the notice of the disallowance, as established by the certified mail receipt accompanying the notices.

(3) If the agency withdraws either its decision to retain the FFP or its appeal on all or part of the FFP or both, the agency must notify CMS in writing.

(4) If the agency does not notify the CMS Regional Administrator within the time limit set forth in paragraph (c)(2) of this section. CMS will recover the amount of the disallowed funds from the next possible Medicaid grant award to the State.

(d) *Amount of interest charged.* (1) If the agency retains funds that later become subject to an interest charge under paragraph (b) of this section, CMS will offset from the next Medicaid grant award to the State the amount of the funds subject to the interest charge, plus interest on that amount.

(2) The interest charge is at the rate CMS determines to be the average of the bond equivalent of the weekly 90-day Treasury bill auction rates during the period for which interest will be charged.

(e) *Duration of interest.* (1) The interest charge on the amount of disallowed FFP retained by the agency will begin on the date of the disallowance notice and end—

(i) On the date of the final determination by the Board;

(ii) On the date CMS receives written notice from the State that it is withdrawing its appeal on all of the disallowed funds; or

(iii) If the agency withdraws its appeal on part of the funds, on (A) the date CMS receives written notice from the agency that it is withdrawing its appeal on a specified part of the disallowed funds for the part on which the agency withdraws its appeal; and (B) the date of the final determination by the Board on the part for which the agency pursues its appeal; or

(iv) The date CMS receives written notice from the agency that it no longer chooses to retain the funds.

(2) CMS will not charge interest on FFP retained by an agency for more than 12 months for disallowances of FFP made between October 1, 1980 and August 13, 1981.

§ 433.40 Treatment of uncashed or cancelled (voided) Medicaid checks.

(a) *Purpose.* This section provides the rules to ensure that States refund the Federal portion of uncashed or cancelled (voided) checks under title XIX.

(b) *Definitions.* As used in this section—

Cancelled (voided) check means a Medicaid check issued by a State or fiscal agent which prior to its being cashed is cancelled (voided) by the State or fiscal agent, thus preventing disbursement of funds.

Check means a check or warrant that a State or local agency uses to make a payment.

Fiscal agent means an entity that processes or pays vendor claims for the Medicaid State agency.

Uncashed check means a Medicaid check issued by a State or fiscal agent which has not been cashed by the payee.

Warrant means an order by which the State agency or local agency without the authority to issue checks recognizes a claim. Presentation of a warrant by the payee to a State officer with authority to issue checks will result in release of funds due.

(c) *Refund of Federal financial participation (FFP) for uncashed checks*—(1) *General provisions.* If a check remains uncashed beyond a period of 180 days from the date it was issued; i.e., the date of the check, it will no longer be regarded as an allowable program expenditure. If the State has claimed and received FFP for the amount of the uncashed check, it must refund the amount of FFP received.

(2) *Report of refund.* At the end of each calendar quarter, the State must identify those checks which remain uncashed beyond a period of 180 days after issuance. The State agency must refund all FFP that it received for uncashed checks by adjusting the Quarterly Statement of Expenditures for that quarter. If an uncashed check is cashed after the refund is made, the State may file a claim. The claim will be considered to be an adjustment to the costs for the quarter in which the check was originally claimed. This claim will be paid if otherwise allowed by the Act and the regulations issued pursuant to the Act.

(3) If the State does not refund the appropriate amount as specified in paragraph (c)(2) of this section, the amount will be disallowed.

(d) *Refund of FFP for cancelled (voided) checks*—(1) *General provision.* If the State has claimed and received FFP for the amount of a cancelled (voided) check, it must refund the amount of FFP received.

(2) *Report of refund.* At the end of each calendar quarter, the State agency must identify those checks which were cancelled (voided). The State must refund all FFP that it received for cancelled (voided) checks by adjusting the Quarterly Statement of Expenditures for that quarter.

(3) If the State does not refund the appropriate amount as specified in paragraph (d)(2) of this section, the amount will be disallowed.

Subpart B—General Administrative Requirements State Financial Participation

SOURCE: 57 FR 55138, Nov. 24, 1992, unless otherwise noted.

§ 433.50 Basis, scope, and applicability.

(a) *Basis.* This subpart interprets and implements—(1) Section 1902(a)(2) and section 1903(w)(7)(G) of the Act, which require States to share in the cost of medical assistance expenditures and permit State and local units of government to participate in the financing of the non-Federal portion of medical assistance expenditures.

(i) A unit of government is a State, a city, a county, a special purpose district, or other governmental unit in the State that: has taxing authority, has direct access to tax revenues, is a State university teaching hospital with direct appropriations from the State treasury, or is an Indian tribe as defined in Section 4 of the Indian Self-Determination and Education Assistance Act, as amended [25 U.S.C. 450b].

(ii) A health care provider may be considered a unit of government only when it is operated by a unit of government as demonstrated by a showing of the following:

(A) The health care provider has generally applicable taxing authority; or

(B) The health care provider has direct access to generally applicable tax revenues. This means the health care provider is able to directly access funding as an integral part of a unit of government with taxing authority which is legally obligated to fund the health care provider's expenses, liabilities, and deficits, so that a contractual arrangement with the State or local government is not the primary or sole basis for the health care provider to receive tax revenues;

(C) The health care provider receives appropriated funding as a State university teaching hospital providing supervised teaching experiences to graduate medical school interns and residents enrolled in a State university in the State; or

(D) The health care provider is an Indian Tribe or Tribal organization (as those terms are defined in Section 4 of the Indian Self-Determination and Education Assistance Act (ISDEAA); 25 U.S.C. 450b) and meets the following criteria:

(*1*) If the entity is a Tribal organization, it is—

(*a*) Carrying out health programs of the IHS, including health services which are eligible for reimbursement by Medicaid, under a contract or compact entered into between the Tribal organization and the Indian Health Service pursuant to the Indian Self-Determination and Education Assistance Act, Public Law 93–638, as amended, and

(*b*) Either the recognized governing body of an Indian tribe, or an entity which is formed solely by, wholly owned or comprised of, and exclusively controlled by Indian tribes.

(2) Section 1903(a) of the Act, which requires the Secretary to pay each State an amount equal to the Federal medical assistance percentage of the total amount expended as medical assistance under the State's plan.

(3) Section 1903(w) of the Act, which specifies the treatment of revenues from provider-related donations and health care-related taxes in determining a State's medical assistance expenditures for which Federal financial
