§ 433.67 Limitations on level of FFP for permissible provider-related donations.

(a)(1) Limitations on bona fide donations. There are no limitations on the amount of bona fide provider-related donations that a State may receive without a reduction in FFP, as long as the bona fide donations meet the requirements of §433.66(b)(1).

(2) Limitations on donations for outstationed eligibility workers. Effective October 1, 1992, the maximum amount of provider-related donations for outstationed eligibility workers, as described in §433.66(b)(2), that a State may receive without a reduction in FFP may not exceed 10 percent of a State’s medical assistance administrative costs (both the Federal and State share), excluding the costs of family planning activities. The 10 percent limit for provider-related donations for outstationed eligibility workers is not included in the limit in effect through September 30, 1995, for health care-related taxes as described in §433.70.

(b) Calculation of FFP. CMS will deduct from a State’s quarterly medical assistance expenditures before calculating FFP, funds from provider-related donations and revenues generated by health care-related taxes received by a State or unit of local government, in accordance with the requirements, conditions, and limitations of this subpart, if the donations and taxes are not—

(a) Permissible provider-related donations, as specified in §433.66(b); or

(b) Health care-related taxes, as specified in §433.68(b).
