Federal Acquisition Regulation

52.247–4 Inspection of Shipping and Receiving Facilities.

As prescribed in 47.207–1(c), insert the following provision in solicitations for transportation or for transportation-related services when it is desired for offerors to inspect the shipping, receiving, or other sites to ensure realistic bids:

(End of clause)

Alternate I (APR 1984). If a Federal office move is intrastate and the contracting officer determines that it is in the Government’s interest not to apply the requirements for holding or obtaining State authority to operate within the State, and to maintain a facility within the State or Commercial zone, delete paragraph (b) of the basic clause and redesignate the remaining paragraphs (b) and (c). In the 6th line of the new paragraph (b), delete the words paragraphs (a) and (b) above and replace them with paragraph (a) above.
