstances may the Secretary sell equipment or other property of the United States used by the National Health Service Corps site?

(a) Upon expiration of the assignment of all Corps personnel to a health manpower shortage area, the Secretary may sell equipment and other property of the United States used by the assigned personnel. The equipment may be sold at the fair market value or less than the fair market value to any entity providing health services in or to a health manpower shortage area if the Secretary determines that an entity is unable to pay the fair market value. In determining whether an entity is fi-

nancially unable to purchase equipment or property at fair market value, the Secretary will consider (1) the present financial resources of the entity available to purchase the equipment or property based upon its current liabilities, and (2) the entity's ability to obtain the funds necessary to purchase the equipment or property. However, the Secretary will not sell the equipment or property for less than fair market value to a profitmaking organization unless the organization gives reasonable assurance that it will use the equipment or property to provide health services in or to the health manpower shortage area.

(b) The Secretary will give priority to sales to an entity providing reasonable assurance that it will use the equipment or property for the purpose of retaining within the health manpower shortage area National Health Service Corps personnel who have completed their assignments.

§ 23.12 Who will supervise and control the assigned personnel?

Assigned National Health Service Corps personnel will at all times remain under the direct supervision and control of the Secretary. Observance of institutional rules and regulations by the assigned personnel is a mere incident of the performance of their Federal functions and does not alter their direct professional and administrative responsibility to the Secretary.

§ 23.13 What nondiscrimination requirements apply to National Health Service Corps sites?

National Health Service Corps sites are advised that in addition to complying with the terms and conditions of this regulation, the following laws and regulations are applicable—

(a) Title VI of the Civil Rights Act of 1964 (43 U.S.C. 2000d *et seq.*) and its implementing regulations, 45 CFR part 80 (prohibiting discrimination in federally assisted programs on the grounds of race, color, or national origin); and

(b) Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) and its implementing regulations, 45 CFR part 84 (prohibiting discrimination in federally assisted programs on the basis of handicap).

§ 23.21

(c) The Age Discrimination Act of 1975 (42 U.S.C. 6101 *et seq.*) and its implementing regulations, 45 CFR part 91 (prohibiting nondiscrimination on the basis of age in HHS programs or activities receiving Federal financial assistance).

§ 23.24 In what amounts are loans made?

The Secretary may make loans either in the amount of \$12,500, if the recipient agrees to practice in accordance with the loan agreement for a period of at least 1 year but less than 2 years, or \$25,000, if the recipient agrees to practice in accordance with the loan agreement for a period of at least 2 years.

Only interest payments are required during the first 2 years. The repayment schedule may be extended in accordance with § 23.31(a).

§ 23.27 What happens if scheduled payments are late?

(a) Failure to make full payment of principal and/or interest when due will subject the borrower to the assessment of administrative costs and penalty

charges, in addition to the regular interest charge, in accordance with 45 CFR part 30.

(b) Failure to make full payment of principal and/or interest when due may result in the Secretary placing the borrower in default of the loan. See § 23.28(a).

§ 23.28 What events constitute default?

The following events will constitute defaults of the loan agreement:

(a) Failure to make full payment of principal and/or interest when due, and continuance of that failure for a period of sixty (60) days, or a lesser period of time if the Secretary determines that more immediate action is necessary in order to protect the interests of the Government.

(b) Failure to perform or observe any of the terms and conditions of the loan agreement and continuance of that failure for a period of sixty (60) days.

(c) The institution of bankruptcy proceedings, either voluntary or involuntary, under any State or Federal statute, which may adversely affect the borrower's ability to comply with the terms and conditions of the agreement or the promissory note.

§ 23.29 What happens in the case of a default?

(a) In the event of default, the Secretary may declare the entire amount owed (including principal, accrued interest and any applicable charges) immediately due and payable. Collection of the amount owed will be made in accordance with 45 CFR part 30.

(b) The borrower is not entitled to written notice of any default and the failure to deliver written notice of default in no way affects the Secretary's right to declare the loan in default and take any appropriate action under the loan agreement or the promissory note.

(c) The failure of the Secretary to exercise any remedy available under law or regulation shall in no event be construed as a waiver of his or her right to exercise that remedy if any subsequent or continued default or breach occurs.

§ 23.30 May the loan be prepaid?

The borrower shall have the option to prepay the balance of any part of the loan, together with accrued inter-

est, at any time without prepayment penalty.

§ 23.31 May loan payments be postponed or waived?

(a) Whenever health, economic, or other personal problems affect the borrower's ability to make scheduled payments on the loan, the Secretary may allow the borrower an extension of time or allow the borrower to make smaller payments than were previously scheduled; however, interest will continue to accrue at the rate specified in the promissory note until the loan is repaid in full. The loan must be fully repaid within 10 years after it was made.

(b) No waiver, full or partial, of repayment of the loan will be granted; except that the obligation of a borrower to repay a loan shall be cancelled upon the death or total and permanent disability of the borrower, as determined by the Secretary.

