

unless the analysis shows that the multiyear contract will result in the lower cost (10 U.S.C. 2306b(1)(7); Section 8008(a) of Public Law 105–56 and similar sections in subsequent DoD appropriations acts).

(b) Any requests for increased funding or reprogramming for procurement of a major system under a multiyear contract authorized under this section shall be accompanied by an explanation of how the request for increased funding affects the determinations made by the Secretary of Defense under 217.172(f)(2) (10 U.S.C. 2306b(i)(1)).

(c) The head of the agency must provide written notice to the congressional defense committees at least 10 days before termination of any multiyear contract (10 U.S.C. 2306b(1)(6); 10 U.S.C. 2306c(d)(3); Section 8008(a) of Public Law 105–56 and similar sections in subsequent DoD appropriations acts).

(d) Every multiyear contract must comply with FAR 17.104(c), unless an exception is approved through the budget process in coordination with the cognizant comptroller.

(e)(1) DoD must receive authorization from, or provide notification to, Congress before entering into a multiyear contract for certain procurements, including those expected to—

(ii) Employ economic order quantity procurement in excess of \$20 million in any one year (see 217.174(a)(1));

(2) A DoD component must submit a request for authority to enter into multiyear contracts described in paragraphs (d)(1)(i) through (iv) of this section as part of the component's budget submission for the fiscal year in which the multiyear contract will be initi-

ated. DoD will include the request, for each candidate it supports, as part of the President's Budget for that year and in the Appendix to that budget as part of proposed legislative language for the appropriations bill for that year (Section 8008(b) of Public Law 105–56).

(3) If the advisability of using a multiyear contract becomes apparent too late to satisfy the requirements in paragraph (d)(2) of this section, the request for authority to enter into a multiyear contract must be—

(i) Formally submitted by the President as a budget amendment; or

(ii) Made by the Secretary of Defense, in writing, to the congressional defense committees. (Section 8008(b) of Public Law 105–56)

217.171 Multiyear contracts for services.

(a) *10 U.S.C. 2306c.* (1) The head of the agency may enter into a multiyear contract for a period of not more than 5 years for the following types of services (and items of supply relating to such services), even though funds are limited by statute to obligation only during the fiscal year for which they were appropriated:

(i) Operation, maintenance, and support of facilities and installations.

(ii) Maintenance or modification of aircraft, ships, vehicles, and other highly complex military equipment.

(iii) Specialized training requiring high quality instructor skills (*e.g.*, training for pilots and aircrew members or foreign language training).

(iv) Base services (*e.g.*, ground maintenance, in-plane refueling, bus transportation, and refuse collection and disposal).

(v) Environmental remediation services for—

(A) An active military installation;

(B) A military installation being closed or realigned under a base closure law as defined in 10 U.S.C. 2667(h)(2); or

(C) A site formerly used by DoD.

(2) The head of the agency must be guided by the following principles when entering into a multiyear contract for services:

(i) The portion of the cost of any plant or equipment amortized as a cost of contract performance should not exceed the ratio between the period of contract performance and the anticipated useful commercial life of the plant or equipment. As used in this section, “useful commercial life” means the commercial utility of the facilities rather than the physical life, with due consideration given to such factors as the location, specialized nature, and obsolescence of the facilities.

(ii) Consider the desirability of obtaining an option to extend the term of the contract for a reasonable period not to exceed 3 years at prices that do not include charges for plant, equipment, or other nonrecurring costs already amortized.

(iii) Consider the desirability of reserving the right to take title, under the appropriate circumstances, to the plant or equipment upon payment of the unamortized portion of the cost.

(3) Before entering into a multiyear contract for services, the head of the agency must make a written determination that—

(i) There will be a continuing requirement for the services consistent with current plans for the proposed contract period;

(ii) Furnishing the services will require—

(A) A substantial initial investment in plant or equipment; or

(B) The incurrence of substantial contingent liabilities for the assembly, training, or transportation of a specialized work force; and

(iii) Using a multiyear contract will promote the best interests of the United States by encouraging effective

competition and promoting economies in operations.

(4) The head of the agency must provide written notice to the congressional defense committees at least 30 days before award of a multiyear contract for services that include—

(i) An unfunded contingent liability in excess of \$20 million (Section 8008(a) of Public Law 105-56 and similar sections in subsequent DoD appropriations acts); or

(ii) A cancellation ceiling in excess of \$100 million.

