

402.220 Registration of pilots.

Subpart C—Establishment of Pools by Voluntary Associations of United States Registered Pilots

402.320 Working rules.

AUTHORITY: 46 U.S.C. 2104(a), 8105, 9303, 9304.

Subpart A—General

§ 402.100 Purpose.

The purpose of this part is to implement those provisions of the Great Lakes Pilotage Regulations (part 401 of this chapter) which authorize or require the Commandant to issue supplementary rules and orders.

[27 FR 11947, Dec. 4, 1962, as amended at 32 FR 14223, Oct. 13, 1967; 61 FR 5721, Feb. 14, 1996. Redesignated and amended at 61 FR 32655, June 25, 1996, and further redesignated and amended by USCG-1998-3976, 63 FR 35139, 35140, June 29, 1998]

Subpart B—Registration of Pilots

§ 402.210 Requirements and qualifications for registration.

(a) Pursuant to § 401.210(a)(4), each applicant for an original registration at the time of application and each Registered Pilot annually is required to pass a physical examination given by a licensed medical doctor and reported on the form furnished by the Director. The examination report shall describe the applicant's or Registered Pilot's visual acuity, color sense, physical condition, and competency or perform the duties of a U.S. Registered Pilot.

(b) Any disease, physical or mental defect, or impairment to hearing or visual acuity, such as epilepsy, insanity, senility, acute venereal disease, neurosyphilis, hemiplegia, paralysis or missing arm, leg, or eye, muteness or pronounced speech impairment, acute kidney or gastro-enteritis disease, extreme obesity, addiction of alcohol or narcotics, acute varicosity of the legs, cardiovascular disease or other disorder which would impair the applicant's ability to be available for service when required and to withstand the rigors of boarding vessels, climbing ladders or great heights, standing for

long periods of time, and performing his duties under prolonged periods of nervous strain are causes for determination of physical incompetency.

(c) An applicant for original registration must have a visual acuity either with or without glasses of at least 20/20 vision in one eye and at least 20/40 in the other. An applicant who wears glasses or contact lenses must also pass a test without glasses or lens of at least 20/40 in one eye and at least 20/70 in the other. Registered Pilots, however, must have either with or without glasses or lens visual acuity of at least 20/30 in one eye and at least 20/50 in the other. A Registered Pilot who wears glasses or lens must also pass a test without glasses or lens of at least 20/50 in one eye and at least 20/100 in the other. The color sense of original applicants and Registered Pilots shall be tested by a pseudoisochromatic plate test. Passage of the Williams lantern test or its equivalent is an acceptable substitute for a pseudoisochromatic plate test.

[CGFR 68-57, 33 FR 6479, Apr. 27, 1968. Redesignated and amended at 61 FR 32655, June 25, 1996, and further redesignated and amended by USCG-1998-3976, 63 FR 35139, 35140, June 29, 1998]

§ 402.220 Registration of pilots.

(a) Each applicant pilot must complete the number of round trips specified in this section prior to registration as a U.S. registered pilot. The round trips must be made in company with a registered pilot, on oceangoing vessels of 4,000 gross tons or over, and must be within one year of the date of application.

(1) If the applicant pilot holds a master's license or endorsement, a minimum of five round trips are required over the waters for which registration is desired.

(2) If the applicant pilot holds a chief mate's license or endorsement or a second mate's license or endorsement, or holds a first class pilot's license or endorsement with service in the capacity of first mate or second mate, a minimum of eight round trips are required over the waters for which registration is desired.

(3) If the applicant pilot holds a first class pilot's license or endorsement or
