of DOE-approved compensation policies, programs, classification systems, and schedules, and amounts of money authorized for wage and salary increases for groups of employees. However, the contracting officer shall designate a compensation threshold appropriate for the particular situation. The contract shall specifically provide that contracting officer approval is required for compensating an individual contractor employee above the threshold if a total of 50 percent or more of such compensation is reimbursed under DOE cost-type contracts. For purposes of designating the threshold, total compensation includes only the employee’s salary and cash bonus or incentive compensation.

(7)(i) Reimbursable costs for compensation for personal services are to be set forth in a personnel appendix which is a part of the contract. This personnel appendix shall be negotiated using the principles and policies of 48 CFR 31.205–6, Compensation, as supplemented by this section, 970.3102–05–6, and other pertinent parts of the DEAR. Costs that are unallowable under other contract terms shall not be allowable as compensation for personnel services.

(ii) The personnel appendix sets forth in detail personnel costs and related expenses allowable under the contract and documents personnel policies, practices and plans which have been found acceptable by the contracting officer. The contractor will advise DOE of any proposed changes in any matters covered by these policies, practices or plans which relate to personnel costs. The personnel appendix may be modified from time to time in writing by mutual agreement of the contractor and DOE without execution of an amendment to the contract. Such modifications shall be evidenced by execution of written numbered approval letters from the contracting officer or his representative. Types of personnel costs and related expenses addressed in the personnel appendix, or amendments thereto, are as follows: salaries and wages; bonuses and incentive compensation; overtime, shift differential, holiday, and other premium pay for time worked; welfare benefits and retirement programs; paid time off, and salaries and wages to employees in their capacity as union stewards and committeemen for time spent in handling grievances, or serving on labor management (contractor) committees provided, however, that the contracting officer’s approval is required in each instance of total compensation to an individual employee above an annual rate as specified in the personnel appendix.

(p)(1) Notwithstanding the costs cited in this subsection, incurred for compensation of a senior executive in excess of the benchmark compensation amount determined applicable for the contractor fiscal year by the Administrator, Office of Federal Procurement Policy, are unallowable. Allowable costs of executive compensation shall be determined pursuant to Federal Acquisition Regulation 31.205–6(p).

970.3102–05–18 Independent research and development and bid and proposal costs.

(c) Independent Research and Development and Bid and Proposal costs are unallowable. However, contracting officer approved Laboratory Directed Research and Development costs and those costs incurred in support of the Department’s various reimbursable programs are allowable.
