311.7001 Section 508 accessibility standards for HHS Web site content and communication materials.

SOURCE: 74 FR 62398, Nov. 27, 2009, unless otherwise noted.

Subpart 311.70—Section 508 Accessibility Standards

311.7000 Defining electronic information technology requirements.

HHS staff that define agency needs for EIT products and services, including EIT deliverables such as electronic documents and reports, and perform market research to meet those needs, shall document EIT requirements, identify the applicable Section 508 accessibility standards, and document the market research. OPDIVs may develop procedures for these activities, based on the level of agency investment and risk, and shall ensure any procedures developed are in compliance with FAR Part 10. Procedures for defining EIT requirements may, but are not required to, include the use of the Buy Accessible Wizard (http://www.buyaccessible.gov), managed by GSA, or other Federal agency tools.

311.7001 Section 508 accessibility standards for HHS Web site content and communications materials.

(a) Section 508 of the Rehabilitation Act of 1973 (29 U.S.C. 794(d)), as amended by the Workforce Investment Act of 1998, (Section 508) specifies the accessibility standards that apply to all new solicitations and new or existing contracts or orders, regardless of dollar amount, for communications products and services that require a contractor or consultant to produce content in any format that is specifically intended for publication on, or delivery via, an HHS-owned or -funded Web site.

(b) Accordingly, before forwarding a request to the contracting/ordering office for the acquisition of communications products and services, including content in any format, such as reports, documents, charts, posters, presentations (such as Microsoft PowerPoint), or video material that is specifically intended for publication on, or delivery via, an HHS-owned or -funded Web site, the Project Officer shall consult with the OPDIV/STAFF Division (DIV) Section 508 Official or Coordinator, as necessary, to determine the applicability of Section 508, identify applicable Section 508 accessibility standards, and resolve any related issues.

(c) Based on those discussions, the Project Officer shall provide a statement in the AP (or other acquisition request document)—see 307.7101, as to the applicability of Section 508. If Section 508 applies to an acquisition, the Project Officer shall include the following “HHS Section 508 Accessibility Standards Notice” language in a separate, clearly designated section of the SOW/PWS, and any additional information applicable to the acquisition’s Section 508 accessibility standards [e.g., the list of applicable accessibility standards of the Architectural and Transportation Barriers Compliance Board (Access Board) Final Rule (36 CFR Part 1194)]. If an AP does not address these issues, and it appears an acquisition involves Section 508, or if the discussion of Section 508 applicability to the acquisition is inadequate or incomplete, the Contracting Officer shall request that the Project Officer modify the AP accordingly.

HHS SECTION 508 ACCESSIBILITY STANDARDS NOTICE (SEPTEMBER 2009)

This contract is subject to Section 508 of the Rehabilitation Act (the Act) of 1973 (29 U.S.C. 794(d)), as amended by the Workforce Investment Act of 1998, and the Architectural and Transportation Barriers Compliance Board (Access Board) Electronic and Information Accessibility Provisions (36 CFR Part 1194). Section 508 of the Act requires that, unless an exception applies, all communications products and services that require a contractor or consultant to produce content in any format that is specifically intended for publication on, or delivery via, a Federally owned or Federally funded Web site permit the following:

(1) Federal employees with disabilities to have access to and use information and data that is comparable to the access and use of information and data by Federal employees who are not individuals with disabilities.
