Federal Acquisition Regulation

continued portion of the contract exceeds the threshold in 15.403-4.

49.105-1 Termination status reports.

When the TCO and contracting officer are in different activities, the TCO will furnish periodic status reports on termination actions to the contracting office upon request. The contracting office shall specify the information required.

49.105-2 Release of excess funds.

(a) The TCO shall estimate the funds required to settle the termination, and within 30 days after the receipt of the termination notice, recommend the release of excess funds to the contracting officer. The initial deobligation of excess funds should be accomplished in a timely manner by the contracting officer, or the TCO, if delegated the responsibility. The TCO shall not recommend the release of amounts under $1,000, unless requested by the contracting officer.

(b) The TCO shall maintain continuous surveillance of required funds to permit timely release of any additional excess funds (a recommended format for release of excess funds is in 49.604). If previous releases of excess funds result in a shortage of the amount required for settlement, the TCO shall promptly inform the contracting officer, who shall reinstate the funds within 30 days.

[56 FR 67134, Dec. 27, 1991]

49.105-3 Termination case file.

The TCO responsible for negotiating the final settlement shall establish a separate case file for each termination. This file will include memoranda and records of all actions relative to the settlement (see 4.801).

49.105-4 Cleanup of construction site.

In the case of terminated construction contracts, the contracting officer shall direct action to ensure the cleanup of the site, protection of serviceable materials, removal of hazards, and other action necessary to leave a safe and healthful site.

49.106 Fraud or other criminal conduct.

If the TCO suspects fraud or other criminal conduct related to the settlement of a terminated contract, the TCO shall discontinue negotiations and report the facts under agency procedures.

49.107 Audit of prime contract settlement proposals and subcontract settlements.

(a) The TCO shall refer each prime contractor settlement proposal of $100,000 or more to the appropriate audit agency for review and recommendations. The TCO may submit settlement proposals of less than $100,000 to the audit agency. Referrals shall indicate any specific information or data that the TCO desires and shall include facts and circumstances that will assist the audit agency in performing its function. The audit agency shall develop requested information and may make any further accounting reviews it considers appropriate. After its review, the audit agency shall submit written comments and recommendations to the TCO. When a formal examination of settlement proposals under $100,000 is not warranted, the TCO will perform or have performed a desk review and include a written summary of the review in the termination case file.

(b) The TCO shall refer subcontract settlements received for approval or ratification to the appropriate audit agency for review and recommendations when (1) the amount exceeds $100,000 or (2) the TCO wants a complete or partial accounting review. The audit agency shall submit written comments and recommendations to the TCO. The review by the audit agency does not relieve the prime contractor or higher tier subcontractor of the responsibility for performing an accounting review.

(c)(1) The responsibility of the prime contractor and of each subcontractor (see 49.108) includes performance of accounting reviews and any necessary field audits. However, the TCO should request the Government audit agency to perform the accounting review of a subcontractor’s settlement proposal when—
49.108 Settlement of subcontract settlement proposals.

49.108-1 Subcontractor’s rights.

A subcontractor has no contractual rights against the Government upon the termination of a prime contract. A subcontractor may have rights against the prime contractor or intermediate subcontractor with whom it has contracted. Upon termination of a prime contract, the prime contractor and each subcontractor are responsible for the prompt settlement of the settlement proposals of their immediate subcontractors.

49.108-2 Prime contractor's rights and obligations.

(a) Termination for convenience clauses provide that after receipt of a termination notice the prime contractor shall, unless directed otherwise by the TCO, terminate all subcontracts to the extent that they relate to the performance of prime work terminated. Therefore, prime contractors should include a termination clause in their subcontracts for their own protection. Suggestions regarding use of subcontract termination clauses are in subpart 49.5.

(b) The failure of a prime contractor to include an appropriate termination clause in any subcontract, or to exercise the clause rights, shall not—

1. Affect the Government’s right to require the termination of the subcontract; or
2. Increase the obligation of the Government beyond what it would have been if the subcontract had contained an appropriate clause.

(c) In any case, the reasonableness of the prime contractor’s settlement with the subcontractor should normally be measured by the aggregate amount due under paragraph (f) of the subcontract termination clause suggested in 49.502(e). The TCO shall allow reimbursement in excess of that amount only in unusual cases and then only to the extent that the terms of the subcontract did not unreasonably increase the rights of the subcontractor.

49.108-3 Settlement procedure.

(a) Contractors shall settle with subcontractors in general conformity with the policies and principles relating to settlement of prime contracts in this subpart and subparts 49.2 or 49.3. However, the basis and form of the subcontractor’s settlement proposal must be acceptable to the prime contractor or the next higher tier subcontractor. Each settlement must be supported by accounting data and other information sufficient for adequate review by the
