**9.104-6 Federal Awardee Performance and Integrity Information System.**

(a) Before awarding a contract in excess of the simplified acquisition threshold, the contracting officer shall review the Federal Awardee Performance and Integrity Information System (FAPIS), (available at *www.ppirs.gov*, then select FAPIS).

(b) The contracting officer shall consider all the information in FAPIS and other past performance information (see subpart 42.15) when making a responsibility determination. For source selection evaluations of past performance, see 15.305(a)(2). Contracting officers shall use sound judgment in determining the weight and relevance of the information contained in FAPIS and how it relates to the present acquisition. Since FAPIS may contain information on any of the offeror's previous contracts and information covering a five-year period, some of that information may not be relevant to a determination of present responsibility, e.g., a prior administrative action such as debarment or suspension that has expired or otherwise

been resolved, or information relating to contracts for completely different products or services.

(c) If the contracting officer obtains relevant information from FAPIS regarding criminal, civil, or administrative proceedings in connection with the award or performance of a Government contract; terminations for default or cause; determinations of nonresponsibility because the contractor does not have a satisfactory performance record or a satisfactory record of integrity and business ethics; or comparable information relating to a grant, the contracting officer shall, unless the contractor has already been debarred or suspended—

(1) Promptly request such additional information from the offeror as the offeror deems necessary in order to demonstrate the offeror's responsibility to the contracting officer (but see 9.405); and

(2) Notify, prior to proceeding with award, in accordance with agency procedures (see 9.406-3(a) and 9.407-3(a)), the agency official responsible for initiating debarment or suspension action, if the information appears appropriate for the official's consideration.

(d) The contracting officer shall document the contract file for each contract in excess of the simplified acquisition threshold to indicate how the information in FAPIS was considered in any responsibility determination, as well as the action that was taken as a result of the information. A contracting officer who makes a nonresponsibility determination is required to document that information in FAPIS in accordance with 9.105-2(b)(2).