(5) If the budget for a contract that contains a cancellation ceiling in excess of \$100 million does not include proposed funding for the costs of contract cancellation up to the cancellation ceiling established in the contract—

(i) The notification required by paragraph (a)(4) of this section shall include—

(A) The cancellation ceiling amounts planned for each program year in the proposed multiyear contract, together with the reasons for the amounts planned;

(B) The extent to which costs of contract cancellation are not included in the budget for the contract; and

(C) A financial risk assessment of not including budgeting for costs of contract cancellation (10 U.S.C. 2306c(d)); and

(ii) The head of the agency shall provide copies of the notification to the Office of Management and Budget at least 14 days before contract award in accordance with the procedures at PGI 217.1.

(6) The head of the agency must not initiate a multiyear contract for services exceeding \$625.5 million unless a law specifically provides authority for the contract.

(b) *10 U.S.C. 2829.* (1) The head of the agency may enter into multiyear contracts for supplies and services required for management, maintenance, and operation of military family housing and may pay the costs of such contracts for each year from annual appropriations for that year.

217.172

(2) The head of the agency may use this authority only if the term of the contract does not exceed 4 years.

[66 FR 63337, Dec. 6, 2001, as amended at 68 FR 43333, July 22, 2003; 70 FR 24324, May 9, 2005; 71 FR 75892, Dec. 19, 2006; 75 FR 45073, Aug. 2, 2010]

217.172 Multiyear contracts for supplies.

(a) This section applies to all multiyear contracts for supplies, including weapon systems and other multiyear acquisitions specifically authorized by law. For additional policies that apply only to multiyear contracts for weapon systems, see 217.173.

(b) The head of the agency may enter into a multiyear contract for supplies if, in addition to the conditions listed in FAR 17.105-1(b), the use of such a contract will promote the national security of the United States (10 U.S.C. 2306b(a)(6)).

(c) The head of the agency shall not enter into a multiyear contract unless—

(1) The Secretary of Defense has submitted to Congress a budget request for full funding of units to be procured through the contract; and

(2) In the case of a contract for procurement of aircraft, the budget request includes full funding of procurement funds for production beyond advance procurement activities of aircraft units to be produced in the fiscal year covered by the budget.

(d)(1) The head of the agency must not enter into or extend a multiyear contract that exceeds \$500 million (when entered into or extended until the Secretary of Defense identifies the contract and any extension in a report submitted to the congressional defense committees (10 U.S.C. 2306b(1)(5))).

(2) In addition, for contracts equal to or greater than \$500 million, the head of the contracting activity must determine that the conditions required by paragraphs (f)(2)(i) through (vii) of this section will be met by such contract, in accordance with the Secretary's certification and determination required by paragraph (f)(2) of this section (10 U.S.C. 2306b(a)(1)(7)).

(e) The head of the agency must provide written notice to the congressional defense committees at least 30

days before award of a multiyear contract that includes—

(1) An unfunded contingent liability in excess of \$20 million (10 U.S.C. 2306b(1)(1)(B)(i)(II); Section 8008(a) of Public Law 105-56 and similar sections in subsequent DoD appropriations acts); or

(2) A cancellation ceiling in excess of \$100 million (10 U.S.C. 2306b(g)).

(f) The head of the agency shall ensure that the following conditions are satisfied before awarding a multiyear contract under the authority described in paragraph (b) of this section:

(1) The multiyear exhibits required by DoD 7000.14-R, Financial Management Regulation, are included in the agency's budget estimate submission and the President's budget request.

(2) The Secretary of Defense certifies to Congress in writing, by no later than March 1 of the year in which the Secretary requests legislative authority to enter into such contracts, that each of the conditions in paragraphs (f)(2)(i) through (vii) of this section is satisfied (10 U.S.C. 2306b(i)(1)(A)-(G)).

(i) The Secretary has determined that each of the requirements in FAR 17.105, paragraphs (b)(1) through (6) will be met by such contract and has provided the basis for such determination to the congressional defense committees (10 U.S.C. 2306b(i)(1)(A)).

(ii) The Secretary's determination under paragraph (f)(2)(i) of this section was made after the completion of a cost analysis performed by the Cost Assessment and Program Evaluation (CAPE) of the Department of Defense and such analysis supports the findings (10 U.S.C. 2306b(i)(1)(B)).

(iii) The system being acquired pursuant to such contract has not been determined to have experienced cost growth in excess of the critical cost growth threshold pursuant to section 10 U.S.C. 2433(d) within 5 years prior to the date the Secretary anticipates such contract (or a contract for advance procurement entered into consistent with the authorization for such contract) will be awarded (10 U.S.C. 2306b(i)(1)(C)).

(iv) A sufficient number of end items of the system being acquired under such contract have been delivered at or within the most current estimates of
