[61 FR 41705, Aug. 9, 1996, as amended at 74 FR 36362, July 22, 2009]
908.7101–4 The Heads of Contracting Activities shall consolidate and submit their requirements for passenger automobiles early in the fiscal year. Requisitions for sedans, station wagons and certain types of light trucks shall be submitted through Headquarters as outlined in 908.7101–6. Requisitions for all other types of vehicles shall be submitted directly to GSA.

908.7101–3 Direct acquisition.

Vehicles may be acquired by DOE activities directly rather than through GSA when a waiver has been granted by GSA. A copy of the activity’s request to GSA for a waiver shall be forwarded to the Director, Office of Property Management, within the Headquarters procurement organization. In those cases involving general purpose vehicles where GSA refuses to grant a waiver and where it is believed that acquisition through GSA would adversely affect or otherwise impair the program, authority for direct acquisition shall be obtained from the above-mentioned Headquarters official, prior to acquisition. In the acquisition of special purpose vehicles for use by DOE and its authorized contractors, the Head of the Contracting Activity may authorize direct purchases. The purchase price for sedans and station wagons, shall not exceed any statutory limitation in effect at the time the acquisition is made. (See DOE-PMR 41 CFR 109–38.5102–4).

908.7101–4 Replacement of motor vehicles.

(a) The replacement of motor vehicles shall be in accordance with the replacement standards prescribed in PPMR 41 CFR 101–38.9 and DOE-PMR 41 CFR 109–38.9.

(b) The Heads of Contracting Activities may arrange to sell, as exchange sales, used motor vehicles being replaced and to apply the proceeds to the purchase of new vehicles. However, in the event personnel are not available to make such sales, or it is in the best interest of the DOE office, GSA may be requested to sell the used vehicles.

908.7101–5 Used vehicles.

Normally, DOE does not purchase or authorize contractors to purchase used vehicles. However, the Heads of Contracting Activities may authorize the purchase of used vehicles where justified by special circumstances; e.g., when new vehicles are in short supply, the vehicles are to be used for experimental or test purposes, or the vehicles are acquired from exchange sale. In accordance with DOE-PMR 41 CFR 109–38.5102, the statutory passenger vehicle allocation requirements for DOE shall apply to any purchase of used vehicles except in the case of vehicles to be used exclusively for experimental or test purposes.

908.7101–6 Acquisition of fuel-efficient vehicles.

(a) All purchases of sedans and station wagons, and certain types of light trucks as specified by GSA, are subject to the requirements of the Energy Policy and Conservation Act of 1975 (EPCA), Pub. L. 94–163, and of Executive Orders 12003 and 12375 and subsequent implementing regulations. Accordingly, the Director of Administration and the Heads of Contracting Activities will submit annually to the Director, Office of Property Management, within the Headquarters procurement organization, for approval, a forecast of plans for the purchase of such vehicles during the fiscal year. Such forecast shall be submitted so as to arrive at Headquarters on or before December 1 of each year. Additionally, the original and 2 copies of requisitions (GSA form 1781) for purchase of such vehicles shall also be forwarded to the above official for review and certification/approval prior to submission to GSA. All such documentation will be reviewed by this official and a determination made as to conformance with applicable annual forecasts and pertinent public laws and