(c) In order to make a determination under paragraph (a) or (b) of this section, the Secretary may require supporting medical, financial, or other documentation.

§ 23.32 What conditions are imposed on the use of the loan funds?

(a) The borrower must use the total amount of the loan to purchase or lease, or both, equipment and supplies, to hire authorized personnel to assist in providing health services and/or to renovate facilities for use in providing health services in his or her private practice. Equipment and supplies purchased and/or leased, personnel hired and facilities renovated shall be limited to the items requested in the loan application and approved by the Secretary.

(b) The borrower must expend the loan funds within 6 months from the date of the loan or within such other time as the Secretary may approve. Documentation of the expenditure of funds must be furnished to the Secretary upon request.

§ 23.33 What security must be given for these loans?

The Secretary may require the borrower to pledge to the Secretary a security interest in specified collateral.

§ 23.34

42 CFR Ch. I (10–1–10 Edition)

§ 23.34 What other conditions are imposed?

(f) The borrower must keep and preserve all documents, including bills, receipts, checks, and correspondence which affect the operation of the private practice and the expenditure of loan funds for the period of the practice obligation specified in the loan agreement plus 3 years. Accounts will be maintained under one of the accounting principles identified by the Secretary in the loan agreement.

All infor-

mation as to personal facts and circumstances about recipients of services shall be held confidential, and shall not be divulged without the individual's consent except as may be required by law or as may be necessary to provide medical service to the individual or to provide for medical or fiscal audits by the Secretary or his or her designee with appropriate safeguards for confidentiality of records.

(h) For the entire period of loan repayment, the borrower must acquire, maintain, and when requested, must provide the Secretary with copies of policies of insurance on equipment and supplies in amounts adequate to reasonably protect the borrower from risk, including public liability, fire, theft, and worker's compensation.

(b) The applicant's need for the loan funds; and

(c) The comments from State or local health professional societies on the appropriateness of the applicant's intended private practice; and

(d) The applicant's credit worthiness and projected financial ability to repay the loan.

§ 24.1 Establishment.

There is established in the Public Health Service (PHS) a Senior Biomedical Research Service (SBRs) consisting of members the maximum number of which is prescribed by law.

§ 24.2 Allocation.

(a) The Secretary, within the number authorized in the PHS Act, shall determine the number of SBRs slots to be allocated to each participating Operating Division.

(b) The SBRs Policy Board may advise the Secretary to make adjustments to the allocation at any time.

(c) The majority of the SBRs allocation is to be reserved for recruitment. The remaining SBRs allocation may be used for the retention of current employees.

(d) SBRs slots will be used judiciously, resulting in SBRs appointments only where other senior-level appointing authorities are not sufficient to recruit or retain scientific talent.

(e) The Secretary will ensure that SBRs slots are used in support of high priority programs authorized by Congress and which directly support the research goals and priorities of the Department.

§ 24.3 Policy Board.

The Secretary or his/her designee shall establish an SBRs Policy Board to serve in an advisory capacity, recommending SBRs allocations among the participating Operating Divisions,

§ 24.4

reviewing the operations of the SBRS and ensuring consistent application of regulations, policies, and procedural guidelines, and recommending changes to the Secretary as necessary. Membership, to the extent possible, will include SBRS eligibles nominated by their respective Operating Divisions, will be weighted in proportion to Operating Divisions' SBRS allocations, and will include representation from the Office of the Secretary. The Secretary or his/her designee will select the board membership and the Chair.

§ 24.4 Eligibility.

To be eligible for appointment to the Service an individual must have a doctoral-level degree in biomedicine or a related field and must meet the qualification standards prescribed by the U.S. Office of Personnel Management for appointment to a position at GS-15 of the General Schedule. In addition, the individual must be outstanding in the field of biomedical research or clinical research evaluation. Appointment to the Service will be made only to individuals actively engaged in either biomedical research or clinical research evaluation.

(a) Outstanding in the field of biomedical research means an individual who is actively engaged in peer-reviewed original biomedical research and whose work in this area is considered by his or her peers to be outstanding. In order to meet the eligibility criteria, an individual must have conducted original peer-reviewed biomedical research resulting in major accomplishments reflected by a steady and current record of highly cited publications in peer-reviewed journals of high stature. In addition, the individual should be the recipient of major prizes and awards (such as visiting professorships and named lectureships) in recognition of original contributions to research.

(b) Outstanding in the field of clinical research evaluation means that an individual is actively engaged in clinical research evaluation and is considered by his or her peers to be outstanding. In order to meet the eligibility criteria, an individual, by force of his or her own technical expertise, must be in a position to shape the

42 CFR Ch. I (10-1-10 Edition)

course of drug or device evaluation or exert a similar influence on the PHS handling of other agents that may affect the public health. The individual would normally have dealt with complex, precedent-setting evaluation issues that involved significant scientific controversy, had far reaching implications for clinical research or resulted in a widespread economic effect in the health-care delivery system. In addition, the individual should have been involved in the development of scientific or regulatory guidelines for clinical research and been the recipient of invitations to speak at or to chair major national or international meetings and symposia.

