652.232-72 Limitation of Funds.

As prescribed in 632.705-70, insert the following clause:

LIMITATION OF FUNDS (AUG 1999)

(a) Of the total price in Section B (or the "Prices" section), only the amount stated on the contract award document or subsequent modifications is now available for payment and obligated under this contract. It is anticipated that from time to time, additional funds will be obligated under the contract until the total price of the contract is obligated.

(b) The Government is not obligated to pay or reimburse the contractor more than the amount obligated pursuant to this clause. The contractor agrees to perform the contract up to the point at which the total amount paid and payable by the Government (including amounts payable for subcontracts and settlement costs if this contract is terminated for convenience) approximates but does not exceed the total amount obligated.

(c)(1) It is contemplated that funds now obligated under this contract will cover the work to be performed until [contracting officer insert date].

(2) If the contractor considers the funds obligated under this contract to be insufficient to cover the work to be performed until that date, or another date agreed to by the parties, the contractor shall notify the contracting officer in writing and indicate the date on which it expects expended funds to approximate 75 percent of the total amount obligated. The notice shall state the estimated amount of additional funds required to continue performance through the date specified in paragraph (c)(1) of this clause or another date agreed to by the parties.

(3) If, after notification is provided pursuant to paragraph (c)(2) of this clause, additional funds are not obligated, or an earlier date than the date in paragraph (c)(1) of this clause is not agreed to, the contractor shall not be obligated to continue performance

48 CFR Ch. 6 (10-1-10 Edition)

under this contract (including actions under the termination clause of this contract) beyond the funds obligated for contract performance.

(d) When additional funds are obligated from time to time for continued performance of this contract, the contract shall be modified to increase the funds obligated and to indicate the period of performance for which funds are applicable. The contractor may notify the contracting officer as provided in paragraph (c)(2) of this clause regarding any additional funds obligated.

(e) If the contractor incurs additional costs or is delayed in the performance of work under this contract, solely by reason of the Government's failure to obligate additional funds in amounts sufficient for the timely performance of this contract, an equitable adjustment may be made to the price, or time of delivery, or both.

(f) This clause shall become inoperative upon obligation of funds sufficient to cover the full price stated in the contract, except for rights and obligations then existing under this clause.

(g) Nothing in this clause shall affect the Government's right to terminate the contract for convenience or default.

652.236-70 Accident Prevention.

As prescribed in 636.513, insert the following clause:

ACCIDENT PREVENTION (APR 2004)

(a) General. The contractor shall provide and maintain work environments and procedures which will safeguard the public and Government personnel, property, materials, supplies, and equipment exposed to contractor operations and activities; avoid interruptions of Government operations and delays in project completion dates; and, control costs in the performance of this contract. For these purposes, the contractor shall:

(1) Provide appropriate safety barricades, signs and signal lights;

(2) Comply with the standards issued by any local government authority having jurisdiction over occupational health and safety issues; and,

(3) Ensure that any additional measures the contracting officer determines to be reasonably necessary for this purpose are taken.

(4) For overseas construction projects, the contracting officer shall specify in writing additional requirements regarding safety if the work involves:

- (i) Scaffolding;
- (ii) Work at heights above two (2) meters;

(iii) Trenching or other excavation greater than one (1) meter in depth;

(iv) Earth moving equipment;

(v) Temporary wiring, use of portable electric tools, or other recognized electrical hazards. Temporary wiring and portable electric tools require the use of a ground fault circuit interrupter (GFCI) in the affected circuits; other electrical hazards may also require the use of a GFCI;

(vi) Work in confined spaces (limited exits, potential for oxygen less than 19.5 percent or combustible atmosphere, potential for solid or liquid engulfment, or other hazards considered to be immediately dangerous to life or health such as water tanks, transformer vaults, sewers, cisterns, etc.);

(vii) Hazardous materials—a material with a physical or health hazard including but not limited to, flammable, explosive, corrosive, toxic, reactive or unstable, or any operations which creates any kind of contamination inside an occupied building such as dust from demolition activities, paints, solvents, etc.; or

(viii) Hazardous noise levels.

(b) Records. The contractor shall maintain an accurate record of exposure data on all accidents incident to work performed under this contract resulting in death, traumatic injury, occupational disease, or damage to or theft of property, materials, supplies, or equipment. The contractor shall report this data in the manner prescribed by the contracting officer.

(c) Subcontracts. The contractor shall be responsible for its subcontractors' compliance with this clause.

(d) Written program. Before commencing work, the contractor shall:

(1) Submit a written plan to the contracting officer for implementing this clause. The plan shall include specific management or technical procedures for effectively controlling hazards associated with the project; and,

(2) Meet with the contracting officer to discuss and develop a mutual understanding relative to administration of the overall safety program.

(e) Notification. The contracting officer shall notify the contractor of any non-compliance with these requirements and the corrective actions required. This notice, when delivered to the contractor or the contractor's representative on site, shall be deemed sufficient notice of the non-compliance and corrective action required. After receiving the notice, the contractor shall immediately take corrective action. If the contractor fails or refuses to promptly take corrective action, the contracting officer may issue an order suspending all or part of the work until satisfactory corrective action has been taken. The contractor shall not be entitled to any equitable adjustment of the contract price or extension of the performance sched-

ule on any suspension of work order issued under this clause.
