§ 76.1616 contracts with local exchange carriers.

Within 10 days of final execution of a contract permitting a local exchange carrier to use that part of the transmission facilities of a cable system extending from the last multi-user terminal to the premises of the end user, the parties shall submit a copy of such contract, along with an explanation of how such contract is reasonably limited in scope and duration, to the Commission for review. The parties shall serve a copy of this submission on the local franchising authority, along with a notice of the local franchising authority's right to file comments with the Commission consistent with §76.7.

§ 76.1617 initial must-carry notice.

(a) Within 60 days of activation of a cable system, a cable operator must notify all qualified NCE stations of its designated principal headend by certified mail.

(b) Within 60 days of activation of a cable system, a cable operator must notify all local commercial and NCE stations that may not be entitled to carriage because they either:

(1) Fail to meet the standards for delivery of a good quality signal to the cable system’s principal headend, or

(2) May cause an increased copyright liability to the cable system.

(c) Within 60 days of activation of a cable system, a cable operator must send by certified mail a copy of a list of all broadcast television stations carried by its system and their channel positions to all local commercial and noncommercial television stations, including those not designated as must-carry stations and those not carried on the system.

§ 76.1618 basic tier availability.

A cable operator shall provide written notification to subscribers of the availability of basic tier service to new subscribers at the time of installation. This notification shall include the following information:

(a) That basic tier service is available;

(b) The cost per month for basic tier service;

(c) A list of all services included in the basic service tier.
