§ 307.31 Federal financial participation at the 80 percent rate for computerized support enforcement systems.

(a) Conditions that must be met for 80 percent FFP. Until September 30, 2001, Federal financial participation is available at the 80 percent rate to States, Territories and systems defined in 42 U.S.C. 655(a)(3)(B)(iii) [455(a)(3)(B)(iii) of the Act] (hereafter referred to as “States”) for expenditures for the planning, design, development, installation, or enhancement of a computerized support enforcement system meeting the requirements as described in §§307.5 and 307.10 or 42 U.S.C. §654(16) [454(16) of the Act], if:

1. The Office has approved an APD in accordance with §307.15;
2. The Office determines that the system meets the requirements specified in §307.10, or 42 U.S.C. 654(16) [454(16) of the Act];
3. The Office determines that the expenditures incurred are consistent with the approved APD;
4. The Office determines that the computerized support enforcement system is designed effectively and efficiently and will improve the management and administration of the State IV-D plan;
5. The State IV-D agency agrees in writing to use the system for a period of time which is consistent with the approved APD; and
6. The State or local government has ownership rights in software, software modifications and associated documentation that is designed, developed, installed or enhanced under this section subject to the Department of Health and Human Services license specified in paragraph (c) of this section.

(b) Federal financial participation in the costs of hardware and proprietary software. (1) Until September 30, 2001, FFP at the 80 percent rate is available for expenditures for the rental or purchase of hardware for the planning, design, development, installation, or enhancement of a computerized support enforcement system as described in §307.10 or 42 U.S.C. 654(16) [454(16) of the Act].

(2) Until September 30, 2001, FFP at the 80 percent rate is available for the rental or purchase of proprietary software developed specifically for a computerized support enforcement system. §307.35 of this part regarding reimbursement at the applicable matching rate.)

(c) HHS rights to software. The Department of Health and Human Services reserves a royalty-free, non-exclusive and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use for Federal government purposes, software, software modifications, and documentation developed under §307.10. This license would permit the Department to authorize the use of software, software modifications and documentation developed under §307.10 in another project or activity funded by the Federal government.

(d) Consequences of suspension of the APD. If the Office suspends approval of an APD in accordance with §307.40 of this part during the planning, design, development, installation, enhancement or operation of the system:

1. The Office shall disallow FFP as of the date the State failed to comply substantially with the approved APD; and
2. FFP at the 90 and applicable matching rates is not available in any expenditures incurred under the APD after the date of the suspension until the date the Office determines that the State has taken the actions specified in the notice of suspension described in §307.40(a)(2) of this part. The Office will notify the State in writing upon making such a determination. (See §307.35(b) regarding reimbursement for disallowed expenditures under part 95, subpart F of this title.)

§ 307.35 Federal financial participation at the applicable matching rate for computerized support enforcement systems.

Federal financial participation at the applicable matching rate is available only in computerized support enforcement systems expenditures for:

(a) The operation of a system that meets the requirements specified in §307.10, or §307.11 if the conditions for APD approval in §§307.5 and 307.15 are met; or

(b) Systems approved in accordance with part 95, subpart F of this title. This may include expenditures for a system which were disallowed by the Office because the system failed to comply substantially with an APD approved under §307.15.
