The alternative systems considered should include the advantages of the proposed system over the alternatives and should indicate the period of time the system will be operated to justify the funds invested. ACF certified systems that are already in place in other States must be included in the alternatives to be considered and evaluated;

(6) A plan for distribution of costs, containing the basis for rates, both direct and indirect, to be in effect under such a statewide management system;

(7) An implementation plan with charts of development events, testing description, proposed acceptance criteria, and backup and fallback procedures to handle possible failure of a system; and

(8) Evidence that the State's system will be compatible with those of the FSA to facilitate the exchange of data between the State and Federal system.

(b) ACF shall on a continuing basis, review, assess, and inspect the planning, design, and operation of, statewide management information systems, with a view to determining whether, and to what extent, these systems meet and continue to meet the requirements under these regulations.

(c) If ACF finds that any statewide management information system referred to in §205.38 fails to comply substantially with criteria, requirements, and other undertakings prescribed by the approved advance automatic data processing planning document, approval of such document shall be suspended. The State will be given written notice of the suspension. The notice of suspension will state the reason for the suspension, whether the suspended system complies with the criteria for 50 percent FFP under 45 CFR part 95, the actions required for future Federal funding, and the effective date of the suspension. The suspension will state the reason for the suspension, whether the suspended system complies with the criteria for 50 percent FFP under 45 CFR part 95, the actions required for future Federal funding, and the effective date of the suspension. The suspension shall be effective as of the date that the system failed to comply substantially with the approved APD. The suspension shall remain in effect until ACF makes a determination that such system complies with prescribed criteria, requirements, and other undertakings for future Federal funding. Should a State cease development of their approved system, either by voluntary withdrawal or as a result of Federal suspension, all Federal incentive funds invested to date that exceed the normal administrative FFP rate (50 percent) will be subject to recoupment.

(d) ACF shall provide technical assistance to States as is deemed necessary to assist States to plan, design, develop, or install and provide for the security of the management information systems.

(e) Approvals of the systems by ACF under the provisions of this section will be undertaken only as a result of State applications for increased matching. The requirements of 45 CFR part 95, subpart E and subpart F apply.

§205.38 Federal financial participation (FFP) for establishing a statewide mechanized system.

(a) Effective July 1, 1981 through March 31, 1994, FFP is available at 90 percent of expenditures incurred for planning, design, development or installation of a statewide automated application processing and information retrieval system which are consistent with an approved ADP. (Beginning April 1, 1994 the match rate available for development of title IV-A automated systems is 50 percent.) The 90 percent FFP includes the purchase or rental of computer equipment and software directly required for and used in the operation of this system.

(b) ACF will approve the system provided the following conditions are met—

(1) ACF determines that the system is likely to provide more efficient, economical, and effective administration of the AFDC program.

(2) The system is compatible with the claims processing and information retrieval systems used in the administration of State plans approved under title XIX, and State programs where there is FFP under title XX.

(3) The system meets the requirements referred to in §205.36.

(4) The system meets criteria established in the title IV-A (AFDC) Automated Application Processing and Information Retrieval System Guide...
issued by ACF and which provides specific standard requirements for major functions, such as automated eligibility determination, grant computation, verification, referral, management control, compatibility, and data security.

(5) The State agency certifies that—
   (i) The State will have all ownership rights in software or modifications thereof and associated documentation designed or developed with 90 percent FFP under this section, except that the Department of Health and Human Services reserves a royalty-free, non-exclusive, and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use for Federal government purposes, such software, modifications, and documentation;
   (ii) Methods and procedures for properly charging the cost of all systems whether acquired from public or private sources shall be in accordance with Federal regulations in part 74 of this title and the applicable ACF title IV-A (APDC) Automated Application Processing and Information Retrieval System Guide;
   (iii) The complete system planned, designed, developed, installed, and hardware acquired, with FFP under these regulations will be used for a period of time which is consistent with the advance planning document as approved, or which ACF determines is sufficient to justify the Federal funds invested;
   (iv) Information in the system will be safeguarded in accordance with applicable Federal law; and
   (v) Access to the system in all of its aspects, including design, development, and operation, including work performed by any source, and including cost records of contractors and sub-contractors, shall be made available to the Federal Government by the State at intervals deemed necessary by ACF to determine whether the conditions for approval are being met and to determine its efficiency, economy and effectiveness.

(c) If ACF suspends approval, as described in §205.37, of the advance automated data processing planning document and/or system, FFP at the higher matching rate shall not be allowed for any costs incurred, until such time as the conditions for approval are met.

§205.45 Federal financial participation in relation to State emergency welfare preparedness.

(a) Under title IV-A, Federal financial participation is available at the rate of 50 percent in expenditures for development and planning activities for emergency welfare preparedness. Such activities must relate to emergency welfare situations resulting from natural disasters, civil disorders, and enemy caused disasters, as prescribed in “Guidelines for the Preparation of State Emergency Welfare Services Plan” issued by Social and Rehabilitation Service, DHHS publication No. (SRS) 72-23004. These activities include:
   (1) Safekeeping essential documents and records;
   (2) Planning and developing emergency operating capability for providing food, lodging, clothing, and welfare registration and inquiry;
   (3) Assuring that qualified individuals are responsible for the planning and operation of each welfare function...
