allowability of specific selected costs, the penalty is equal to—

(i) The amount of the disallowed costs allocated to contracts that are subject to this section for which an indirect cost proposal has been submitted; plus

(ii) Interest on the paid portion, if any, of the disallowance.

(2) If the indirect cost was determined to be unallowable for that contractor before proposal submission, the penalty is two times the amount in paragraph (a)(1)(i) of this section.

(b) These penalties are in addition to other administrative, civil, and criminal penalties provided by law.

(c) It is not necessary for unallowable costs to have been paid to the contractor in order to assess a penalty.

42.709-2 Responsibilities.

(a) The cognizant contracting officer is responsible for—

(1) Determining whether the penalties in 42.709-1(a) should be assessed;

(2) Determining whether such penalties should be waived pursuant to 42.709-5; and

(3) Referring the matter to the appropriate criminal investigative organization for review and for appropriate coordination of remedies, if there is evidence that the contractor knowingly submitted unallowable costs.

(b) The contract auditor, in the review and/or the determination of final indirect cost proposals for contracts subject to this section, is responsible for—

(1) Recommending to the contracting officer which costs may be unallowable and subject to the penalties in 42.709-1(a);

(2) Providing rationale and supporting documentation for any recommendation; and

(3) Referring the matter to the appropriate criminal investigative organization for review and for appropriate coordination of remedies, if there is evidence that the contractor knowingly submitted unallowable costs.

48 CFR Ch. 1 (10-1-10 Edition)

42.709-3 Assessing the penalty.

Unless a waiver is granted pursuant to 42.709-5, the cognizant contracting officer shall—

(a) Assess the penalty in 42.709-1(a)(1), when the submitted cost is expressly unallowable under a cost principle in the FAR or an executive agency supplement that defines the allowability of specific selected costs; or

(b) Assess the penalty in 42.709-1(a)(2), when the submitted cost was determined to be unallowable for that contractor prior to submission of the proposal. Prior determinations of unallowability may be evidenced by—

(1) A DCAA Form 1, Notice of Contract Costs Suspended and/or Disapproved (see 48 CFR 242.705-2), or any similar notice which the contractor elected not to appeal and was not withdrawn by the cognizant Government agency;

(2) A contracting officer final decision which was not appealed;

(3) A prior executive agency Board of Contract Appeals or court decision involving the contractor, which upheld the cost disallowance; or

(4) A determination or agreement of unallowability under 31.201-6.

(c) Issue a final decision (see 33.211) which includes a demand for payment of any penalty assessed under paragraph (a) or (b) of this section. The letter shall state that the determination is a final decision under the Disputes clause of the contract. (Demanding payment of the penalty is separate from demanding repayment of any paid portion of the disallowed cost.)

[60 FR 42658, Aug. 16, 1995]

42.709-4 Computing interest.

For 42.709-1(a)(1)(ii), compute interest on any paid portion of the disallowed cost as follows:

(a) Consider the overpayment to have occurred, and interest to have begun accumulating, from the midpoint of the contractor's fiscal year. Use an alternate equitable method if the cost was not paid evenly over the fiscal year.

(b) Use the interest rate specified by the Secretary of the Treasury pursuant to Pub. L. 92-41 (85 Stat. 97).

(c) Compute interest from the date of overpayment to the date of the demand letter for payment of the penalty.

(d) Determine the paid portion of the disallowed costs in consultation with the contract auditor.

[60 FR 42659, Aug. 16, 1995]

42.709-5 Waiver of the penalty.

The cognizant contracting officer shall waive the penalties at 42.709-1(a) when—

(a) The contractor withdraws the proposal before the Government formally initiates an audit of the proposal and the contractor submits a revised proposal (an audit will be deemed to be formally initiated when the Government provides the contractor with written notice, or holds an entrance conference, indicating that audit work on a specific final indirect cost proposal has begun);

(b) The amount of the unallowable costs under the proposal which are subject to the penalty is \$10,000 or less (*i.e.*, if the amount of expressly or previously determined unallowable costs which would be allocated to the contracts specified in 42.709(b) is \$10,000 or less); or

(c) The contractor demonstrates, to the cognizant contracting officer's satisfaction, that—

(1) It has established policies and personnel training and an internal control and review system that provide assurance that unallowable costs subject to penalties are precluded from being included in the contractor's final indirect cost rate proposals (e.g., the types of controls required for satisfactory participation in the Department of Defense sponsored self-governance programs, specific accounting controls over indirect costs, compliance tests which demonstrate that the controls are effective, and Government audits which have not disclosed recurring instances of expressly unallowable costs); and

(2) The unallowable costs subject to the penalty were inadvertently incorporated into the proposal; *i.e.*, their inclusion resulted from an unintentional error, notwithstanding the exercise of due care.

[60 FR 42659, Aug. 16, 1995]

42.709-6 Contract clause.

Use the clause at 52.242-3, Penalties for Unallowable Costs, in all solicitations and contracts over \$700,000 except fixed-price contracts without cost incentives or any firm-fixed-price contract for the purchase of commercial items. Generally, covered contracts are those which contain one of the clauses at 52.216-7, 52.216-16, or 52.216-17, or a similar clause from an executive agency's supplement to the FAR.

Subpart 42.8—Disallowance of Costs

42.800 Scope of subpart.

This subpart prescribes policies and procedures for (a) issuing notices of intent to disallow costs and (b) disallowing costs already incurred during the course of performance.

42.801 Notice of intent to disallow costs.

(a) At any time during the performance of a contract of a type referred to in 42.802, the cognizant contracting officer responsible for administering the contract may issue the contractor a written notice of intent to disallow specified costs incurred or planned for incurrence. However, before issuing the notice, the contracting officer responsible for administering the contract shall make every reasonable effort to reach a satisfactory settlement through discussions with the contractor.

(b) A notice of intent to disallow such costs usually results from monitoring contractor costs. The purpose of the notice is to notify the contractor as early as practicable during contract performance that the cost is considered unallowable under the contract terms and to provide for timely resolution of any resulting disagreement. In the event of disagreement, the contractor may submit to the contracting officer a written response. Any such response shall be answered by withdrawal of the notice or by making a written decision within 60 days.
