

contracts and subcontracts over a period for which forward pricing rates are developed or 5 years, whichever is shorter, and the cost savings are reflected in the forward pricing rates; and

(iii) Funds are available if the determination would necessitate an upward adjustment of contract cost or price.

(c) *Notice and proposal preparation.* (1) When a contractor makes a unilateral change, the clause at 52.230-6, Administration of Cost Accounting Standards, requires the contractor to—

(i) Submit a description of the change to the CFAO not less than 60 days (or other mutually agreeable date) before implementation of the change; and

(ii) Submit rationale to support any contractor written statement that the cost impact of the change is immaterial.

(2) If a contractor implements the change in cost accounting practice without submitting the notice as required in paragraph (c)(1) of this subsection, the CFAO may determine the change a failure to follow a cost accounting practice consistently and process it as a noncompliance in accordance with 30.605.

(d) *Retroactive changes.* (1) If a contractor requests that a unilateral change be retroactive, the contractor shall submit supporting rationale.

(2) The CFAO shall promptly evaluate the contractor's request and shall, as soon as practical, notify the contractor in writing whether the request is or is not approved.

(3) The CFAO shall not approve a date for the retroactive change that is before the beginning of the contractor's fiscal year in which the request is made.

(e) *Contractor accounting changes due to external restructuring activities.* The requirements for contract price and cost adjustments do not apply to compliant cost accounting practice changes that are directly associated with external restructuring activities that are subject to and meet the requirements of 10 U.S.C. 2325. However, the disclosure requirements in 52.230-6(b) shall be followed.

30.604 Processing changes to disclosed or established cost accounting practices.

(a) *Scope.* This section applies to required, unilateral, and desirable changes in cost accounting practices.

(b) *Procedures.* Upon receipt of the contractor's notification and description of the change in cost accounting practice, the CFAO should review the proposed change concurrently for adequacy and compliance. The CFAO shall—

(1) If the description of the change is both adequate and compliant, notify the contractor in writing and—

(i) For required or unilateral changes (except those requested to be determined desirable changes), request the contractor submit a general dollar magnitude (GDM) proposal by a specified date, unless the CFAO determines the cost impact is immaterial; or

(ii) For unilateral changes that the contractor requests to be determined desirable changes, inform the contractor that the request shall include supporting rationale and—

(A) For any request based on the criteria in 30.603-2(b)(3)(ii), the data necessary to demonstrate the required cost savings; or

(B) For any request other than those based on the criteria in 30.603-2(b)(3)(ii), a GDM proposal and any other data necessary for the CFAO to determine if the change is a desirable change;

(2) If the description of the change is inadequate, request a revised description of the new cost accounting practice; and

(3) If the disclosed practice is non-compliant, notify the contractor in writing that, if implemented, the CFAO will determine the cost accounting practice to be noncompliant and process it accordingly.

(c) *Evaluating requests for desirable changes.* (1) When a contractor requests a unilateral change be determined a desirable change, the CFAO shall promptly evaluate the contractor's request and, as soon as practical, notify the contractor in writing whether the change is a desirable change or the request is denied.

(2) If the CFAO determines the change is a desirable change, the CFAO

shall negotiate any cost or price adjustments that may be needed to resolve the cost impact (see 30.606).

(3) If the request is denied, the change is a unilateral change and shall be processed accordingly.

(d) *General dollar magnitude proposal.* The GDM proposal—

(1) Provides information to the CFAO on the estimated overall impact of a change in cost accounting practice on affected CAS-covered contracts and subcontracts that were awarded based on the previous cost accounting practice;

(2) Assists the CFAO in determining whether individual contract price or cost adjustments are required; and

(3) The contractor may submit a detailed cost-impact (DCI) proposal in lieu of a GDM proposal provided the DCI proposal is in accordance with paragraph (g) of this section.

(e) *General dollar magnitude proposal content.* The GDM proposal—

(1) Shall calculate the cost impact in accordance with paragraph (h) of this section;

(2) May use one or more of the following methods to determine the increase or decrease in cost accumulations:

(i) A representative sample of affected CAS-covered contracts and subcontracts.

(ii) The change in indirect rates multiplied by the total estimated base computed for each of the following groups:

(A) Fixed-price contracts and subcontracts.

(B) Flexibly-priced contracts and subcontracts.

(iii) Any other method that provides a reasonable approximation of the total increase or decrease in cost accumulations for all affected fixed-price and flexibly-priced contracts and subcontracts.

(3) May be in any format acceptable to the CFAO but, as a minimum, shall include the following data:

(i) A general dollar magnitude estimate of the total increase or decrease in cost accumulations by Executive agency, including any impact the change may have on contract and subcontract incentives, fees, and profits, for each of the following groups:

(A) Fixed-price contracts and subcontracts.

(B) Flexibly-priced contracts and subcontracts.

