49.108

- (i) A subcontractor objects, for competitive reasons, to an accounting review of its records by an upper tier contractor:
- (ii) The Government audit agency is currently performing audit work at the subcontractor's plant, or can perform the audit more economically or efficiently:
- (iii) Audit by the Government is necessary for consistent audit treatment and orderly administration; or
- (iv) The contractor has a substantial or controlling financial interest in the subcontractor.
- (2) The audit agency should avoid duplication of accounting reviews performed by the upper tier contractor on subcontractor settlement proposals. However, this should not preclude the Government from making additional reviews when appropriate. When the contractor is performing accounting reviews according to this section, the TCO should request the audit agency to periodically examine the contractor's accounting review procedures and performance, and to make appropriate comments and recommendations to the TCO.
- (d) The audit report is advisory only, and is for the TCO to use in negotiating a settlement or issuing a unilateral determination. Government personnel handling audit reports must be careful not to reveal privileged information or information that will jeopardize the negotiation position of the Government, the prime contractor, or a higher tier subcontractor. Consistent with this, and when in the Government's interest, the TCO may furnish audit reports under paragraph (c) above to prime and higher tier subcontractors for their use in settling subcontract settlement proposals.

[48 FR 42447, Sept. 19, 1983, as amended at 55 FR 52797, Dec. 21, 1990]

49.108 Settlement of subcontract settlement proposals.

49.108-1 Subcontractor's rights.

A subcontractor has no contractual rights against the Government upon the termination of a prime contract. A subcontractor may have rights against the prime contractor or intermediate subcontractor with whom it has con-

tracted. Upon termination of a prime contract, the prime contractor and each subcontractor are responsible for the prompt settlement of the settlement proposals of their immediate subcontractors.

49.108-2 Prime contractor's rights and obligations.

- (a) Termination for convenience clauses provide that after receipt of a termination notice the prime contractor shall, unless directed otherwise by the TCO, terminate all subcontracts to the extent that they relate to the performance of prime work terminated. Therefore, prime contractors should include a termination clause in their subcontracts for their own protection. Suggestions regarding use of subcontract termination clauses are in subpart 49.5.
- (b) The failure of a prime contractor to include an appropriate termination clause in any subcontract, or to exercise the clause rights, shall not—
- (1) Affect the Government's right to require the termination of the subcontract; or
- (2) Increase the obligation of the Government beyond what it would have been if the subcontract had contained an appropriate clause.
- (c) In any case, the reasonableness of the prime contractor's settlement with the subcontractor should normally be measured by the aggregate amount due under paragraph (f) of the subcontract termination clause suggested in 49.502(e). The TCO shall allow reimbursement in excess of that amount only in unusual cases and then only to the extent that the terms of the subcontract did not unreasonably increase the rights of the subcontractor.

49.108-3 Settlement procedure.

(a) Contractors shall settle with subcontractors in general conformity with the policies and principles relating to settlement of prime contracts in this subpart and subparts 49.2 or 49.3. However, the basis and form of the subcontractor's settlement proposal must be acceptable to the prime contractor or the next higher tier subcontractor. Each settlement must be supported by accounting data and other information sufficient for adequate review by the

Federal Acquisition Regulation

Government. In no event will the Government pay the prime contractor any amount for loss of anticipatory profits or consequential damages resulting from the termination of any subcontract (but see 49.108–5).

- (b) Except as provided in 49.108-4, the TCO shall require that—
- (1) All subcontractor termination inventory be disposed of and accounted for in accordance with the procedures contained in paragraph (j) of the clause at 52.245–1, Government Property; and
- (2) The prime contractor submit, for approval or ratification, all termination settlements with subcontractors.
- (c) The TCO shall promptly examine each subcontract settlement received to determine that the subcontract termination was made necessary by the termination of the prime contract (or by issuance of a change order—see 49.002(b)). The TCO will also determine if the settlement was arrived at in good faith, is reasonable in amount, and is allocable to the terminated portion of the contract (or, if allocable only in part, that the proposed allocation is reasonable). In considering the reasonableness of any subcontract settlement, the TCO shall generally be guided by the provisions of this part relating to the settlement of prime contracts, and shall comply with any applicable requirements of 49.107 and 49.111 relating to accounting and other reviews. After the examination, the TCO shall notify the contractor in writing of (1) approval or ratification, or (2) the reasons for disapproval.

49.108-4 Authorization for subcontract settlements without approval or ratification.

- (a)(1) The TCO may, upon written request, give written authorization to the prime contractor to conclude settlements of subcontracts terminated in whole or in part without approval or ratification when the amount of settlement (see 49.002(d)) is \$100,000 or less, if—
- (i) The TCO is satisfied with the adequacy of the procedures used by the contractor in settling settlement pro-

posals, including proposals for retention, sale, or other disposal of termination inventory of the immediate and lower tier subcontractors (the TCO shall obtain the advice and recommendations of (A) the appropriate audit agency relating to the adequacy of the contractor's audit administration, including personnel, and (B) the cognizant plant clearance officer relating to the adequacy of the contractor's procedures and personnel for the administration of property disposal matters);

- (ii) Any termination inventory included in determining the amount of the settlement will be disposed of as directed by the prime contractor, except that the disposition of the inventory shall not be subject to—
- (A) Review by the TCO under 49.108-3(c); or
- (B) The screening requirements in 45.602-3; and
- (iii) A certificate similar to the certificate in the settlement proposal form in 49.602–1(a) will accompany the settlement.
- (2) Except as provided in subparagraph (4) below, authority granted to a prime contractor under subparagraph (1) above by any TCO shall apply to all Executive agencies' prime contracts that are terminated, or modified by change orders.
- (3) Except as provided in subparagraph (4) below, the TCO shall accept, as part of the prime contractor's settlement proposal, settlements of terminated lower tier subcontracts concluded by any of the prime contractor's immediate or lower tier subcontractors who have been granted authority as prime contractors to settle subcontracts; provided, that the settlement is within the limit of the authority. Authorization to settle proposals of lower tier subcontractors shall not be granted directly to subcontractors. However, a prime contractor authorized to approve subcontractor settlements may also exercise this authority in its capacity as a subcontractor, with respect to its terminated subcontracts and orders. When exercising this authority as a subcontractor, the contractor shall notify the purchaser.
- (4) The provisions of subparagraphs (1), (2), and (3) above shall not apply to