§ 24.5 Peer review.

An individual may not be considered for appointment into the SBRS unless his/her qualifications have been reviewed by a PHS peer review committee and the committee has recommended appointment to the Service.

§ 24.6 Pay and compensation.

The SBRS is an ungraded system, with a single, flexible pay range to include all members.

(a) Pay of the members of the Service shall be determined by the Secretary or his/her designee.

(b) The pay of a member of the Service shall be not less than the minimum rate payable for GS-15 of the General Schedule and shall not exceed:

(2) The rate payable for level II of the Executive Schedule unless a higher rate of pay is expressly approved on an individual basis by the Secretary.

(c) While the full pay range will be used, individual pay at the higher end of the range will be used only as needed to recognize individual scientific value and as necessary to recruit or retain an exceptionally well-qualified scientist.

(d) The following factors will be used in establishing appropriate pay rates for individual members:

(1) Impact of the individual on the scientific field;

Public Health Service, HHS

§ 24.9

(2) Recognition of the individual by the scientific community;

(3) Originality of the individual's ideas/work products;

(4) Specific "clinical" or highly technical skills of the individual which are of benefit to the agency and which are in addition to requirements of the basic scientific assignment;

(5) The individual's earnings and monetary benefits;

(6) Salary surveys of similar skills in pertinent labor markets; and

(7) Other relevant factors.

(e) Annual adjustments to pay rates may be made effective on the first day of the first pay period on or after January 1 of each calendar year. The rate of such adjustments will be at the discretion of the Secretary or his/her designee, except that the minimum rate payable in the SBRS will be increased to the amount of the minimum rate of the GS-15 of the General Schedule.

(f) Other pay adjustments will be made on an individual basis by the Secretary or his/her designee.

(g) Except as provided in paragraph

(h) of this section, new appointees to the Service, who are not covered by the Civil Service Retirement System, will be covered by the Federal Employees Retirement System.

(h) Upon the request of a member who performed service in the employ of an institution of higher education immediately prior to his appointment as a member of the Service, and retains the right to make contributions to the retirement system of such institution, the Department of Health and Human Services may contribute an amount not to exceed ten percent per annum of the member's basic pay to such institution's retirement system on behalf of such member. A member who participates in this program shall not be covered by any retirement system established for employees of the United States under title 5, United States Code.

§ 24.7 Performance appraisal system.

The members of the Service shall be subject to a performance appraisal system which shall be designed to encourage excellence in performance and shall provide for a periodic and system-

§ 24.8 Applicability of provisions of Title 5, U.S. Code.

(a) Appointments to the Service shall be made without regard to the provisions of title 5, U.S. Code regarding appointments.

(1) Subchapter I of Chapter 35 (relating to retention preference in the event of reduction in force);

(2) Chapter 43, Performance Appraisal (and performance-based actions);

(3) Chapter 51 (relating to classification);

(4) Subchapter III of Chapter 53, The General Schedule; and

(5) Chapter 75, Adverse Actions.

(c) Other provisions of Title 5 will be applied as administratively determined by the Secretary or his/her designee.

§ 24.9 Removal from the Service.

(a) A member of the Service may be subject to disciplinary action, including removal from the Service, for substandard performance of duty as a member of the service, for misconduct, for reasons of national security or for other reasons as determined by the Secretary.

(b) A member for whom disciplinary action is proposed is entitled to:

(1) Written notice of the proposed action and the basis therefor;

(2) A reasonable opportunity to answer the notice of proposed action both orally and in writing;

(3) The right to be represented by an attorney or other representative in making such answer; and

(4) A written decision on the proposal.

(c) The decision may be made by an official with delegated authority to take such action, but in no case may the official be at a level below the head of the Operating Division where the member is assigned.

(d) A member who is separated from the Service involuntarily and without cause and who, immediately prior to his appointment to the Service, was a career appointee in the civil service or the Senior Executive Service, may be

§ 24.10

appointed to a position in the competitive civil service at grade GS-15 of the General Schedule. Such an appointment may be made by the Secretary or his/her designee without regard to the provisions of title 5, U.S. Code regarding appointments in the civil service.

(e) A member who is separated from the Service involuntarily and without cause and who, immediately prior to appointment to the Service, was not a career appointee in the civil service or the Senior Executive Service may be appointed to a position in the excepted civil service at grade GS-15 of the General Schedule for a period not to exceed two years.

(f) There shall be no right to further review of the final decision on a disciplinary action. At his/her discretion,

42 CFR Ch. I (10-1-10 Edition)

the Secretary may review an action taken under this section and may reduce, suspend, or overrule the action taken.

(g) A member of the Service may be removed from the Service for such other reasons as may be prescribed by the Secretary.

§ 24.10 Reporting.

For each quarter of the first year of implementation and annually thereafter, participating Operating Divisions shall maintain reports on the operation of the SBRs. At a minimum, these reports should include the number of appointees, the source of those appointees, their earnings immediately prior to appointment, and their SBRs pay at appointment.