(ii) For unilateral changes, the increased or decreased costs to the Government for each of the following groups:

(A) Fixed-price contracts and subcontracts.

(B) Flexibly-priced contracts and subcontracts; and

(4) When requested by the CFAO, shall identify all affected CAS-covered contracts and subcontracts.

(f) *General dollar magnitude proposal evaluation.* The CFAO shall promptly evaluate the GDM proposal. If the cost impact is immaterial, the CFAO shall notify the contractor in writing and conclude the cost-impact process with no contract adjustments. Otherwise, the CFAO shall—

(1) Negotiate and resolve the cost impact (see 30.606). If necessary, the CFAO may request that the contractor submit a revised GDM proposal by a specified date with specific additional data needed to resolve the cost impact (*e.g.*, an expanded sample of affected CAS-covered contracts and subcontracts or a revised method of computing the increase or decrease in cost accumulations); or

(2) Request that the contractor submit a DCI proposal by a specified date if the CFAO determines that the GDM proposal is not sufficient to resolve the cost impact.

(g) *Detailed cost-impact proposal.* If the contractor is required to submit a DCI proposal, the CFAO shall promptly evaluate the DCI proposal and follow the procedures at 30.606 to negotiate and resolve the cost impact. The DCI proposal—

(1) Shall calculate the cost impact in accordance with paragraph (h) of this section;

(2) Shall show the estimated increase or decrease in cost accumulations for each affected CAS-covered contract and subcontract unless the CFAO and contractor agree to—

(i) Include only those affected CAS-covered contracts and subcontracts exceeding a specified amount; and

(ii) Estimate the total increase or decrease in cost accumulations for all affected CAS-covered contracts and subcontracts, using the results in paragraph (g)(2)(i) of this section;

(3) May be in any format acceptable to the CFAO but, as a minimum, shall include the requirements at paragraphs (e)(3)(i) and (ii) of this section; and

(4) When requested by the CFAO, shall identify all affected contracts and subcontracts.

(h) *Calculating cost impacts.* The cost impact calculation shall—

(1) Include all affected CAS-covered contracts and subcontracts regardless of their status (*i.e.*, open or closed) or the fiscal year(s) in which the costs are incurred (*i.e.*, whether or not the final indirect rates have been established);

(2) Combine the cost impact for all affected CAS-covered contracts and subcontracts for all segments if the effect of a change results in costs flowing between those segments;

(3) For unilateral changes—

(i) Determine the increased or decreased cost to the Government for flexibly-priced contracts and subcontracts as follows:

(A) When the estimated cost to complete using the changed practice exceeds the estimated cost to complete using the current practice, the difference is increased cost to the Government.

(B) When the estimated costs to complete using the changed practice is less than the estimated cost to complete using the current practice, the difference is decreased cost to the Government.

(ii) Determine the increased or decreased cost to the Government for fixed-price contracts and subcontracts as follows:

(A) When the estimated cost to complete using the changed practice is less than the estimated cost to complete using the current practice, the difference is increased cost to the Government.

(B) When the estimated cost to complete using the changed practice exceeds the estimated cost to complete using the current practice, the difference is decreased cost to the Government.

(iii) Calculate the total increase or decrease in contract and subcontract incentives, fees, and profits associated with the increased or decreased cost to the Government in accordance with 48 CFR 9903.306(c). The associated increase or decrease is based on the difference between the negotiated incentives, fees and profits and the amounts that would have been negotiated had the cost impact been known at the time the contracts and subcontracts were negotiated.

(iv) Calculate the increased cost to the Government in the aggregate.

(4) For required or desirable changes, negotiate an equitable adjustment as provided in the Changes clause of the contract.

(i) *Remedies.* If the contractor does not submit the accounting change description or the proposals required in paragraph (d) or (g) of this section within the specified time, or any extension granted by the CFAO, the CFAO shall—

(1) Estimate the general dollar magnitude of the cost impact on affected CAS-covered contracts and subcontracts; and

(2) Take one or both of the following actions:

(i) Withhold an amount not to exceed 10 percent of each subsequent payment related to the contractor's CAS-covered contracts (up to the estimated general dollar magnitude of the cost impact), until the contractor furnishes the required information.

(ii) Issue a final decision in accordance with 33.211 and unilaterally adjust the contract(s) by the estimated amount of the cost impact.

[70 FR 11753, Mar. 9, 2005, as amended at 73 FR 10967, Feb. 28, 2008]

30.605 Processing noncompliances.

(a) *General.* Prior to making any contract price or cost adjustments under the applicable paragraph(s) addressing noncompliance at 52.230-2, 52.230-3, or 52.230-5, the CFAO shall determine that—

(1) The contemplated contract price or cost adjustments will protect the Government from the payment of increased costs, in the aggregate;

(2) The net effect of the contemplated contract price or cost adjustments will
