

the time of their deposit the taxpayer shall be required to deposit only an amount equal to that portion of the difference between the current market value of the devalued securities and the market value of such securities at the time of their original deposit which bears the same ratio to such total difference as the amount at which the securities were valued at the time of their deposit bears to the market value at the time of such deposit.

§ 287.9 Valuation of securities in fund.

(a) *Equipment values.* In cases where securities are deposited in the fund in lieu of cash, or are purchased with cash on deposit in the fund, or are substituted for securities in the fund, the value of such securities must not be less than the amount of cash in lieu of which they are so deposited or with which they are so purchased, or the value at the time of deposit of the securities for which they were so substituted. If the securities on deposit in the fund are replaced by cash from the general funds of the taxpayer, the amount of cash to be deposited in the fund in lieu thereof shall be not less than the amount at which such securities were valued at the time of their deposit in the fund.

(b) *Determination of value.* (1) For the purpose of determining the amount in the fund, the value of securities shall be their "market value" (which shall be the basis for determining value, unless otherwise agreed to by the administration) and shall be determined in the following manner:

(i) In instances where no actual purchase is involved, such as the initial deposit of securities in the fund in lieu of cash, the last sales price thereof on the principal exchange on the day the deposit was made shall be deemed to be the "market value" thereof, or, if no such sales were made, the "market value" thereof will be determined by the Administration on such basis as it may deem to be fair and reasonable in each case.

(ii) In instances where the purchase of securities with cash on deposit in the fund is involved, "market value" shall be the gross price paid (adjusted for accrued interest); *Provided*, That if such securities are purchased otherwise

than upon a registered exchange the price shall be within the range of transactions on the exchange on the date of such purchase, or, if there were no such transactions, then the "market value" thereof will be determined by the Administration on such basis as it may deem to be fair and reasonable in each case.

(2) Purchase-money obligations secured by mortgages on vessels sold or irrevocable commitments to finance the construction or acquisition of new vessels which are deposited in the construction reserve fund as provided in § 287.13 ordinarily will be considered as equivalent to their face value.

§ 287.10 Withdrawals from fund.

(a) *Withdrawals for obligations or liquidation.* (1) Checks, drafts, or other instruments of withdrawal to meet obligations under a contract for the construction or acquisition of new vessel or vessels or for the liquidation of existing or subsequently incurred purchase-money indebtedness, after having been executed by the taxpayer, shall be forwarded to the Administration in Washington, DC, with appropriate explanation of the purpose of the proposed withdrawal, including properly certified invoices or other supporting papers. Such instruments of withdrawal, if payable to the Administration, will be deposited by the Administration for collection, and the proceeds thereof, upon collection, will be credited to the appropriate contract with the Administration; but if drawn to the order of payees other than the Administration, after countersignature on behalf of the Administration, will ordinarily be forwarded to the payees.

(2) An amount obligated under a contract for the construction or acquisition of a new vessel or vessels or for the liquidation of existing or subsequently incurred purchase-money indebtedness, whether the obligor has the entire or a partial interest therein within the scope of section 511 of the Act, may not, so long as the contract or indebtedness continues in full force and effect, be withdrawn except to meet payments due or to become due under such contract or for such liquidation.

§ 287.11

(b) *Other withdrawals.* Checks, drafts, or other instruments of withdrawal executed by the taxpayer for purposes other than to meet obligations under a contract for the construction or acquisition of a new vessel or vessels or for the liquidation of existing or subsequently incurred purchase-money indebtedness, whether the taxpayer has the entire or a partial interest therein, shall be drawn by the taxpayer to its own order and forwarded to the Administration in Washington, DC, with appropriate explanation of the purpose of the proposed withdrawal. Such withdrawals may occur by reason of a determination by the Administration that the taxpayer is not entitled to the benefits of section 511 of the Act (see § 287.5), or that a particular deposit has been improperly made (see § 287.13), or by reason of the election of the taxpayer to make such withdrawals. Upon receipt of such checks, drafts, or other instruments of withdrawal, the Administration will give notice thereof to the Commissioner of Internal Revenue. The Commissioner will advise the Administration of the receipt of the notice and the date it was received. The Administration shall not countersign such checks, drafts, or other instruments of withdrawal or transmit them to the taxpayer until the expiration of 30 days from the date of receipt of the notice by the Commissioner, unless the Commissioner or such official of the Internal Revenue Service as he may designate for the purpose consents in writing to earlier countersignature by the Administration and transmittal to the taxpayer. Upon the expiration of such 30-day period, or prior thereto if the aforesaid consent of the Commissioner has been obtained, the Administration will countersign the check, draft, or other instrument of withdrawal and forward it to the taxpayer.

(c) *Inapplicability to certain transactions.* The provisions of this section shall not be applicable to transactions deemed to be withdrawals by reason of the sale of securities held in the fund for an amount less than the market value thereof at the time of their deposit (see § 287.23), nor to the cancellation of an irrevocable commitment deposited in the fund, upon proof satisfactory to the Administration that the

terms of such commitment have been fully satisfied.

§ 287.11 Time deposits.

Deposits in the construction reserve fund not invested in securities may be placed in time deposits when, in the judgment of the taxpayer, it is desirable and feasible so to do. The taxpayer shall promptly advise the Administration of any time deposit arrangements made with the depository. The Administration reserves the right at any time to require the termination or modification of any such arrangements. With prior approval of the Administration a time deposit may be made in a depository other than the one with which the construction reserve fund is established.

§ 287.12 Election as to nonrecognition of gain.

(a) *Election requirements.* As a prerequisite to the nonrecognition of gain on the sale or loss of a vessel (or of a part interest therein) for Federal income tax purposes, the taxpayer, after establishing a construction reserve fund, must make an election with respect to such vessel or interest in the manner set forth in this paragraph.

(1) *In general.* Except as provided in paragraph (a)(2) of this section, the election must be made in the taxpayer's Federal income tax return (or, in the case of a partnership, in the partnership return of income) for the taxable year in which the gain with respect to the sale or loss of the vessel is realized. The election as to the nonrecognition of gain shall be shown by a statement to that effect, submitted as a part of, and attached to, the return. The statement, which need not be on any prescribed form, shall set forth a computation of the amount of the realized gain, the identity of the vessel, the nature and extent of the taxpayer's interest therein, whether such vessel was sold or lost and the date of sale or loss, the full sale price or full amount of indemnity, and the amount and date of each payment thereof, the basis of tax purposes and any other data affecting the determination of the realized gain.

(2) *Certain Government payments.* In case a vessel is purchased or requisitioned by the United States, or is
