§ 54.712 Contributor recovery of universal service costs from end users.

(a) Federal universal service contribution costs may be recovered through interstate telecommunications-related charges to end users. If a contributor chooses to recover its federal universal service contribution costs through a line item on a customer's bill the amount of the federal universal service line-item charge may not exceed the interstate telecommunications portion of that customer's bill times the relevant contribution factor.

(b) [Reserved]

EFFECTIVE DATE NOTE: At 71 FR 38797, July 10, 2006, §54.712 was amended by revising the section heading and paragraph (a). This text contains information collection and record-keeping requirements and will not become effective until approval has been given by the Office of Management and Budget.

§ 54.713 Contributors' failure to report or to contribute.

(a) A contributor that fails to file a Telecommunications Reporting Worksheet and subsequently is billed by the Administrator shall pay the amount for which it is billed. The Administrator may bill a contributor a separate assessment for reasonable costs incurred because of that contributor's filing of an untruthful or inaccurate Telecommunications Reporting Worksheet, failure to file the Telecommunications Reporting Worksheet, or late payment of contributions. Failure to file the Telecommunications Reporting Worksheet or to submit required quarterly contributions may subject the contributor to the enforcement provisions of the Act and any other applicable law. The Administrator shall advise the Commission of any enforcement issues that arise and provide any suggested response. Once a contributor complies with the Telecommunications Reporting Worksheet filing requirements, the Administrator may refund any overpayments made by the contributor, less any fees, interest, or costs.

(b) If a universal service fund contributor fails to make full payment on or before the date due of the monthly amount established by the contributor's applicable Form 499-A or Form 499-Q, or the monthly invoice provided by the Administrator, the payment is delinquent. All such delinquent amounts shall incur from the date of delinquency, and until all charges and costs are paid in full, interest at the rate equal to the U.S. prime rate (in effect on the date of the delinquency)
§ 54.715 Administrative expenses of the Administrator.

(a) The annual administrative expenses of the Administrator should be commensurate with the administrative expenses of programs of similar size, with the exception of the salary levels for officers and employees of the Administrator described in paragraph (b) of this section. The annual administrative expenses may include, but are not limited to, salaries of officers and operations personnel, the costs of borrowing funds, equipment costs, operating expenses, directors’ expenses, and costs associated with auditing contributors of support recipients.

(b) All officers and employees of the Administrator may be compensated at an annual rate of pay, including any non-regular payments, bonuses, or other compensation, in an amount not to exceed the rate of basic pay in effect for Level I of the Executive Schedule under 5 U.S.C. 5312.

NOTE TO PARAGRAPH (b): The compensation to be included when calculating whether an employee’s rate of pay exceeds Level I of the Executive Schedule does not include life insurance benefits, retirement benefits (including payments to 401(k) plans), health insurance benefits, or other similar benefits, provided that any such benefits are reasonably comparable to benefits that are provided to employees of the federal government.

(c) The Administrator shall submit to the Commission projected quarterly budgets at least sixty (60) days prior to the start of every quarter. The Commission must approve the projected quarterly budgets before the Administrator disburses funds under the federal universal service support mechanisms. The administrative expenses incurred by the Administrator in connection with the schools and libraries support mechanism, the rural health care support mechanism, the low income support mechanism, the interstate access universal service support mechanism, and the interstate common line support mechanism shall be deducted from the annual funding of each respective support mechanism. The expenses deducted from the annual funding for each support mechanism also shall include the Administrator’s joint and common costs allocated to each support mechanism pursuant to the cost allocation manual filed by the Administrator under §64.903 of this chapter.
