

1819.7214

protégé in accordance with the mentor-protégé agreement and applicable regulations and procedures; and

(2) The mentor's and protégé's reported progress made by the protégé in employment, revenues, and participation in NASA contracts during the program participation term.

1819.7214 Measurement of program success.

(a) NASA will measure the overall success of the Program by the extent to which the Program results in—

(1) An increase in the number and dollar value of contracts and sub-contract awards to protégés (under NASA contracts, contracts awarded by other Federal agencies, and commercial contracts) from the date of their entry into the program until two years after the conclusion of the agreement;

(2) An increase in the number and dollar value of subcontracts awarded to a protégé (or former protégé) by its mentor (or former mentor); and

(3) An increase in the protégé's number of employees from the date of entry into the program until two years after the completion of the agreement.

1819.7215 Solicitation provision and contract clauses.

(a) The contracting officer shall insert the clause at 1852.219-77, NASA Mentor-Protégé Program, in:

(1) Any contract that includes the clause at FAR 52.219-9, Small Business Subcontracting Plan.

(b) The contracting officer shall insert the clause at 1852.219-79, Mentor Requirements and Evaluation, in contracts where the prime contractor is a participant in the NASA Mentor-Protégé Program.

Subpart 1819.73—Small Business Innovation Research (SBIR) and Small Business Technology Transfer (STTR) Programs

1819.7301 Scope of subpart.

The Small Business Innovation Research (SBIR) and Small Business Technology Transfer (STTR) Programs were established and issued under the authority of the Small Business Act

48 CFR Ch. 18 (10-1-09 Edition)

codified at 15 U.S.C. 631, as amended, and the Small Business Innovation Development Act of 1982 (Pub. L. 97-219), codified with amendments at 15 U.S.C. 638. The Small Business Act requires that the Small Business Administration (SBA) issue SBIR and STTR Program Policy Directives for the general conduct of the SBIR/STTR Programs within the Federal Government. The statutory purpose of the SBIR Program is to strengthen the role of innovative small business concerns (SBCs) in federally-funded research or research and development (R/R&D). Specific program purposes are to: Stimulate technological innovation; use small business to meet Federal R/R&D needs; foster and encourage participation by socially and economically disadvantaged SBCs, and by SBCs that are 51-percent owned and controlled by women, in technological innovation; and increase private sector commercialization of innovations derived from Federal R/R&D, thereby increasing competition, productivity and economic growth. Federal agencies participating in the SBIR/STTR Programs (SBIR/STTR agencies) are obligated to follow the guidance provided by the SBA Policy Directive. NASA is required to ensure its policies, regulations, and guidance on the SBIR/STTR Programs are consistent with SBA's Policy Directive. Contracting officers are required to insert the applicable clauses identified in 1819.7302 in all SBIR and STTR contracts.

[71 FR 61688, Oct. 19, 2006]

1819.7302 NASA contract clauses.

(a) Contracting officers shall insert the clause at 1852.219-80, Limitation on Subcontracting—SBIR Phase I Program, in all Phase I contracts awarded under the Small Business Innovation Research (SBIR) Program established pursuant to Public Law 97-219 (the Small Business Innovation Development Act of 1982).

(b) Contracting officers shall insert the clause at 1852.219-81, Limitation on Subcontracting—SBIR Phase II Program, in all Phase II contracts awarded under the Small Business Innovation Research (SBIR) Program established pursuant to Public Law 97-219 (the
