This review includes analysis of procedures and policies of State and local agencies and examination of case records of individual recipients.

#### § 201.11 Personnel merit system review.

A personnel merit system review is carried out by the Office of State Merit Systems of the Office of the Assistant Secretary for Administration of the Department. The purpose of the review is to evaluate the effectiveness of the State merit system relating to the public assistance programs and to determine whether there is compliance with Federal requirements in the administration of the merit system plan. See part 70 of this title.

#### § 201.12 Public assistance audits.

(a) Annually, or at such frequencies as are considered necessary and appropriate, the operations of the State agency are audited by representatives of the Audit Agency of the Department.

(b) Reports of these audits are released by the Audit Agency simultaneously to program officials of the Department, and to the cognizant State officials. These audit reports relate the opinion of the Audit Agency on the practices reviewed and the allowability of costs audited at the State agency. Final determinations as to actions required on all matters reported are made by cognizant officials of the Department.

Provision is made for the State agency to appeal proposed audit exceptions in which it has not concurred and which have not been deleted on the basis of clearance material. After consideration of a State agency's appeal by the Administrator, the Administration advises the State agency of any expenditures in which the Federal Government may not participate and requests it to include the amount as adjustments in a subsequent statement of expenditures. Expenditures in which it is found the Federal Government may not participate and which are not properly adjusted through the State's claim will be deducted from subsequent grants made to the State agency.
