

(f)(1) Pending any revisions of the contract unit prices, the Contractor shall be paid the contract unit price for deliveries made.

(2) Within 30 days after final delivery (or such other period as may be authorized by the Contracting Officer), the Contractor shall furnish a statement identifying the correctness of—

(i) The average straight time hourly earnings of the Contractor's employees in the shop identified in paragraph (a) that are relevant to the computations of the *base labor index* and the *current labor index*; and

(ii) The Contractor's established prices (see note 6), including all applicable extras for like quantities of the item that are relevant to the computation of the *base steel index* and the *current steel index*.

(3) Upon request of the Contracting Officer, the Contractor shall make available all records used in the computation of the labor indices.

(4) Upon receipt of the statement, the Contracting Officer will compute the revised contract unit prices and modify the contract accordingly. No modification to this contract will be made pursuant to this clause until the Contracting Officer has verified the revised established price (see note 6).

(g)(1) In the event any item of this contract is subject to a total or partial termination for convenience, the month in which the Contractor receives notice of the termination, if prior to the month in which delivery is required, shall be considered the month in which delivery of the terminated item is required for the purposes of determining the current labor and steel indices under paragraphs (c) and (d).

(2) For any item which is not terminated for convenience, the month in which delivery is required under the contract shall continue to apply for determining those indices with respect to the quantity of the non-terminated item.

(3) If this contract is terminated for default, any price revision shall be limited to the quantity of the item which has been delivered by the Contractor and accepted by the Government prior to receipt by the Contractor of the notice of termination.

(h) If the Contractor's failure to make delivery of any required quantity arises out of causes beyond the control and without the fault or negligence of the Contractor, within the meaning of the clause of this contract entitled "*Default*," the quantity not delivered shall be delivered as promptly as possible after the cessation of the cause of the failure, and the delivery schedule set forth in this contract shall be amended accordingly.

Notes:

1 Offeror insert the unit price and unit measure of the standard steel mill item to be used in the manufacture of the contract item.

2 Offeror identify the standard steel mill item to be used in the manufacture of the contract item.

3 Offeror insert best estimate of the number of days required for processing the standard steel mill item in the shop identified under the *labor index* definition.

4 Offeror identify the shop and plant in which the standard steel mill item identified under the *base steel index* definition will be finally fabricated or processed into the contract item.

5 Offeror insert the same percentage figures for the corresponding blanks in paragraphs (b), (e)(3)(i), and (e)(3)(ii). In paragraph (e)(3)(iii), insert the percentage representing the difference between the sum of the percentages inserted in paragraph (b) and 100 percent.

6 In negotiated acquisitions of nonstandard steel items, when there is no *established price* or when it is not desirable to use this price, this paragraph may refer to another appropriate price basis, e.g., an established interplant price.
