(iv) When a contractor’s approved scrap procedure does not require physical segregation of Government and contractor scrap, the plant clearance officer shall ensure the proceeds of scrap sale are equitably distributed.

245.607–2 Recovering precious metals.

(b) Precious metals are silver, gold, platinum, palladium, rhodium, iridium, osmium, and ruthenium.

(i) At the beginning of every fiscal year, the Defense Reutilization and Marketing Service (DRMS) will provide each contract administration office with disposition instructions for certain categories of precious metals-bearing property, including scrap and usable items containing recoverable quantities of these metals. The disposition instructions—

(A) Will remain in effect for the entire fiscal year, unless modified by DRMS; and

(B) Will contain a fund citation to be used when disposition requires shipment of precious metals-bearing property for recovery.

(ii) Plant clearance officers shall obtain disposition instructions for precious metals-bearing property not covered by the annual disposition instructions from the Defense Reutilization and Marketing Service, Attn: DRMS-OC, 74 N. Washington Avenue, Battle Creek, MI 49017–3092.

245.608 Screening of contractor inventory.

245.608–1 General.

(a) The plant clearance officer shall arrange for inspection of property at the contractor’s plant if requested by a prospective transferee, in such a manner as to avoid interruption of the contractor’s operations.

245.608–2 Standard screening.

(b)(1) For the first 30 days, property screening will be limited to the contracting agency and the requiring agency, when they are not the same. The requiring agency shall have priority for retention of listed items.

245.608–5 Special items screening.

(a) Special test equipment with standard components. (1) The contractor shall report any excess special test equipment (STE) using SF 1432, Inventory Schedule D (Special Tooling and Special Test Equipment). The contractor shall list and describe on the inventory schedule all general-purpose components which, if economically severable from the STE, would otherwise be classified as industrial plant equipment (IPE), other plant equipment (OPE), or automatic data processing equipment (ADPE).

(2) The plant clearance officer will perform the initial screening of the composite STE unit.

(A) If the contracting department/agency and the requiring department/agency decline the STE or the standard components or do not approve their transfer to another contract; then,

(B) The plant clearance officer will screen the STE and any severable components with the—

(I) General Services Administration—STE unit, less any standard components, and nonreportable standard components;
